CLASS ONE MEN BEFORE BOARD

ALL ARE TO RECEIVE THEIR PHYSICAL EXAMINATION TODAY, INSTEAD OF 30 EACH DAY AS FORMERLY ANNOUNCED.

Physical examination of all men in class 1 under the registration of September 12, between the ages of 19 and 36, inclusive, was commenced this morning in the circuit court rooms and will continue until the men have been examined, ending probably some time this evening or tomorrow morning. In the neighborhood of 200 men are to be examined under this call.

When the notice of examination was first given out it was planned to call 30 each day for examination until all of the men in the class had appeared before the physicians. Later it was determined to secure additional physicians, which was done, the members of the profession from Redmond and Prineville giving their services, and the notices were so changed that all men are reporting today.

With this change it will relieve the physicians in Bend and in addition will make all men available for service as soon as the examination has been completed.

UNITED DRIVE WILL BE NEXT

SEVEN WELFARE ORGANIZATION TO RAISE \$170,500,000 IN DRIVE WHICH COMMENCES ON NOVEMBER 11.

The seven welfare organizations which are serving American and allied soldiers—the Y. M. C. A., National Catholic War council, including K. of C., War Camp Community service, American Library association, Jewish Welfare board and Salvation Army—have, at the request of President Wilson, combined forces for a drive for war funds during the week of November 11 to 18.

The campaign will be for \$170,500,000 and the eight states of the west, together with Alaska and Hawaii, have been asked to raise 5 per cent. of this amount, or \$8,525,000, as follows:

California, \$4,688,750; Washington, \$1,278,750; Oregon, \$767,250; Montana, \$511,500; Idaho, \$426,250; Utah, \$341,000; Wyoming, \$196,075; Nevada, \$85,250; Hawaii, \$213,125; Alaska, \$17,050.

Every cent raised will be used in war work and will be the means of maintaining and raising the splendid morale of the soldiers and sailors. State and county committees have been formed and the campaign will be carried down to the last home in the community. It will signify the nation's backing of the men at the front, a tribute from the hearts of the people to the boys who are offering their lives that liberty shall not perish from the face of the earth.

on the same evening at the Victory theatre.

UNITED WAR FUND SURE TO BE NEEDED

Even End of Hostilities Would Not Change This.

Though the war should cease immediately it is said that every cent of the \$170,500,000 sought in the United War Work campaign in the United States, for the seven approved organizations ministering to the American fighters, will be needed just the same.

This is the word of leaders of the fund-raising campaign and their explanation is easily comprehended. In the first place, it has been officially estimated that 18 months to two years must elapse before all the American boys can be returned from foreign soil. There are the men of many other countries to be transported home when the war ends, so the number of boats for use of the Yankees will be limited. Then there is also the fact that thousands must remain so long as the great properties and stores of the United States have not been disposed of or returned.

Immediate cessation of war activities in Europe would plainly create grave problems connected with the care of the men. Remove the great motive which actuates every man at the front today and throw him into dull inactivity, with nothing much to do but await his chance to return to home and loved ones, and the work of keeping him cheerful increases in magnitude. The soldier welfare organizations foresee all phases of this grave contingency. They foresee how great would be the need for reading matter, entertainments, amusements, recreation and the cheery personal touch.

PERSHING WARNS OF GERMAN PUBLICITY

Germany's efforts to involve the United States and her Allies into a consideration of peace terms and an armistice did not impress James F. Pershing, brother of General Pershing, as being sincere and designed to give the world what it is praying for. Mr. Pershing, who was in Oregon recently in the interest of the United War Work drive, which opens November 11, cautioned the American people against the too-common tendency to become apathetic under the idea that peace and the cessation of hostilities are at hand.

"When heaven is ready to negotiate with hell," he declared, "then will America be ready to make peace with Germany." He told of the great work being done in Europe by the Y. M. C. A., Knights of Columbus, Salvation Army and other agencies, and called on Americans to respond liberally in supporting the campaign about to open for raising money with which to carry on these activities.

GENERAL PERSHING MODEST MAN

"All that General Pershing wants now is the success of the American boys in France, and to avoid, so far as possible, any glory for himself," declared James F. Pershing, brother of America's leader in the field, in an address delivered in Portland recently in behalf of the United War Work drive, which opens November 11. The speaker paid a tribute to the men in the ranks, and gave his audience an idea of the high esteem in which the boys are held by their commander. He showed the importance of war work in this country as an imperative necessity to the victory of the Allies in the battles for Democracy, and urged that no diminution in speed be allowed to result through recent peace proposals. Unqualified indorsement of the United War Work drive was voiced by Mr. Pershing who is one of the leading authorities on conditions now existing along the battlefield, and he was especially desirous that there be no relaxation of efforts in behalf of the several war work funds.

Best Big Sisters.

The Y. W. C. A. is known as "The Best Big Sister in the World." Of the \$170,500,000 to be raised in the United War Work Campaign \$15,000,000 will go to the work of this organization.

Hospitality to the fighting man and to his visiting friends, is the motto of the War Community Service, a mighty necessary thing.

"CARRY ON," IS OFFICIAL CRY

The caution issued recently in Portland by James F. Pershing, brother of General Pershing, against relaxation of war work activities, has been echoed in messages issued by departmental heads in Washington, D. C., copies of which were sent to Executive Secretary John Kollock, of the Oregon State Council of Defense. "Carry on" is the theme of those telegrams, whose senders felt the German peace proposals might interfere with campaign plans just formulated. Consequently, the United War Work drive, which opens November 11, will be conducted with even more vigor than had Germany not sought to bring about peace on her own terms. The departmental heads, as well as Mr. Pershing, emphasize the need of continued activities by the several affiliated organizations participating in the drive, even after hostilities have ceased.
