

PARIS AGAINST U. S. PRESIDENT

OPEN ENMITY IS NOW MANIFESTED.

Virtual Treachery to French Interests Is Informal Charge Made When Names of Wilson and Lloyd George Are Mentioned.

By Lowell Mellett (United Press Staff Correspondent.) PARIS, Feb. 12.—Two months ago President Wilson could have been elected president of the French republic. Today Paris would not elect him justice of the peace.

This is not so in Paris, where open unfriendliness of certain newspapers is echoed in subways, trams and hotel corridors. The attitude is usually taken that Wilson is too lenient toward Germany.

The names of Lloyd George and other noted visitors are beginning to be heard coupled with that of the American president, charged with virtual treachery to France.

CONFERENCE IS SET ON LABOR QUESTION

Governors to Be Called in Session Early in March to Assist President of Nation.

(By United Press to The Bend Bulletin.) WASHINGTON, D. C., Feb. 12.—With President Wilson planning to take immediate personal charge of the unemployment situation on his return from France, department of labor officials decided today to call a conference of governors of the states for early in March, the national executive to preside.

TEXTILE WORKERS' STRIKE IS WANING

Number of Employes at Lawrence Mills Returning to Work Is Rapidly Increasing.

(By United Press to The Bend Bulletin.) LAWRENCE, Mass., Feb. 12.—The strike of textile workers here seems to be slowly dying. There are fewer pickets on the streets and about the mills than at any time since the trouble started.

The number returning to work was greater than yesterday. One mill reported that its force was increased by 400.

SHIPYARDS OWNERS CONFER ON STRIKE

No Definite Program Is Made Public, However, After Brief Meeting of Seattle Employers.

(By United Press to The Bend Bulletin.) SEATTLE, Feb. 12.—Owners of shipyards held a special conference in regard to the strike this afternoon. The conference adjourned after a brief session without giving any intimation as to the result of its discussion or in regard to its probable action.

STOCK ASSOCIATION MEETINGS SCHEDULED

Two annual meetings of Central Oregon live stock associations will be held this month, it was announced today. The Sisters-Metolius association members will convene at Sisters on February 15, while the Northern Lake County association will meet at Fort Rock on February 22.

GRAZING DATA IS COMPLETED

ALLOW MORE CATTLE ON FOREST.

8200 Cattle and Horses and 25,300 Sheep and Goats Permitted on Deschutes Range During Coming Season.

Livestock limitations for grazing permits which can be issued on the Deschutes national forest for the coming season are set in a communication received this morning by Supervisor N. G. Jacobson, from District Forester Cecil of Portland, in which the number of cattle and horses which can be allowed on the forest is set at 8,200, and the number of sheep and goats at 25,300.

The new figures show an increase in cattle and horses and a decrease for sheep and goats, compared with the number allowed on the forest during the past season, when 7500 cattle and horses and 30,500 sheep and goats was the limit.

This, however, represents an increase in the carrying capacity of the range, forest officials state, as one horse or steer, it is estimated, requires the same amount of range as eight sheep. Co-operation between range users and the forest administration is held to be largely responsible for this, the work of the stockmen's associations being especially helpful in this respect.

Grazing rates during the coming season will range from \$1.20 to 48 cents for cattle and from \$1.50 to 60 cents for horses, according to the length of the grazing period, with 30 cents as the rate for sheep.

LANE SHOWING HIS APPROVAL

MADRAS MAN, REPRESENTING THE DESCHUTES PROJECT AT WASHINGTON, FINDS OUTLOOK IS MOST ENCOURAGING.

A. D. Anderson of Madras, who left recently for Washington, D. C., to seek to stimulate action in regard to the Deschutes irrigation project, is greatly encouraged as to the outlook for Central Oregon after a short stay in the national capital, states a Washington dispatch published in the Oregon Journal. The following interview with Mr. Anderson is published:

"When I came I had an impression that we might come into conflict with the Owyhee project," he said. "I am glad that that sort of a situation does not develop. It appears a certainty that if new projects are taken up in Oregon—two units will be taken up, and there will be room for both of us on the program.

"Secretary Lane told us he wanted to do all that can be done with the Deschutes project. He has been over it, and that is an advantage, for he knows what we are talking about.

SHIPYARDS STRIKE STILL IN PROGRESS

(By United Press to The Bend Bulletin.) SEATTLE, Feb. 12.—Thirty thousand shipyards workers are still striking here despite the efforts of Seattle's organized labor to effect a settlement of their differences by cancelling the general sympathetic strike.

THEY DOWNED TWELVE HUN PLANES

Lieut. O. P. Johnson of Des Moines, Ia. and Lieut. O. A. Ralston of Lincoln, Neb., two of Uncle Sam's fighting aviators, have returned to their native land after many experiences in France. Lieutenant Johnson is officially credited with downing five Hun planes and his pal gets seven to his credit.

WILL DEPORT UNDESIRABLES

7500 ANARCHISTS, BOLSHEVISTS, INDUSTRIALISTS AND OTHERS TO BE SENT OUT OF COUNTRY AS SOON AS POSSIBLE.

(By United Press to The Bend Bulletin.) SEATTLE, Feb. 12.—Anarchists, Bolshevists, "Industrialists" and other undesirable aliens numbering 7500 will be deported by the bureau of immigration within the next few months, Director Caminetti announced today. The undesirables will be sent out of the country as fast as there are ships to take them.

During the war the bureau arrested many aliens who attempted to destroy property or advocated the overthrow of the American government. Ample authority for their deportation has been given by congress, Director Caminetti said.

Each one of the aliens is to be returned to the country from whence he originally came.

NATIONAL FORESTS BECOMING POPULAR

More Than 3,000,000 People Spend Vacations on Government Lands, Is Estimate.

(By United Press to The Bend Bulletin.) WASHINGTON, D. C., Feb. 12.—If admission to the national forests were charged at the prevailing cheap movie rate, 10c an hour, the government would have cleaned up \$7,500,000 last year.

More than 3,000,000 persons spent an average of 25 hours each in the national forests, camping, hunting, fishing, exploring and enjoying the scenery.

But the American people got all this fun for nothing.

CELLAR TEAM WINS IN BOWLING MATCH

Professional Men Take Two Out of Three Games in Contest on Athletic Club Alleys.

Table with 3 columns: Team Name, Won, Lost, Pct. Rows include Shevlin-Hixon, Business Men, Professional Men, Brooks-Scanlon.

Winning two games out of three in their match with the business men's team, the professional men's quintet advanced to third place in the athletic club bowling league last night. Some of the highest scores made so far during the season were chalked up during the contest, Shepherd, of the business men, making 195, while Johnson, of the professional men, rolled 192.

SIBERIAN RAILWAY PLAN IS ACCEPTED

(By United Press to The Bend Bulletin.) WASHINGTON, D. C., Feb. 12.—Japan's proposal for a plan to secure restoration of Siberian railway traffic has been formally accepted by the United States, it is announced.

FIRE MEETING TO BE MONDAY

PLANS FOR ORGANIZATION OF DEPARTMENT DISCUSSED LAST NIGHT, AND SECOND GATHERING IS ANNOUNCED.

Discussion of various plans for districting the city and for the organization of a volunteer fire department featured a meeting at the city rest rooms, called last night by Fire Chief Tom Carlson. Mr. Carlson stated that he intended to divide the city into four districts, and at a central point in each district to have a hose reel always on hand. It was decided that a canvass should be made today for members for the department, the fire chief being anxious to have everything in readiness by the time the new equipment arrives.

A point brought up for future consideration was in the matter of fire hydrants. It was complained that on dark nights it is very difficult to locate them, and it was suggested that they be painted white as a solution of the problem. T. H. Foley, manager of the Bend Water, Light & Power Co., promised to take the matter under consideration.

Another meeting will be held next Monday night, so that all action taken by the fire department may be reported to the city council on the following night.

AMERICAN'S SPEECH LIKED BY JAPANESE

Forecast of Amicable Relations and Co-operation Between Nations Is Received with Favor.

(By United Press to The Bend Bulletin.) TOKIO, Feb. 12.—Men here who follow closely the trade relations of Japan and the United States declare that a speech which was delivered by W. D. Wheelwright of Portland, Ore., made a distinctly good impression.

Wheelwright, who represents the Portland Chamber of Commerce, was the guest of honor at a luncheon which was given by the American-Japan society at the Bankers' club. The Oregon man paid high tribute to Japan, but the remark that stood out over everything else came following a reference to the present association of the two powers at the peace table.

"Having in mind the history of my country," he said, "I can say that no two nations in the world are better fitted to work together in any just cause than Japan and the United States."

PORTLAND, Feb. 12.—Mr. Wheelwright is expected to return to America within the near future.

END OF STRIKE IN NEAR FUTURE SEEN

(By United Press to The Bend Bulletin.) TACOMA, Feb. 12.—Business men and unionists in close touch with the local situation predict that the strikers will return to work early next week, probably on Monday.

FRENCH DELAY CONSTITUTION

OPPOSITION SHOWN TO WILSON.

Amendments to League of Nations Laws Still Not Voted On—Radical Steps in German Situation Now Being Favored.

(By Fred S. Ferguson (United Press Staff Correspondent.) PARIS, Feb. 12.—Whether obstructionists will gain a temporary victory by blocking the final adoption of the league of nations constitution prior to Wilson's departure for the United States, as well as stirring up Paris with a German war scare, will be determined within the next 26 hours.

The league of nations committee is being hampered by the fact that many amendments presented at recent meetings have not been agreed on. If the committee cannot reach an agreement by tomorrow, the submission of the draft to the general peace congress will be impossible this week. Amendments to the league constitution are understood to have been introduced by the French, who are said to be developing an actual distrust of President Wilson, who is insinuated to be defending the Germans and Bolsheviki.

This feeling has been demonstrated not only in the French press, but is alleged to have developed in various committees. The French attitude has resulted, it is understood, in a demand that the constitution provide for a great international army to be stationed in France, as well as further restrictions on German and Russian membership.

The war scare has led the French to propose occupation of Essen and other military movements as extensions of the original armistice terms.

NEED MEN FOR CLUB SMOKER

AMATEUR EVENTS TO BE HELD NEXT MONTH—POLICIES OF B. A. A. C. ARE EXPLAINED BY OFFICIAL OF ORGANIZATION.

More men are needed in the boxing and wrestling departments of the Bend Amateur Athletic club to train for an amateur smoker to be held early next month, according to an announcement made by the heads of the departments today. A number of men and boys are already at work, but an additional number are urged to enroll in these departments in preparation for the coming event.

In adherence to amateur rules, cash prizes may not be given, but valuable awards are promised the winners in the various departments.

Volley ball and basket ball teams are being organized at the club and it is probable that contests in both sports will be started some time next week.

Considerable interest is being manifested in the coming election at the club, to take place on March 17. It is understood that few of the present officials of the club will be up for re-election and it is expected, as a consequence, that an entire new administration will come into being.

Mentioning a petition regarding club, Carl A. Johnson declared today that only one classification of members is being made. "One class is composed of those who pay their dues and boost, and the other is made up of those who knock and who do not pay," he said. In mentioning a petition regarding the proposed pool room ordinance, circulated at services held at the gymnasium Sunday night, Mr. Johnson explained that it had neither the official sanction nor the condemnation of the club. "While athletic club members doubtless have opinions one way or the other on this question, the club itself stands absolutely neutral on all political issues," he declared. "The fact that this petition was circulated at a meeting held in the gymnasium is not to be construed as signifying that the club has taken, or will take, any stand in the matter."

BEND IGNORED IN ROAD BILL

LEGISLATOR'S PART IS CRITICIZED.

Commercial Club Opposes Draining of Malheur Lake and Favors Appropriation for Northwest Tourist Association.

Criticism of the part played by State Representative Burdick of Redmond in looking out for the interests of Central Oregon in connection with the \$10,000,000 road bill was given this noon by T. H. Foley, president of the Bend Commercial club, at the weekly luncheon at the Pilot Butte Inn. A letter written by Mr. Burdick, in which he mentioned that the interests of Central Oregon were well taken care of, accompanied a copy of the bill and provoked the remark from Mr. Foley that the representative from this district is, to say the least, decidedly optimistic.

"According to the provisions of the \$10,000,000 road bonding bill, \$7,500,000 will be used in the construction of three trunk highways, two in the Willamette valley and one for Eastern Oregon," Mr. Foley said. "Of the remaining \$2,500,000 Central Oregon may get a share, but this section is not definitely included."

Special Taxes Only Hope.

H. H. De Armond concurred with Mr. Foley's opinions and asked that immediate action be taken by the club. It was explained, however, that an effort had already been made to gain recognition for Central Oregon in the road bill, but that no definite promises from the state highway commission in regard to the expenditure of the \$2,500,000 had been given. There is still approximately \$10,000,000 to be spent for road work, the sum being available as the result of gasoline and auto taxes, and this section of the state may have a share of this amount, Mr. Foley explained.

A communication from William L. Finley of the state fish and game commission was read asking that the club take action supporting legislation now pending to prevent the draining of Malheur lake for agriculture.

FARMERETTE OF 73 SETS NEW RECORD

Aged Woman Does Man's Work and Then Some During Stress of War-Time Conditions.

(By United Press to The Bend Bulletin.) BATTLE CREEK, Mich., Feb. 12.—Michigan boasts of being the home of the champion farmerette in the country and is ready to back her against all comers—irrespective of age, weight or new-fangled agricultural schooling.

Experience was her only tutor. She is Mrs. Anna Simonton, 73 years old, owner of a large farm near here, who jumped into overalls and got behind the plow when farm help became scarce. She is planning to work the farm this year.

Here is a table of her accomplishments for last season:

Worked 20 acres of her farm; Shooked and hauled in five acres of corn, eight acres of rye, two acres of oats and cultivated a two-acre truck garden; Cared for an orchard and several acres of berries; Raised 100 chickens, made eight pounds of butter daily, cared for five head of cattle and besides did the repair work, sewed, cooked, cleaned house and did all the other domestic work and farm chores.

LINCOLN'S BIRTHDAY OBSERVED IN BEND

Marking the anniversary of the birth of Abraham Lincoln, the offices in the court house were closed today. Postoffice employes also observed the holiday.

WOULD HAVE HOMES FOR ALL WORKMEN

(By United Press to The Bend Bulletin.) WASHINGTON, D. C., Feb. 12.—Senator Kenyon introduced a bill today embodying a plan to enable every American workman to own his own home.
