

White River Flour

is CHEAPER because it makes MORE loaves.

Don't be fooled into buying LOW PRICED flour thinking you are getting something cheaper than WHITE RIVER flour.

PRICE does not decide the value of a barrel of flour as much as the NUMBER OF LOAVES OF BREAD that can be made from the barrel of flour.

Every sack of WHITE RIVER flour is GUARANTEED. Your grocer will refund the purchase price without argument if you do not find WHITE RIVER flour the BEST you ever used.

Try a sack of WHITE RIVER flour at our risk, made from a special blend of the finest selected wheats, by Oregon's finest mill.

Miss Margaret Harding, daughter of W. P. G. Harding, member of the federal reserve board, was one of the three southern girls chosen by C. W. de Lyon Nicholls of New York as the most beautiful women at the annual southern relief ball in Washington.

Future for American Toys.

A consistent campaign has been waged by toy manufacturers to educate Americans to the proper appreciation of American toys and things are going smoothly in the toy industry. There is no doubt that the American toy product is every bit as good as, if not better than that made in Germany, although it is usually more expensive, because the price of labor is higher in this country. American toymakers have not yet learned to make bisque dolls or Christmas tree balls, but most people consider that the American dolls are much more "natural" and abundant Christmas tree balls may be had from Japan.

RANK HIGH IN POLITENESS

Belgians Unable to Forget Courtesies Though Death in Appalling Form Was Imminent.

The Belgians are the most polite people in the world. Yesterday seven correspondents traveled to Audenarde. We were informed that we might cross the Escaut and proceed in the direction of Ghent. As our two motor cars came over the ridge before entering the town they were spotted by an eagle-eyed observer in the German lines, and as we reached the entrance of the town and left from our cars, preparing to enter on foot, a shell whizzed over our heads and exploded dully in a rain-soaked field 50 yards beyond the road. Another followed about the same distance short. Then they came so fast that I lost count. Gas shells they were, and we donned our masks and made for the cars.

The lieutenant in charge of our party bowed to the oldest correspondent and bade him enter the car. The latter, being Belgian, in turn bowing to his neighbor, motioned him into the car. He demurred, and then followed some Alphonse and Gaston moving pictures until someone motioned to me to enter the car. I did. Then they all piled in. And as we raced down the road two Thiel shells wifefully spluttered along the muddy road.

Amethysts for Mourning.

Amethysts will be much worn in this country during the post-war period as mourning jewelry. Amethysts and jet are the most widely used mourning stones. The vogue of amethysts in the mourning was fixed after the Franco-Prussian war, when the gems became popular in France and Germany.

An abundance of good amethysts are found in the mountain region of the western United States. The best amethysts come from Cambay, in India, from Ceylon, Persia and Siberia. There are also large amethyst mines in Uruguay. The war, which curtailed imports of all gems to the United States, gave American amethysts a wider market than they ever had before.

The very latest

ONE thing that resulted from the restoration of peace among the fighting nations has been the emphasis given to "style" in clothes.

Everybody seems to want to show in clothes the reaction from the strict military sameness of appearance; the military features are not wholly discarded—good shoulders, slender waists, curved hip lines; but aside from these physical requirements, there's a call for special "smartness" of design.

Hart Schaffner & Marx clothes offer just these things to you, in a way that you'll not find them in any other clothes. Just look at the welt-seam-waist type we show; the pockets, the lapels. One look at that suit and you want it.

We'll fit you in it; many variations in fabrics and colors; and prices.
