AT THE MOVIES

GRAND.

Many of the unusual and interesting scenes which will appear in "The Great Romance," the Lockwood-Metro picture to be shown at the Grand theatre Saturday matinee, Saturday night and Sunday matinee, were taken at Fort Schuyler, on the shores of Long Island sound.

The Lockwood company worked at the military post for an entire day, permission for this being kindly given by Major John J. Cowdry, coast artillery, U. S. A., who knew and admired the young actor. That this was an unusual favor will readily be seen when it is stated that no civilians are allowed the full freedom of the fort. Not only was the entire company given every facility in aid of their work, but they were also lavishly entertained by the officers at luncheon.

Director Henry Otto, who made the picture, considers that he has been lucky enough to get some original and interesting "shots."

The third installment of "The Lure of the Circus," starring Eddie Palo, will also be shown.

LIBERTY.

Dorothy Gish, whose first Paramount starring vehicle, "Battling Jane," will be shown at the Liberty theatre next Sunday and Monday, is the most talented of picture personality in the United States today. Her work as "The Little Disturber" in "Hearts of the World" has drawn for her hundreds of columns of notices, not one of which was unfavorable, and has made it impossible for her to handle her mail without the aid of a secretary.

But 21 years of age, Miss Dorothy has been in motion pictures for seven years, beginning with the old Bio-

GYM IS POPULAR WITH BEND WOMEN

That gymnasium work is just as popular with the women of Bend as with the men was evidenced yesterday by the large number enrolled in the amateur athletic club classes on the first ladies' day since the reopening of the gymnasium. The plunge was also a busy place, and many bowlers frequented the alleys in the basement of the club. High scores of 102 and 99 were made at ten pins by Mrs. M. H. Horton and Mrs. H. H. Lamping, respectively.

The largest class that has appeared

graph in the days when David W. Griffith was the director-in-chief. She has never left Mr. Griffith up until the present picture, except for two or three small productions under his supervisory direction before he began the work of bigger features.

"The Hun Within," an admirable Paramount picture made just at the close of "Hearts of the World," stars Miss Gish. It was directed by Chester Withey. In her present series Miss Gish has bid her old director good-by and is working under the guidance of Elmer Clifton, whose work with other stars has brought him much favorable mention from the critics.

The personality of "The Little Disturber" is to be brought into this series, which is an entirely new form of comedy-drama. Miss Gish will not enter into the usual comedy field. She insists on a story as well as her personality, and does not believe that any star should allow herself to be shown with a story that is not worth her best effort. She is splendidly supported.

NOTICE.

To all members Loyal Order of Moose: You are hereby requested to attend lodge Thursday night, Feb. 27, 1919, to hear the last reading of local by-laws. This is important. 68-9c GEO. W. STOKOE, Secretary.

Our Allies in the Near East

By CHARLES EVANS HUGHES

Probably at no time in the history of the world have there been so many fatherless and motherless children as there are today. Tens of thousands, probably hundreds of thousands in Armenia, Syria, Caucasus, Persia, Mesopotamia and Palestine are not only without parents, but are without any strong parental government to give them the help and protection which orphan children of other lands enjoy.

American Consuls and missionaries cable the American Committee for Relief in the Near East, almost daily regarding the situation. One message from the Russian Caucasus pleads for the support of 10,000 children at an average expense of two dollars per month per child. Another from Tiflis reports 40,000 children in one region waiting for an answer to a previous cablegram requesting help. Reports from other points indicate similar conditions. Among the many appeals it is possible for this committee to assume responsibility for only the most pressing cases, and it is upon these that the committee would focus the attention of the American people. Splendid help has been rendered the little ones in other lands, but these in Western Asia are no less human than those who have already been aided by American charity. It is the duty of Americans, as well as a privilege to respond to this great opportunity and help keep alive the best civilization that Western Asia has developed.

All expenses of administration for this relief are privately met, so that every dollar sent to the committee is used directly by their agents in purchasing food and supplies for the needy who, according to the best advices and from audited reports, receive the full benefit of the funds sent them.

Out of the horror and nightmare through which these people have passed comes the gratifying word that we can be of assistance; that our efforts will prove availing, and that we can share with these orphan children the bounty which we, as Americans, have enjoyed for years. The work done by this committee has been most unselfish and effective under conditions of great personal sacrifice. May America respond to their appeals.

110,000,000 of 100% American people will, during February, 1919, raise \$20,000,000 for the purpose of returning to their homes a deported Armenian population of 4,000,000 souls. The same American people will then feed and clothe these 4,000,000 Armenians until harvest time in July, 1919.

These same Americans will do this at \$7.50 per head per Armenian. Have you seen the committee with your bit? (Paid Adv., Donated) ARMENIAN RELIEF COMMITTEE.
