THE WINNING ESSAY
Seven Reasons Why There Should Be an Electric Range in Every Bend Home
1st--Saving of time, labor and fuel.
2nd--Meats, vegetables and other foods retain natural flavors when cooked on an ELECTRIC RANGE that are otherwise lost in vapors when subjected to uneven heats produced by wood, coal or gas ranges.
3rd--Get out of bed, turn the button and breakfast is started while you are dressing.
4th--No dirt, no ashes, Mother's work is easier and her disposition is happier and her days are longer.
5th--A blessing when days are hot; cook on an Electric Range and you do not realize there is any heat in your kitchen.
6th--Very low rates maintained by the Bend Water, Light & Power Co. put all the comforts of the ELECTRIC RANGE in reach of all.
7th--Cleanliness, ease, comfort and the fact that Mother's burdens are lightened should be the main reasons for an Electric Range.
