

HELP BUILD UP YOUR COMMUNITY

Community life in America is the very life blood of our democracy. Every citizen owes allegiance to his home town.

The factories, mills and shops of your town provide the payrolls and comforts needed for health and prosperity. Patronize and support loyally every business man in your community. By doing so you will be working most effectively for yourself and building up your home town.

CLUB MEMBERSHIP TO BE AUGMENTED

Directors Lay Plans at First Meeting
—Special Scenery to Be Made for Home Talent Play.

Preliminary plans for a big membership campaign, to begin in the early part of April, were made last night when the new board of directors of the Bend Amateur Athletic club held their first meeting. The directors feel that a large enough proportion of the people of Bend is not getting the benefits of the splendid gymnasium and club facilities, and it is on this belief that the campaign will be based.

The directors made arrangements for the painting of special scenery for the next home talent play, "What Happened to Jones," and to allow time for this, postponed the date of the production to April 4. Pleased with the efficient service given, they re-elected Athletic Director Luckey and Secretary L. C. Carroll.

Plans are being made for the installation of lockers at the club, this work being in charge of Carl A. Johnson. It is expected that 100 will be put in for the benefit of the members who first make application for them.

GIVES EXPLANATION OF SIREN SIGNAL

Three Toots of Electric Noise Maker Means Nothing but Fire Drill, Says Department Chief.

When three toots are sounded by the new fire siren being tried out by the Bend fire department, residents of the city need have no fear that a conflagration has broken out. It's just a signal to the members of the volunteer department for fire drill. Chief Tom Carlon announced today.

The code for district signals will be worked out later and made public. A more powerful siren is now on its way to Bend and will be tried out soon, Mr. Carlon states.

FATAL DRIVE OF GERMANY

(Continued from Page 1.)

The American offensive began. The result would have been greatly increased allied losses, and upon Germany's ultimate surrender a much greater gain of German man power than now exists. But von Hindenburg played for no middle course. The Germans had been taught to think only in terms of victory, and with that gone they had no ability to compromise their losses. Arrangements without moderating influences; offensive talents without versatility in defense—these they had in large measure. But vision and an understanding of the minds of men were far from them, and at no other time were so fatally absent as a year ago today.
