### TWO MEETINGS TO BE HELD.

Noted Evangelist Will Address Bend People Saturday Night and Sunday Morning at B. A. A. C. —Public Is Invited.

A man with a patriotic message is Billy Sunday, who will speak to the people of Bend and vicinity at the Bend Amateur Athletic club Saturday night at 8 o'clock and Sunday morning at 9, under the auspices of the Bend Liberty Victory loan committee.

In his tour through Oregon, Rev. Sunday is giving his services free to the cause of putting Oregon over the top in the loan campaign. He has a real man's message for the people of Oregon. Forceful as ever, convincing and energetic, Rev. Sunday has met with great success in assisting the loan committees of various communities in meeting their quotas.

Special seating arrangements have been made at the Bend Amateur Athletic club so that a larger number of persons than usual may be accommodated at both the Saturday evening and Sunday morning meetings.

The ministers of the Bend churches have been asked to forego their Sunday morning services and to cooperate in the Sunday rally. The Sunday morning rally will be purely religious in character.

There will be no admission charge at these meetings. The public is urged to attend. Rev. Sunday is a world renowned public speaker. He is deeply concerned about the Victory loan and his message on this tour of Central Oregon is an important one.

## BOMBS SOUGHT IN U. S. MAILS

### SECRET SERVICE MEN BUSY ALL OVER COUNTRY—PLOT DISCOVERED WHEN 17 MACHINES ARE FOUND IN NEW YORK.

(By United Press to The Bend Bulletin.)

NEW YORK, May 1.—United States secret service operatives all over the country are searching the mails for bombs believed to have been sent prominent men. The discovery of 17 infernal machines in the postoffice here, held because of the lack of sufficient postage, exposed the plot which is believed to have been planned for the annihilation of some of the nation's greatest financiers. Government officials who are studying the matter see in it a connection with the great May day demonstration of Bolshevism.

POSTMASTER FINDS BOMB. WASHINGTON, D. C., May 1.—The postmaster at Salisbury, North Carolina, has wired the postal authorities that he has discovered in the mail there a bomb addressed to United States Senator Overman.

NO BOMBS IN NORTHWEST. SPOKANE, May 1.—No bombs have been discovered in the northwestern district under the supervision of postal authorities here with the exception of the bomb sent Mayor Hanson of Seattle, according to officials here.

The northwestern district includes Oregon, Washington, Montana, Idaho and Alaska. If any bombs appeared in any of these sections the Spokane office would be immediately told of the fact.

Regular drill at least three times a week is now being planned by Chief Carlson.

## CHURCH PLANS ARE ACCEPTED

### CATHEDRAL WILL BE DISTINCTIVE.

Lee A. Thomas Completes Arrangements for New Catholic Church —Edifice Will Be One of Oregon's Finest.

Plans for the new Catholic church to be built in Bend by the local parish have been completed by Lee A. Thomas and accepted by the committee of the Bend church composed of Father Luke A. Sheehan, J. P. Hennessey and W. L. O'Donnell. Mr. Thomas returned this morning from Portland and Seattle, where he has been in consultation with some of the leading architects of these two cities with the view to obtaining criticism on the plans which he has perfected.

Building Unique.

In the opinion of the leading architects of the state the new church is to be one of the distinctive buildings of Oregon. In type it will be a combination of the French and English gothic architecture, with its high pinnacles and elaborate stone trimmings. The front elevation presents a striking appearance from any angle, with its enormous rose or wheel window, 14 feet in diameter, as one of the big features of the front. This beautiful feature will be of stone with cathedral glass. Between two twin spires, which will rise approximately 100 feet from the ground, is the main gable upon which will be a huge cross identical to the ones which will mount the two spires. The entrance portal is dignified in every particular with its pinnacled trimmings. The entrance motif is 30 feet wide and projects six feet in front of the main building. The doors will be of heavy oak, to swing outward from the center and will be finished in bronze.

In designing the features of the front elevation Mr. Thomas has devoted more than two months of study by way of comparison with some of the country's most magnificent cathedrals.

The structure will be 48 feet wide and 108 feet in depth. From the

## COUNTRY IS WARNED OF COMING TIMBER SHORTAGE

(By United Press to The Bend Bulletin.)

WASHINGTON, D. C., May 1.—Warning the country of a coming timber shortage and the acute paper situation, Percival S. Ridsdale, secretary of the American Forestry association, today gave some startling facts as to conditions confronting the United States following the war. Ridsdale, who has just returned from France, where the offer to aid in reforesting that country was accepted, said:

"War reached its hand to the farthest corners of the earth and the reckoning of a settlement is now puzzling the brains of the world. In round numbers the cost of the war to the world is placed at 197 billions of dollars. The secretary of war has said that every child born for the next 100 years will have a

## VICTORY LOAN SUBSCRIPTIONS COMING IN, BUT VERY SLOWLY

Subscriptions for the Victory loan are still coming in, though at a slow rate. The present hope of the city managers is that the interest caused by the visit of Billy Sunday will bring out enough additional subscriptions to complete the city and county quotas and no plans have been made for any activity beyond the Sunday meeting.

In the Alfalfa section F. F. Hafner and Albert Shults have taken up the subscription work. They report that many will come in from that district to hear Mr. Sunday speak Saturday night.

The county subscription is believed to be still about \$30,000 short of the quota.

## OHIO CITY HAS MAY DAY RIOT

(By United Press to The Bend Bulletin.)

CLEVELAND, O., May 1.—Several persons were shot, more than 100 arrested and scores are in the hospital following the breaking up of a May day parade here today. C. E. Ruthenberg, formerly socialist candidate for mayor, was among those arrested.

The trouble started when one of the many "Red" parades reached the downtown corners. Part of the procession had passed the corner, and then came a delegation carrying a red flag and shouting.

On seeing this flag a dozen soldiers dashed into the street and hurled themselves at the paraders. The police followed and a hundred fights were soon raging. Men clubbed over the head dropped to the street, while soldiers in tanks and army trucks dashed up and down the street, clearing it of the remnants of the procession.

## POSTOFFICE IN NEW LOCATION

### WALL STREET LEASE IS TAKEN.

O'Donnell Brothers' Offer Accepted—Will Erect New Building Costing About \$20,000—Postoffice to Be on Ground Floor.

The Bend postoffice will occupy new quarters on Wall street as soon as a building can be erected for the purpose. This fact became known this morning when Acting Postmaster W. H. Hudson received word that the offer of W. L. and T. M. O'Donnell to provide a room for the postoffice had been accepted.

Under the terms of the lease the building is to be ready for occupancy on or before August 15. A space 26.5 feet wide by 100 long it to be assured, but the depth will probably be 124 feet.

In anticipation of the removal of the postoffice to the new site, which is just adjoining the location of the office prior to its removal to the Sphier building, plans for a building have been prepared by Architect Lee Thomas. It is now Mr. O'Donnell's intention to proceed with the construction as rapidly as possible.

The building will be of brick and with the lot will represent an expenditure of approximately \$20,000. The postoffice will occupy the entire ground floor. The second floor will be divided into six apartments of three rooms each, and each having a bath and modern plumbing.

Failure of the owners to provide necessary fixtures, as called for in the lease of the present postoffice, caused the department to cancel the contract and seek a new location.
