Successful baking is assured when Crescent is used, because it raises first when moisture is added in the mixing bowl, and then again when heat is applied. The result of this double raise is deliciously light, wholesome, and easily digested breads, cakes and biscuits.

The established baking powder for a quarter of a century on the Pacific coast. No better formula has been produced. The Crescent Cook Book is very helpful. Write the Crescent Mfg. Co., Seattle, for a copy. Grocers sell Crescent Baking Powder.
