

## AMERICA AND FRANCE WILL HONOR DEAD

### IMPRESSIVE SERVICES ARRANGED.

## PRESIDENT TO SPEAK

#### Pershing Will Deliver Eulogy to Nation's Silent Army—Plans for Appropriate Exercises in Bend Are Completed.

(By United Press to The Bend Bulletin.)  
PARIS, May 29.—From Flanders to the Vosges, from war-furrowed northern France to ports in the south, French and Americans will join tomorrow in paying tribute to America's silent army of democracy—the dead. President Wilson will speak in the cemetery near Paris the graves of some of the first who fell in the desperate struggle just a year ago when the Germans were nearest Paris.

General Pershing will deliver a eulogy to the soldiers who died in the war. No single American grave in France or elsewhere will be overlooked tomorrow.

Final arrangements for Bend's observance of Memorial day were made this morning when M. W. Wagner, appointed as marshal of the day, announced the formation of the parade, which will be held just before the exercises at the cemetery. The speakers who will give addresses as part of the program, in autos, will be followed by a band, with Civil war veterans, also in cars, immediately after. Mothers of boys who died during the war will be asked to ride in one of the first sections of the parade.

Following the Civil war veterans will march the men who served in the Spanish-American war, with soldiers, sailors and marines of the world war making up the larger part of the marchers. A detachment of Boy Scouts will be followed by the children of the Bend schools.

#### Overseas Man to Speak.

The parade will start at the Bend Amateur Athletic club at 10 o'clock in the morning, and will lead to the cemetery, where the respects of the living will be paid to the soldier dead. R. S. Hamilton, chairman of the committee on arrangements, issued a final request today for all service men in the county to be on hand in the morning in time to answer assembly.

For the afternoon luncheon and exercises, set for 5 o'clock in front of the Emblem club, a new speaker was secured today in C. C. Likens, overseas veteran, who will be remembered as one of the men who accompanied the war trophy train when it visited Bend earlier in the spring. Mr. Likens brings with him the honor flag awarded to Bend as the result of the successful Victory loan drive in this city, and it is expected that he will make the official presentation during his address.

## RAILROADERS MAY ARBITRATE STRIKE

#### Offer Services to Winnipeg Mayor in Endeavor to Settle Labor Troubles.

(By United Press to The Bend Bulletin.)  
WINNIPEG, May 29.—Local members of the Brotherhood of Railway Engineers have offered to act as mediators in the general strike here. Mayor Gray, to whom the offer was made, transmitted it to the strike and citizens' committees. He said that the engineers had settled other apparently hopeless labor difficulties.

## WORKERS STRIKE IN PROTEST TO TREATY

BERLIN, May 29.—In protest against the projected separation of Rhineland from Prussia, Cologne workers have gone on strike, disrupting gas, electricity and water service, according to a dispatch received today.

## DECISION MAY COME IN WEEK

### OLCOTT'S STATUS TO BE DETERMINED.

#### Supreme Court Expected to Uphold Opinion of Attorney General—Kozler Believed to Be Man Named as Secretary.

(Special to The Bulletin.)  
SALEM, May 29.—Another week must elapse before the people of Oregon will know definitely whether or not Governor Olcott has the right to resign as secretary of state and appoint his successor to that office. The long-expected supreme court decision which was looked for today failed to materialize.

Failure of the court to hand down the decision gave rise to the belief that the high tribunal might be hopelessly divided, but unauthorized information received at the supreme court building lends color to the belief that six of the jurists have agreed on the opinion which, it is understood, has been written by Justice Johns and which, rumor asserts, will uphold the contention of Attorney General Brown that Governor Olcott serves out the full unexpired term of the late Governor Withycombe.

If the supreme court opinion upholds Governor Olcott, it is practically certain that he will name his appointee as secretary of state immediately. Although the governor has given out no statement, it is known that he is anxious to appoint a secretary of state as soon as possible, and if the opinion of the court is received next week it probably will result in the governor announcing his appointment during the week.

Sam A. Kozler, deputy secretary of state, is believed to be the man whom Governor Olcott will name. The governor has frequently stated that he considers Mr. Kozler the best informed man in the state so far as state business is concerned. He has been in the state service for nearly 20 years and because of his thorough knowledge of the affairs of the office would be the logical man for the place.

The important opinion was ready last week, but was held up at the last moment. There seems little doubt but that it will be forthcoming next week. Although one dissenting opinion may be looked for, it is reasonable to predict that the majority of the court will unite in sustaining the supreme court in the Chadwick decision, which was handed down during the early days of the state's history, and which decreed that the secretary of state be

## 650 QUARTS OF LIQUOR BURNED

#### FUNERAL SERVICES FOR JOHN BARLEYCORN AT MADRAS PRECEDED BY CREMATION—OWNERS OF CACHE NOT FOUND.

Elaborate funeral services were held in Madras yesterday afternoon when 650 quarts of whiskey, found by Sheriff Ira Holcomb in a field between the county seat and Opal City, were consigned to their final resting place, Bend residents who witnessed the ceremony reported today.

In the presence of a large crowd, a deep trench was dug, and the contents of 15 ten-gallon kegs and 50 quart bottles poured in. Least the liquor might not be of high enough proof, kerosene was added, Sheriff Holcomb applying the match, and cremating John Barleycorn in most approved of style. At the conclusion of the ceremony, the trench was filled with earth.

The liquor disposed of yesterday was found by Sheriff Holcomb after Jefferson county had been given a thorough search following information furnished the Jefferson county authorities by Sheriff Roberts of this county that a quantity of whiskey had probably been cached in that section. The owners of the wet goods have not been found, but one quart out of the entire stock was saved by Mr. Holcomb to be used as evidence in case they are apprehended.

## —AND THE MEMORIAL DAY PARADE ALL READY TO START

## WHISKEY COSTS POSSESSOR \$250

#### T. H. JOHNSON, ARRESTED MONDAY MORNING ON LA PINE ROAD, ADMITS GUILT IN JUSTICE COURT AND PAYS FINE.

Although at first vehemently asserting his innocence, T. H. Johnson, arrested early Monday morning, appeared in justice court last night, entered a plea of guilty to the charge of having liquor in his possession and paid the \$250 fine and costs imposed by Judge J. A. Eastes.

Johnson was taken into custody by Sheriff S. E. Roberts and Chief of Police L. A. W. Nixon on the La Pine road eight cases of whiskey being found in the car. At the time Johnson said that the liquor belonged to a companion who had taken the batteries from the machine and made his escape, but later admitted that three cases of the contraband cargo were his own property.

## TREATY TERMS PASSED UPON

#### BALKAN REPRESENTATIVE'S REQUEST THAT PRESENTATION TO AUSTRIA BE DEFERRED 48 HOURS IS GRANTED.

By Fred S. Ferguson.  
(United Press Staff Correspondent.)

PARIS, May 29.—The peace conference convened in a secret plenary session here this afternoon to hear a summary of the terms to be presented to Austria. All the nations that fought Austria or broke off diplomatic relations with her are represented.

Presentation of the treaty to the Italian delegates was postponed until Monday after the plenary session of the peace conference, which met to hear the summary treaty read. Just before the session, Premier Venizelos of Greece and T. C. Bratiano, former premier of Rumania, had a wordy argument.

As soon as the conference convened, Bratiano asked a 48-hour postponement of the treaty, in the name of the Balkan states, which was granted.

Bratiano demanded time to study the treaty, and as a result the conference will be resumed on Saturday. In the meantime, portions of the proposed pact will be submitted privately to the Rumanian representative, it is understood.

## CONFERENCE FAILS TO SAVE TORONTO

#### No Agreement Reached in Effort to Avert Strike Threatened to Be Called Tomorrow.

OTTAWA, May 29.—A four-hour conference between Premier Borden, members of the government and representatives of Toronto employers and employees failed to effect a settlement of disputes which threaten to plunge Toronto into the throes of a general strike tomorrow.

## BOARD FACING ODD SITUATION

#### THREE OF SCHOOL DIRECTORS GO OUT OF OFFICE IN JUNE, BUT STATE LAW ONLY PERMITS ELECTION OF ONE.

Seeking to straighten out the tangle which confronts the school board if it adheres to the letter of the state law, J. Alton Thompson, clerk of the Bend board of directors, has written to the state superintendent of schools for an opinion as to the proper method of providing for a complete board at the time of the annual school meeting, June 15.

According to the law, the board of a first class district must have a membership of five, and the same authority provides for the election of one member for a three-year term at the coming school meeting. However, there are three directors who will be going out of office, J. P. Keyes, who completes a three-year term, and Carl A. Johnson and R. W. Sawyer, elected in 1917, when the district passed into the first class division, to serve for two years each.

A possible solution may be that the two-year members may continue to hold office in the time between June 15, 1919, and the school meeting in the succeeding year, when the law allows for the election of more directors, Mr. Thompson believes.

## BEND ELKS TO LAUNCH DRIVE

#### CITY'S QUOTA \$1500 FOR SALVATION ARMY—MEETING TO FORMULATE PLANS IS SET FOR TONIGHT AT PILOT BUTTE INN.

Plans for the launching of the Salvation Army drive in Bend, under the direction of the Elks of this city, will be formulated tonight, when members of the local antlered herd and others interested will meet at 8 o'clock at the Pilot Butte Inn, E. P. Mahaffey, chairman of the drive, announced this morning. The city's quota is \$1500, that of Crook county is \$900, while Redmond, with Jefferson county, has \$600 to provide. T. E. J. Duffy and J. R. Roberts will direct the drive in Jefferson county and Redmond.

## SLIGHT CHANGES MADE IN TREATY

#### Berlin Foreign Office Not Advised Whether Alterations Relate to Objections Filed.

By Carl D. Groat  
BERLIN, May 29.—The German foreign office was advised today that some changes had been made in the peace treaty. It was not stated whether or not these alterations applied to the clauses which Germany had objected to.

## BIG CROWD TO ATTEND DANCE

#### MUCH INTEREST IN AFFAIR AT GYMNASIUM SATURDAY NIGHT BEING TAKEN BY SERVICE MEN OF TWO COUNTIES.

The big doughnut which made the Salvation Army famous will be much in evidence at the ball to be given at the B. A. A. C. gymnasium for returned soldiers, sailors and marines Saturday evening. Indications are that there will be a big crowd of returned service men in attendance at this big function from all parts of Deschutes and Jefferson counties. The Red Cross ladies are prepared to take care of them all.

The decorators from Portland will arrive tomorrow morning to begin work on the decoration of the gymnasium in keeping with the occasion. Being strictly military, dancing will begin promptly at 9:30 o'clock, the committee promises.

## 80 AMERICANS LOST DURING EXPLOSION

#### Munition Dumps Cause of Fire in Buildings Occupied by U. S. Troops.

(By United Press to The Bend Bulletin.)  
LONDON, May 29.—A Cologne dispatch filed Wednesday reports a fire in a building occupied by Americans, caused by the explosion of munition, dumps adding that 80 are missing as a result of the explosion.

Cologne is in the zone occupied by the British army of occupation, the American zone adjoining it on the south. It is probable that the reported explosion occurred there.

## MEMORIAL DAY MESSAGE SENT

#### PRESIDENT URGES FULFILLMENT OF HOPES AND PURPOSES OF MEN WHO SACRIFICED LIVES FOR COUNTRY.

(By United Press to The Bend Bulletin.)  
WASHINGTON, D. C., May 29.—President Wilson in a memorial day message to the American people, declared today that an impressive lesson and inspiring mandate of the day is to fulfill the hopes and purposes to the utmost, of the men who sacrificed their lives for their country. It was for the maintenance of the liberty of the world and the union of its people in a single companionship of liberty and right that our men conscientiously offered their lives, the president asserted.

NO BULLETIN TOMORROW.  
Cooperating in the plans for a general observance of Memorial day, The Bulletin will issue no paper tomorrow.

## WOULD TRAIN BOYS OF U. S. FOR THE ARMY

#### WAR SECRETARY TELLS PLANS.

#### EDUCATION IS NEEDED

#### Instruction of Men Now in Service to Be Started at Once—Five Divisions to Stay in Europe, Says General March.

(By United Press to The Bend Bulletin.)  
WASHINGTON, D. C., May 29.—Military training in connection with the high schools and universities was advocated by Secretary of War Baker in an address to the house military affairs committee today. Although he did not give details of his plans, Secretary Baker stated that he hopes to see the army become a part of institutional education.

Men in the army should be trained in educational and vocational matters, he said. He declared that he has instructed the army general staff to begin the development of his educational plan immediately.

The department contemplates the employment of five divisions in Europe until a definite peace settlement is secured, General March told the committee. "Should it become necessary, we could bring the entire force home from France by September 1," he said. "However, this is hardly probable, because it is likely that international conditions will not permit of this move."

## EAST LAKE WILL BE MECCA OF ANGLERS

#### Steelheads Have Grown to Enormous Size, and Brook Trout Will Be Biting in Week, Says Jacobson.

East lake is fairly swarming with fish and the road will be open within a week's time, is the report of Forest Supervisor N. G. Jacobson, who returned last night from a trip to the lake with A. M. Pringle. Steelheads, which were planted several years ago, have grown to such an enormous size that it is no longer possible to hold them, Fred Shintaffer, who lives at the lake, told Mr. Jacobson. The fish are weighing over 40 pounds apiece, and one of them hooked recently by Mr. Shintaffer actually towed the angler's boat for some distance and finally tore loose from the steel barb. The huge size of the steelheads is explained by the abundance of vegetation in the lake, affording excellent feed.

Eastern brook trout, however are plentiful and should be biting well within another week, Mr. Jacobson believes.

In reaching the lake the car in which Mr. Pringle and the forest supervisor made the trip, was stopped by the snow and the remaining six miles were made on foot. Mr. Jacobson reports the snow to be five feet deep in some places.

## DOG BITES CHILD; RABIES IS FEARED

While playing at his home seven miles east of Bend yesterday, the little son of Mr. and Mrs. S. W. Leverett was attacked by a dog kept on the place and was bitten over the eye. The dog was immediately killed and the head sent to Portland for an examination of the brain for the traces of rabies.

The boy was brought to Bend for medical attention, and as yet no serious consequences have developed.

## ROCK SPRINGS FIRE IS UNDER CONTROL

Returning this afternoon from Rock Springs, Fire Warden J. D. Bowman stated that the forest fire in that section, the first of the season, which was reported two days ago, is now under control, after having spread over 400 acres. About 2 per cent. of the timber on the tract was damaged. Indications are that the fire was of incendiary origin, Mr. Bowman stated.
