BERNSTEIN HOOTED IN WEIMAR.

NOSKE BACKS SPEAKER

Spirit of Optimism Prevalent Among German Party Leaders as They Leave Berlin to Attend National Assembly.

By Carl D. Groat (United Press Staff Correspondent.) WEIMAR, June 13.—Eduard Bernstein, member of the German peace delegation, caused great excitement in a convention of majority socialists yesterday when he declared that "while the peace terms are harsh and unbearable, about nine-tenths of them come from a necessity which we admit."

HUNS OPTIMISTIC.

By John Graudenz (United Press Staff Correspondent.) BERLIN, June 13.—A spirit of optimism was prevalent among government leaders when they boarded a special train for Weimar yesterday to attend the meeting of the national assembly. The cause for this sudden reversion of sentiment could not be ascertained, as the leaders refused to comment directly on the peace situation.

The heightened spirits of this group was rendered more surprising by the fact that lesser delegates on board the train maintained the air of gloom characterizing their attitude for weeks. Every one of these members who could be prevailed on to talk asserted that he had not swayed from his determination to oppose signing the treaty unless important modifications were made.

LOSS OF TROUSERS MORTIFIES BANKER

Forced to Leave Train with Nether Limbs Unclad—Suit Brought for Damages.

(By United Press to The Bend Bulletin.) OKLAHOMA CITY, Okla., June 13.—If Walker D. Hines, director general of railroads, is responsible for J. L. Wilkin's mile-and-a-half trouserless progress through Oklahoma City streets, he won't admit it. The whole embarrassing controversy was to be aired in district court today.

Wilkin, president of the Wilkin-Hale State bank here, asserts that while a Pullman passenger from Fort Worth to Oklahoma City last January some conscienceless person robbed his berth. Consequently, he declares, receiving no assistance and little sympathy from the conductor and porter, he was forced to depart from the train much embarrassed.

COLORED INFANTRY IS SENT TO BORDER

Two Battalions of Regulars Go to El Paso to Guard Bridges and Fords from Mexicans.

(By United Press to The Bend Bulletin.) EL PASO, Tex., June 13.—Two battalions of the 24th United States infantry (colored) arrived here today. Although not a shot was fired between Carranza and Villa troops in the vicinity of Juarez, additional American foot soldiers were desired by the officials for duty at bridges and fords between El Paso and Juarez as a precautionary measure.

CHAUTAUQUANS STARTING WORK

TICKET SALE TO RAISE \$1237.50.

C. L. Simpson Chosen to Head Local Organization of Guarantors—Chautauqua Dates Set for July 2-7, Inclusive.

Preparations for the Chautauqua, to be held in Bend from July 2 to 7, inclusive, were made last night when local guarantors met with H. M. McFadden, advance agent for the Ellison-White Company, to organize for the season. C. L. Simpson was chosen president of the Bend Chautauqua association, Mrs. E. M. Thompson, vice president, and R. W. Sawyer, secretary. The guarantors decided that only sufficient season tickets to meet the pledge of \$1237.50 will be sold previous to the opening of the first Chautauqua attraction.

Advertising will be in charge of G. H. Williams, H. C. Hartman, F. N. Wallace, J. Alton Thompson and L. L. Fox, and a quantity of poster advertising has already been received and will be distributed over the entire county. The committee on sale of tickets was appointed at last night's meeting, and this department will be under R. W. Sawyer, Dr. R. D. Ketchum, F. N. Wallace, Mrs. E. M. Thompson and E. E. Hanna.

Attractions Best Ever. Prices of season tickets, to include war tax, will be \$1.10 for children, \$1.65 for students, and \$3.00 for adults. By taking advantage of this rate, it is pointed out, individuals will be able to effect a large saving from the amount which would be expended in purchasing admission for each attraction.

Advance notices received indicate an unusual degree of excellence in the program to be presented here, and Mr. McFadden, in speaking of the attractions which will visit Bend, declared that the talent to be brought here is beyond question the best which has ever come to Central Oregon.

WHISKEY AUTO TURNS TURTLE

NEWS OF ARRIVAL IN THE DALLES WITH PRISONER, CAR AND LIQUOR PHONED TO BEND BY W. C. COOPER.

The mystery surrounding the disappearance of some 200 quarts of whiskey and the former owner, G. W. Wilson, reported yesterday by phone by Federal Agent Tom Word from The Dalles, was solved last night when W. C. Cooper, deputized to take liquor and prisoner to Portland, called up from The Dalles to inform his wife that he had just arrived in the Wasco county seat with Wilson and the autoland of whiskey. He also said that Mr. Word and his prisoner and load of liquor were in The Dalles and that the trip to Portland would be resumed in the morning.

While driving to The Dalles Wednesday night, the car had turned over on the Miller grade, he said, and the better part of the day had been spent in recovering the scattered cargo of wet good and righting the auto. Neither Mr. Cooper nor his prisoner was injured in the accident.

Local officials are at a loss to explain the cause prompting the federal agent's reports, as in his last phone message to Bend yesterday he stated that his deputy was safe, that the car had been found, but that the liquor was gone.

According to a story published in a Portland paper, Mr. Word and his prisoner were eating in a restaurant in The Dalles at 4 o'clock in the morning, when some unknown person stepped into their car and drove away with 155 quarts of whiskey. Later, the account goes, the car was found near Dufur, but the liquor had vanished.

MUTINY REPORT WAS OVERDONE

MEN AND OFFICERS FROM ARCHANGEL SECTOR DENY STATEMENTS CIRCULATED CONCERNING ALLEGED UPRISING.

(By United Press to The Bend Bulletin.) BREST, June 13.—Officers and men of the 339th infantry today declared that reports of the "mutiny" on the Archangel front had been "overdone."

Preceding the trip to the front, the non-commissioned officers told their commanders that the men were restless, it was stated. Colonel Stewart, commanding the American forces in that sector, asked the soldiers what was wrong, and a corporal said that they wanted to know what they were fighting for.

"To save our own lives until we are taken out," the colonel is quoted as replying. He then asked if there were any of the men unwilling to go to the front, and received a unanimously negative answer.

The next morning the men were engaged in stiff fighting and made a fine record. The officers said that the men of the 339th were great fighters and that there were neither desertions nor courts martial for any known offense.

NOISE MAKER FINED IN POLICE COURT

Neighbors Complain Against F. M. Wilson—Was Not Intoxicated, Says Defendant.

Complaints by neighbors that F. M. Wilson, residing in the mill district, was creating altogether too much disturbance in his home, led to Wilson's appearance in police court yesterday after his arrest by Fire Chief Tom Carlson on a charge of drunkenness and disorderly conduct. The defendant pleaded guilty to the latter part of the complaint, but maintained that he had not been intoxicated. He paid a fine of \$10 levied by Judge D. H. Peoples.

OWNERS OF LIQUOR ASKING PROTECTION

SAN FRANCISCO, June 13.—Diamonds and pearls can be kept under a pillow—but if you have booze in your basement, telephone for the police.

That is how San Francisco feels about it. Owners of whiskey and wines are making more calls upon the police to protect their property than any other class of people. Jewelers are careless compared to those who have stocks of booze. The mint is reckless, but the owner of the ingredients of mint julep is not.

Members of the Bend Rod and Gun club will meet at 8 o'clock tonight at the council rooms in the Sphjer building. A large attendance is desired as important business in connection with affiliation with the Bend Amateur Athletic club will be decided on.

Embargo on U. S. Autos Is Severely Felt In Europe

(By United Press to The Bend Bulletin.) WASHINGTON, D. C., June 13.—A tremendous automobile and truck shortage is fast developing in Europe because of embargoes on motor vehicles now in force in England, France and Italy, says Secretary C. C. Hanch of the National Automobile Chamber of Commerce. Hanch, who has just returned from a four months' investigation tour of Europe, declared that European markets could "use up every American car and truck now available over domestic requirements," if the embargoes were lifted.

HOUSE PASSES ARMY MEASURE

\$110,000,000 PARED FROM APPROPRIATION, AND ARMY IS ORDERED TO BE REDUCED TO 300,000 MEN.

(By United Press to The Bend Bulletin.) WASHINGTON, D. C., June 13.—The house today passed the army appropriation bill after a three-day debate. It carries \$700,000,000, a reduction of \$110,000,000 from the amount which the committee on military affairs recommended. The house also ordered the reduction of the army for the next fiscal year from 400,000 to 300,000 men.

OVERTURF SKYLARKS 4000 FEET IN THE AIR

"Beats Hill," Reads Wire Telling of Flight, but Possibly Last Word Was Misspelled.

H. J. Overturf of this city found out just how the Willamette valley looks from an elevation of 4000 feet when he flew over Portland today in one of the government planes which compose the aerial circus, one of the big features of the rose festival this year. Mr. Overturf's wire, telling of his experience, was received shortly after 1 o'clock this afternoon. "Just did all the air stunts, great, 4000 feet above earth; beats hill," his telegram read.

An editorial conference was immediately called when the message was received by The Bulletin to determine the meaning of the last two words of the telegram. At first it seemed probable that Mr. Overturf referred to the great elevation attained as superior to that of a hill for taking observations, but it was finally decided that the closing word of the message must have been misspelled.

ARMY CHAPLAIN TO FILL BEND PULPIT

Temporarily to fill the pulpit at the Methodist church, recently vacated, the Rev. George H. Parkinson, formerly of Eugene, has arrived in Bend, and will remain here during the remainder of the summer. Mr. Parkinson was chaplain at the base hospital at Camp Lewis, and received his discharge from the service a short time ago.

ALLIES BEGIN THEIR REPLY TO HUN NOTE

WILL BE BASED UPON NATIONS' REPORTS.

ITALIANS QUIT PARIS

Consider That Answer to Counter Proposals Will Be Finished by Night—Germany to Be Admitted to League of Nations Soon.

By Fred S. Ferguson (United Press Staff Correspondent.) PARIS, June 13.—The allied commission appointed to draft the reply to the German counter proposals began work this afternoon, after receiving nine reports from the "Big Four" upon which to base the document. A semi-official French note said that the report would be handed Brockdorff-Rantzau, leader of the German delegates, Sunday evening or Monday morning, and that eight days will be allowed for consideration of the reply by the Germans.

WORK NEARLY ENDED.

PARIS, June 13.—Premier Orlando of Italy and General Diaz left for Rome last night convinced that the work of the chief allied powers is virtually completed and that no more fundamental decisions will be reached by that body regarding the peace settlement.

This action on the part of the Italians is assumed to mean that the allied reply to the German counter proposals will be definitely completed before night. It was learned from an authoritative source that the reply provides for Germany's admission into the league of nations "within a short time."

SISTERS BENEFITED BY HEAVY RAINFALL

Storm of Great Value to Ranchers—Lightning Fails to Start Fires in Timber.

While rainfall in Bend yesterday and last night was insufficient to lay the dust, a heavy precipitation occurred in the Sisters section all day yesterday, according to Fire Warden J. D. Bowman, who returned to Bend last night. Ranches throughout the Sisters country were badly in need of a shower, and the down-pour is considered to be worth thousands of dollars.

No forest fires were reported as a result of the lightning, the electrical storm making itself felt chiefly in the mountains, where a heavy carpet of snow still protects the timber.

PLAN FOR LIBRARY DELAYING COUNCIL

Members Wish to Know Length of Time for Which Appropriation Must Be Made.

Waiting for more definite information as to the length of time for which maintenance must be guaranteed in securing a Carnegie library, the Bend city council will not meet until some time next week to set the date for a special city election on the 1920 budget, Mayor J. A. Eastes announced this morning.

A \$3,000 appropriation was asked by the library board, but council members are of the opinion that this must be made for a number of years and are making inquiries on this point before preparing for the election, at which this appropriation will be referred for popular vote.
