

DRASTIC LAWS AGAINST BOOZE ARE OUTLINED

HALF PER CENT. TO BE ALCOHOL LIMIT.

EXCEPTIONS ARE FEW

Patent and Proprietary Medicines Must Be Shown Not to Be Substitutes for Liquor—Prescriptions Limited in Number.

(By United Press to The Bend Bulletin.)

WASHINGTON, D. C., June 25.—Drastic legislation to enforce both war-time and constitutional prohibition was completed today by the house judiciary committee. With slight modifications by the "ultra drays," the same bill was proposed to be submitted to the house.

According to the contemplated legislation, any beverage containing more than 1/2 per cent. alcohol is an "intoxicating liquor," and when war-time or constitutional prohibition goes into effect it shall be unlawful to manufacture, sell, give away, receive or possess any such intoxicant, except as authorized by the act, the only exceptions being for medicinal, sacramental or scientific purposes, or where liquor is stored in homes for private use before the act goes into effect.

Manufacturers of patent or proprietary medicines must prove that their preparations cannot be used in place of intoxicating liquors.

Prescriptions Limited.
Liquor may be prescribed for medicinal purposes only by reputable physicians, and only one such prescription may be given every 10 days. Pharmacists filling such prescriptions must be licensed. Permits must be secured by manufacturers preparing liquor for legal purposes.

Transportation permits also will be required, and all vehicles used for illegally conveying liquors, including automobiles, boats and airplanes, may be seized and disposed of by court order.

No formula for making liquor, nor any tablets or substitutes for this purpose, may be sold.

SMALL SHEEPMEN TO CUT DOWN EXPENSES

Cooperative Association Formed to Enable Members to Eliminate Heavy Overhead.

To cut down overhead cost and to make possible the introduction of better blood in their flocks, the small sheep owners of Cline Falls and Tumalo met here yesterday afternoon with N. G. Jacobson of the Deschutes national forest and R. A. Ward and formed a sheepmen's cooperative association. The sheep will be pooled for grazing, expense pro-rated and by combining the 15 small bands owned by the membership it will not be necessary for the owners to forego the privileges and advantages of grazing their sheep on the national forest.

Only fine wool ewes will be run, but Hampshire bucks will be used, and the First National bank has agreed to finance their purchase.

Officers of the new organization are: John Marsh, president; C. P. Becker, vice president; and A. E. Hoss, executive committee member. Mr. Becker, Mr. Hoss and Mr. Ward were named as members of a constitution and by-laws committee.

TREATY TERMS WORTHLESS, IS COMMENT MADE

A "SCRAP OF PAPER," SAY VORWAERTS.

FORCE ONLY SUPPORT

German Publication Warns People Against Taking Agreement Seriously, Declaring That It Is Based on Violence.

(By John Graudenz)

BERLIN, June 25.—The Berlin Vorwaerts, the majority socialist organ, yesterday described the peace treaty as a "scrap of paper."

"Extortionate pressure renders the signature on the treaty worthless," said the Vorwaerts. "We must never forget that it is only a scrap of paper. Treaties based on violence can keep their validity only so long as that force exists. Do not lose hope. The resurrection day will come."

General von Lutwitz has appealed to the officers and soldiers of the German army to continue on duty, as several minor food riots which have occurred in Berlin in the last few days have shown the possibility of growing in scope and violence. A strike involving the postal, telegraph and telephone employees seemed certain today.

The vessel, which is of the latest improved type, will have a cubic capacity of over 1,200,000 feet, and is designed to carry 100 passengers to America in 48 hours. The average speed for the trip will be 75 miles per hour, and the fare should work out at about 4 cents a mile, or \$240.

NATIONALIZATION OF LAND ASKED BY BRITISH LABOR

(By United Press to The Bend Bulletin.)

SOUTHPORT, Eng., June 25.—The National Labor party opened its annual convention here today—the party's first formal gathering in its new role of second strongest party in England and official opposition in the house of commons.

Under the impetus of the reviving interest in national politics the conference will, it is anticipated, furnish the stage for an animated discussion of a large number of national and international issues.

Today and tomorrow the party chiefs hope to evolve a new program, strong enough to enable them to make a telling bid for victory in the coming parliamentary struggle for control of the government.

Rather wide differences of opinion have arisen within the party itself since last year's conference, and the line between right and left wings has become more marked. In several instances the radicals (lefts) have entered local contests as a distinct party in opposition to the regular labor candidates, calling themselves the "Socialist Labor party."

DEFER ACTION ON PEACE PLAN

SENATE COMMITTEE IN FAVOR OF SEPARATE TREATY WITH GERMANY, HOWEVER—BORAH SCORES COMMISSION'S WORK.

(By United Press to The Bend Bulletin.)

WASHINGTON, D. C., June 25.—The senate foreign relations committee voted today, 12 to 4, to defer action on the Fall resolution for a separate peace between the United States and Germany until the Germans have signed the treaty.

According to Senators Lodge and Fall, the majority of the committee favored the resolution, but regarded the present as an inopportune time to present it. While the committee was reaching this decision, Senator Borah, in a brief but fiery speech, declared that the peace treaty is a guarantee of war.

He sharply criticized the conference for ignoring the claims of Ireland and Korea.

BEND TO BURNS RAILWAY ASKED

COMMERCIAL BODIES OF TWO CITIES MAY AGITATE QUESTION—LUMBER PRICES MAKE LITTLE CHANGE, CLUB HEARS.

That the Bend Commercial club shall recommend to the Burns Chamber of Commerce the advisability of agitating for an east and west railroad to connect the two cities was the decision reached by the club this noon at its regular weekly meeting, the action being taken following a motion to that effect by W. C. Bird-sall, who stated that he believed the State Chamber of Commerce would be ready to lend its hearty support to the movement. There was no discussion.

In reply to a question by A. Whelan, the question of retail lumber prices was brought up, and H. A. Miller of the Miller Lumber Co. was asked for a statement in regard to rumored advances in quotations. In answering, Mr. Miller declared that lumber had gone up only \$2 a thousand in the last two years, and that he had been assured by mill officials in Bend that no further increase need be expected for some time to come. J. P. Keyes of the Brooks-Scanlon mill spoke on the same topic in response to a question by F. Dement. Discussion of hardware prices may come up at the next club meeting, it was intimated.

No action was taken on the suggestion made by Hugh O'Kane that city officials of Bend appear in uniform in the Fourth of July parade.

BUYERS SECURE MANY CLIPS AT BIG WOOL SALE

SEVERAL DEALS ARE STILL PENDING.

54-CENT BID IS BEATEN

Atkinson Wool Holds Record for State for This Year—Eastern Mills Get Big Share of Total Poundage Disposed Of.

One of the most successful wool sales ever held in Bend came to a close late yesterday afternoon at the United warehouse, after some 600,000 pounds of fine wool had been offered to the buyers. Of this amount 310,096 pounds were sold at bids ranging from 42 1/2 to 54 1/2, and in addition several deals, it was understood, would probably be closed today or tomorrow. After the purchase by T. E. Fell of Portland of the 22,000-pound clip of Parker & O'Keefe at 54 cents, it was thought that the price would go no higher, but a particularly choice lot, offered by John Atkinson, drew a bid of one-eighth of a cent more from Alex. Livingston, representing the American Woolen Mills of Boston, again smashing the 1919 state record, already twice broken.

Buyers from Portland, Salt Lake, Pendleton and Boston were present at the sale, but a large share of everything purchased was for direct shipment to eastern mills.

The sale was put on by the Central Oregon Wool Growers' association, aided by the First National Bank of Bend and the United Warehouse, and was the first to be held here in three years. Both from the standpoint of prices and of wool disposed of, it was considered unusually successful.

Many Sales Closed.

The following sales were closed: Ned Angland, 7477 pounds at 46 1/2 cents, to Isador Koshland of Boston; Barry & Ahern, 54,400 pounds, at 50 1/2 cents, to Charles Green of Portland; Dan Hourigan, 24,639 pounds, at 47 1/2 cents, to the American Woolen Mills, Boston; Payne & Lester, 11,284 pounds, at 50 1/2 cents, to the American Woolen Mills; Dennis O'Connor, 15,250 pounds, at 45 cents, to Isador Koshland; Pitcher & Warner, 51,500 pounds, at 50 1/2 cents, to the American Woolen Mills; Earl Small, 7354 pounds, at 52 1/2 cents, to the French Woolen Mills of Boston; O'Callaghan Bros., 13,761 pounds, at 53 1/2 cents, to the American Woolen Mills; Con O'Keefe, 15,700 pounds, at 53 1/2 cents, to Isador Koshland; L. Cook, 3325 pounds, at 46 1/2 cents, to the French Woolen Mills; Jack O'Keefe, 30,000 pounds, at 50 cents, to Tryon & Co. of San Francisco; John Atkinson, 3744 pounds, at 54 1/2 cents, to the American Woolen Mills; McBroom & Dobbins, 7000 pounds, at 50 cents, to Charles Green of Portland.

BRITAIN CELEBRATES BY WEARING ROSE

(By United Press to The Bend Bulletin.)

LONDON, June 25.—"Alexandra day," which was inaugurated in 1913 to mark the fiftieth anniversary of the arrival in England of Queen Mother Alexandra, is being celebrated today, and from an early hour this morning pedestrians were way-laid by white-robed women and girls selling the little pink roses associated with the festival. The pink rose was the only badge that ensured immunity from the attacks of the flower sellers, 10,000 of whom stormed London this morning. Over 14 million imitation roses were made by crippled children and soldiers, the proceeds of the sales going to charities selected by the queen mother.
