## VOTERS OF NORTH DAKOTA PASS ON STATE OWNERSHIP

(By United Press to The Bend Bulletin.)  
BISMARCK, N. D., June 26.—National interest centers today on the voters of North Dakota, who will decide the fate of the Non-Partisan league program of state-owned industries in a special election called by Governor Lym J. Frazier upon the filing of petitions asking for a referendum on seven laws, passed by the "farmer" legislature in January, this year.

Two of the bills upon which a vote is being taken are the "parent measures" of the state owned industries. They are the industrial commission bill, creating a commission to manage the state-owned industries and the home building act, and the North Dakota bank bill, necessary to finance the undertakings. If these fail, the state-owned flour mills and elevators cannot be built.

Other measures upon which a referendum is being taken are: State printing commission bill, establishing one official paper in each county to be chosen by the voters at general elections; the board of administration bill, creating a board which will govern the educational and penal institutions of the state; the one-man tax commission bill; commissioner of immigration bill; judicial redistricting bill.

When these laws were passed by

the legislature, much dissatisfaction was voiced through the opposition press of the state, and Governor Frazier, a Non-Partisan, announced that if petitions bearing 15,000 signatures were filed—the law requires 30,000—he would call a special election. The petitions were undertaken by the Independent Voters' association, an organization opposed to the Non-Partisan league, and 35,000 signatures were secured.

### EX-CROWN PRINCE FLEES TO GERMANY

VERSAILLES, June 26.—The former crown prince of Germany has escaped from Holland to Germany, the allies were advised today. The report stated that a German staff officer accompanied him.

**Did Their Own Raising.**  
I am much interested in my garden and therefore was considerably annoyed when I saw a coop of chickens being carried into my next door neighbor's back yard. But as the days passed and no chickens showed up, I interviewed the neighbor's little boy in this way: "Buddy, I hear you folks have started to raise chickens on your place."  
"They raised themselves," he answered. "They flew over the fence and got away."—Chicago Tribune.
