The Seashore and Mountain Resorts

Of the Great Pacific Northwest Are Made Especially Attractive This Summer by the **Reduced Excursion Fares** Offered by the **United States Railroad Administration**

Plan your vacation to visit one or more of them, where the days are cheerful and the nights bring refreshing sleep.

Old Ocean is a summer-time delight. Its invigorating salt-laden air and the splash of its surf temper your nerves, redden your blood, whet your appetite, restore your wasted energy, bring new vim and health.

Up in the Mountains You get an equally beneficial phase of recreation. You leave behind the pull and worry of daily business life. The scenery is sublime and inspiring. Nature's great plan surrounds and charms and renews you. You can "hike," camp out, climb lofty peaks, fish numerous trout streams and lakes, ride horseback, lounge in your hammock, rest, sleep and forget all your cares. Meanwhile you are breathing the purest air, drinking sparkling crystal waters, eating wholesome food and being made all over new.

Can You Resist Such a Challenge! Ask the local ticket agent to help plan your trip. He will tell you just what the fare is and give you other helpful hints. It is the aim of the United States Railroad Administration to extend every possible aid in making vacation travel convenient and satisfying to the public. The National Parks have all been greatly improved and were never as appealing as they are now. Beautifully illustrated booklets giving minute information of their delights and wonders have been issued by the Administration and are for free distribution. Ask your local agent for any of them.

Emphatically Stated.
The biggest problem facing the Japanese studying English in his flowery home is finding some one to practice his oral English on. One might say he is up against it for laboratory facilities.

But, says E. F. S., who has just come from Japan, the students are eager to seize every opportunity. Miss Mann, an American, was walking along the main street in Nikko one day when she was approached shyly by a native student, who said:
"Please may I speak English with you?"
"Be brief—what is it?" the lady replied.
For a minute the student swayed back and forth in his agony of phrasing a foreign sentence, and then he exclaimed:
"Verily, verily, I say unto you, it is a warm day!"—Kansas City Star.

How France is Being Helped.
Farm labor problems in France are being taken up seriously by the American committee for devastated France, which has communicated the plan of its work to the department of labor.

The committee's aim is to increase the productivity of French farms as much as possible and to make France as nearly self-supporting as it can, so that the produce from American farms can be supplemented by grain and other foodstuffs grown at home.

Quack Remedies.
"Bolshevism can't make this poor world of ours a heaven," said Mayor Cornell Schreiber of Toledo, O. "Bolshevism is a quack remedy, and the bolshevik remind me of Blanc."
"To Blanc, who had a cure for everything. Nore remarked that his overworked brother couldn't be induced to take a holiday.
"He's terribly run down," said Nore, "but he won't lay off—says he'd be lost without his profession."
"Humph," said Blanc. "What is your brother's profession, may I ask?"
"Chiroprapist," said Nore.
"Then," said Blanc, "the thing is easy. Let him take his holiday at the foot of a mountain or in the fertile corn country of the middle West and for holiday reading let him purchase 'The Pilgrim's Progress,' by Bunyan."

Medicinal Properties of Beech Tree.
The beech, which is found in the temperate zone in Europe, America and Asia, is valuable in medicine for the creosote distilled from its tar. Creosote, creosote carbonate and guaiacol are medicines used to supplement the hygienic measures which have done so much to reduce the death rate in sufferers from pulmonary tuberculosis.
