By tomorrow everybody connected with Bend Victory Fourth of July celebration will be ready to say "Let's go." The street corner vendors of wienies and buns, the hit-the-nigger-baby, and down-the-black-man, the doll-baby man, all are on the job getting ready for daylight Friday.

The committee in charge of all the features for the celebration have all details perfected. One of the busiest men in this connection is E. D. Gilson, who is in charge of the parade, and is announcing elsewhere in this paper the parade program, showing the points of assembling, the line of march and such other directions as he wishes to be carried out on time. It is essential, according to Mr. Gilson, that all who enter the parade assemble on or before 9 o'clock Friday morning so that every detail with regard to the formation may be in readiness for moving off not later than 9:20 a. m. This is necessary because it is desired that the parade will be held up.

Good Address Promised. Immediately following the parade the program will be held on the vacant ground near the gymnasium. At this time Hon. B. F. Mulkey of Portland will speak to the people of Bend. Mr. Mulkey is reputed to be one of the most eloquent speakers in the state. He has been heard in Bend before on the occasion of the presidential campaign. He will no doubt have something well worth while giving to the people of Central Oregon at this time. Other features of the program are under the direction of Dr. J. G. Turner.

Sport Program Varied. Beginning promptly at 1 o'clock, the street sports for the boys, girls, men and women will be held on Bond street. The events planned, with the prizes to be offered, are as follows: 100-yard dash for men, first \$10, second \$5; 100-yard dash for boys under 16, first \$5, second \$2.50; 50-yard dash for ladies, first \$5, second \$2.50; 50-yard dash for girls under 16, first \$5, second \$2.50; shoe race, first \$5, second \$2.50; potato race, first \$5, second \$2.50; hop, skip and jump, first \$5, second \$2.50; bicycle race, first \$10, second \$5; relay race, 4 men to team, \$20; tug-of-war, 15-men teams; 75; 3-leg race, first \$5, second \$2.50; fly casting contest for distance, first \$15, second \$5; for accuracy, first \$15, second \$5; girls' horse race, first \$15, second \$5; two men's horse races, free for all, first \$25, second \$10, each.

Artillerymen to Play. As soon as these events have been completed, Bend will meet the crack Portland aggregation, Battery "A,"

MILLION MEN TO QUIT JOBS

PROTEST STRIKE WILL START FRIDAY.

Duration Will Be Four Days—If Unsuccessful in Liberating Mooney, Similar Walkout Will Begin on Labor Day.

(By United Press to The Bend Bulletin.) SAN FRANCISCO, July 2.—A million men will quit work Friday four days in the first demonstration in behalf of Thomas Mooney, Selig Schulberg of the International Workers' Defense league, told the United Press today. This number represents practically all organized trades and will affect practically every city an d town in the United States. "The best response to the movement is likely to be in Minneapolis, Detroit, Chicago, Butte, Seattle, Tacoma, Great Falls, Montana, and Terre Haute, Indiana," he said, declaring that the biggest single craft ready to walk out is the United Mine workers.

ORDERS KEYMEN BACK TO WORK

IMPOSSIBLE TO FIGHT BURLESON AS WELL AS COMPANIES, DECLARES PRESIDENT OF THE TELEGRAPHERS' UNION.

(By United Press to The Bend Bulletin.) CHICAGO, July 2.— President Konenkamp, of the Commercial Telegraphers' Union of America, declared today that the striking keymen of the Western Union and Postal telegraph companies would return to work this afternoon. "The strike is called off because we aren't strong enough to fight the government as well as the companies," he said. Mr. Konenkamp issued a statement in which he attacked Postmaster General Burleson for "marshaling government agencies to fight against the workers," and declaring that he and his party must bear the blame.

U. S. WILL KEEP EYE ON EUROPE

WILL STAND BY ALLIES IN SEEING THAT TERMS OF PEACE TREATY ARE CARRIED OUT, SAYS GENERAL PERSHING.

(By United Press to The Bend Bulletin.) PARIS, July 2.—"Our flag is here; our work is here; our honor is here. The world must understand that we will stand by our allies in seeing that the peace treaty is carried out," General Pershing declared today in connection with the announcement of plans for returning to America the regular army divisions now serving in Germany.

SECOND HAND MAN NAMED IN WARRANT

Charged with the violation of the city law by purchasing articles of value from a minor, Alex. Stanlake, second hand dealer, was named as defendant in a warrant issued by Police Judge D. H. Peoples this morning. The hearing was set for 1 o'clock this afternoon.

A. F. OF L. "WETS" DEMONSTRATE IN WASHINGTON

Thousands of "wets" from the American Federation of Labor convention, led by President Gompers, held a great demonstration on the east front of the capitol in Washington the other day to express their disapproval of the prohibition of beer and light wines. Representative C. H. Randall of California, seen in a Palm Beach suit, was the only prohibitionist in the delegation who mingled with the "wets" and voted against them in the meeting.

Whiskey Labels Clog Intake of Railroad Engine

(By United Press to The Bend Bulletin.) OMAHA, July 2.—Seventy-six pints of whiskey, secreted by bootleggers in the tank of a locomotive almost caused the engine of a Missouri-Pacific train to explode today. The engineer discovered at Auburn, Nebraska, that the water in the boiler was exhausted, and the fireman immediately dived into the tank and found that the intake pipe had been clogged by Cedar Brook labels which had been washed off bottles.

BUSINESS MEN ARE LIBERAL

EXCELLENT RESPONSE MADE TO APPEAL FOR FUNDS FOR CELEBRATION ON FOURTH, CHAIRMAN REPORTS.

Bend business men for the most part have responded encouragingly to requests for subscriptions for the Fourth of July celebration fund, and if the ball game, scheduled for the afternoon of Independence day, pays expenses, the money collected will just about take care of the demonstration here, Charles W. Erskine, chairman of the celebration committee, reported at the weekly meeting of the Bend Commercial club at the Pilot Hotel this noon.

BIG GAS BAG CROSSING SEA

BEGINS FLIGHT FROM SCOTLAND INTO AMERICA IN EARLY MORNING—PROGRESS HALTED BY DENSE BANKS OF FOG.

(By United Press to The Bend Bulletin.) LONDON, July 2.—The position of the British dirigible R-34 at noon, Greenwich time, was 55.7 north latitude, 14.5 west longitude, a wireless message to the admiralty announced today. "All's well," the message said. The dirigible, the largest in the world, began its trans-Atlantic flight at 2:40 o'clock this morning, taking to the air at East Fortune, Scotland.

TRAINING IS COMPLETED AT EASTERN FIGHT CAMPS

By H. C. Hamilton (United Press Staff Correspondent.)

TOLEDO, O., July 2.—Training came to an end today in the camps of Jess Willard and Jack Dempsey, heavyweights scheduled to battle Friday afternoon for the world's championship. Toledo itself had settled to a period of watchful waiting. The massive arena, built within a hundred yards of a lagoon where Toledo has its yacht club, was finished. Bare yellow lumber—1,750,000 feet of it—stands out in the center of Bayview park, a glaring octagon, laced in and out with heavy timbers to keep it steady under the weight of the enormous throng expected to witness the bout. It is practically a duplicate of the arena Tex Rickard built at Reno, Nev., when he staged the mill between James J. Jeffries, then the heavyweight champion, and Jack Johnson. It will hold many more people, but the architect, James J. McLoughlin of San Francisco, built it to conform to the standards he laid down when he built the Reno structure.

CHAUTAUQUA IS STARTED TODAY

BIG CROWD ATTENDS OPENING PROGRAM AT GREENWOOD AND WALL THIS AFTERNOON—GOOD ATTRactions BILLED.

With a large crowd in attendance, the 1919 Chautauqua opened in Bend this afternoon with the concert given by the International Trio, following announcements for the week made by R. O. Youtz, director. Tonight, at 8 o'clock, a concert prelude will be given by the International Trio, the balance of the evening being devoted to a lecture, "The Oriental Pageant," by Julius Caesar Nayphe.

MORSON DITCH WATER IS USED

Water for 2,000 acres owned by Jesse Stearns, George and Mike Mayfield, are now under water through the ditches of the former Morson project, according to E. L. Clark of La Pine, who is in the city today on business. Practically all of the land under the ditch is in cultivation, sowed to timothy, clover and wild grass. The crops in that particular, according to Mr. Clark, are in fine shape.

GENERAL AGENCY FOR STATE IS GIVEN OUT

J. B. Anderson of Bend has been given the general agency for the state of Oregon for the California State Life Insurance company. Mr. Anderson has been with this company for the last three or four years. It is his intention to be active in the company's interests throughout the state.

NEW SCHOOL BOARD HAS FIRST MEETING

Members of the Bend school board, holding their first meeting last night since the reorganization of the directorate, elected J. Alton Thompson clerk of the board. J. P. Keyes was appointed to contract for the year's supply of fuel necessary at the schools.

CITY TO SAVE ON SEWER PLAN

RAISING OF GRADE IS ADVISED.

Street Improvement Plans Discussed by Council—Careless Blasting on Excavation Contracts Is Condemned.

How the city of Bend can save more than \$4000 by slightly raising the grade of sewers now being planned for construction was explained last night by Engineer Robert B. Gould to the city council at the regular meeting of that body. Sewers in residence districts were formerly planned to be laid deeper than was necessary, Mr. Gould said, with the result that rock excavation greatly increased the cost. According to the estimates prepared in the city engineer's office, sewer construction is much less expensive than the installation of septic tanks, and the council went on record in favor of a policy of a rapid extension of the sewer system.

Commend County Work.

The matter of street improvements on Congress, Tumalo and Broadway was brought up, and, with the sewer question, was referred to the streets committee for action. Chairman Rhodes, of the committee, reported the completion of the bridge over the Deschutes at the foot of Tumalo, at a total cost of about \$800. This is shared with the county, and Mr. Rhodes stated that Commissioner C. H. Miller had been largely responsible for having the job completed in so short a space of time. He announced also that the county will shortly improve the approaches to the Newport avenue bridge over the river.

Councilman McPherson, of the police committee, urged that a higher salary be paid Night Officer F. L. Kulp, and on his recommendation it was voted to raise the monthly remuneration from \$120 to \$140. Councilman Magee asked for an order compelling members of the police force to appear in uniform, but no action was taken.

City Camp Popular.

E. L. Payne, of the parks committee, reported that the city camp ground is becoming more and more popular, and mentioned the need of tables and for additional means of keeping the grounds in sanitary condition. The question was referred back to him with power to act.

An ordinance providing for a new scale of charges at the cemetery and for the payment of a sexton was passed under an emergency clause, after brief debate.

That careless blasting by contractors having excavation jobs is endangering life and property was the declaration of several of the councilmen, and the matter was referred to the police with special instructions to pay particular attention to any place within the city limits where blasting is going on.
