

NEW WAR MAY COMMENCE WHEN NATIONS RECOVER IF TREATY NOT RATIFIED

President Wilson Sees Mars Again Ascendant--Opens Speaking Tour Today

LEAGUE OF NATIONS MUST SAFEGUARD WORLD PEACE.

Audience Listens in Silence as American President, with No Attempt at Oratory, Explains Provisions of Treaty and Covenant in Detail—Strong Appeal for Support of ex-Soldiers and Unionists Is Made.

[By United Press to The Bend Bulletin.]

COLUMBUS, O., Sept. 4.—A new effort at conquest will be made by some nation as soon as the last war is recovered from unless the United States ratifies the peace treaty, including the league of nations covenant, President Wilson declared here today in the first speech of his ratification campaign. The league of nations is the only safeguard against more wars, he asserted.

Furthermore, he declared, the league covenant must be ratified by the United States in order to make good the promise to American soldiers who were called on to fight to end all wars.

He predicted that peace will be brought into contempt without the league, and said that the treaty rectified age-long wrongs in Europe—wrong which have been a fertile source of wars for generations.

The audience, which packed the hall to the roof, listened for the most part in silence, with occasional brief outbursts of handclapping. The president made no effort at oratory, but explained the treaty with painstaking detail, like a lecturer.

American Principles Dominate.

He said that the treaty is shot through with the American principle of letting the people pick the government. This brought loud cheers, and was followed by the statement that the treaty also contains the Magna Charta of labor, a thing unheard of until this war. The president said that the international labor conference to be held in Washington next month would be under this clause.

"And let me tell you one thing," he added grimly, thrusting out his jaw, "that conference will meet next month no matter whether the treaty is ratified by that time or not."

He declared that arguments against the treaty were based on misunderstandings, and asked his hearers to use every local influence to bring about the acceptance of the treaty. "When this treaty is accepted, as it will be accepted, our men in khaki won't have to cross the seas again," he predicted.

President Wilson left for Indianapolis at 10 o'clock this morning. As his train left the station he stood on the back platform waving his hat to the crowd.

Rancher's Death Definitely Laid To Carranzistas

[By United Press to The Bend Bulletin.]
LAREDO, Tex., Sept. 4.—Charges that Carranzistas murdered John Correll, American rancher, near Tampico several weeks ago were confirmed in special dispatches received here from Tampico today.

Shopmen Reject Wilson's Offer for Wage Advance

[By United Press to The Bend Bulletin.]
WASHINGTON, D. C., Sept. 4.—Railroad shopmen voted overwhelmingly today to reject Wilson's proposal for a 4-cent an hour increase, and also voted to leave the strike question in the hands of their national officers. The railway department, American Federation of Labor, announced the vote.

HAY YIELD IS MUCH LARGER

INCREASED ACREAGE AND USE OF SULPHUR CHIEF CAUSES—LITTLE OF CROP CONTRACTED BY STOCKMEN.

Increased acreage, a higher yield per acre due to the large amount of alfalfa land which has been reseeded with sulphur, and the fact that little attempt has been made so far to contract any large quantities of fodder in Central Oregon, will make possible a general and more equable distribution of hay this winter than has been usual in past seasons. As crop returns now stand, there should be slightly more than enough to take care of all the stock in Central Oregon, but if cattlemen take advantage of some of the fancy prices being offered by buyers there is an excellent opportunity for shipping a good quantity of the high grade alfalfa raised on the irrigated ranches of Deschutes and Crook counties.

If cattle are disposed of in this fashion, it is considered likely that hay may drop to \$18 on the ranch by the first of the year. The present quotation is for \$20, while for first class alfalfa, delivered in Bend, \$25 is being paid. One sale was made in the latter part of August, in which \$30 was paid, but the quantity was small, and the transaction is not typical of the general tone of the market.

An important factor in deterring stockmen from contracting fodder in large quantities, thus greatly advancing the prices, was the experience of last year, when an open winter left them with a considerable amount still on their hands, with the coming of spring. The acquisition of home ranches where a good percentage of the crop necessary for wintering can be raised, has also been a determining cause.

BEND HUNTERS DOWN BUCK NEAR CRESCENT

Five Pointer Brought Into City Last Night Believed to Be First of the Season.

To R. H. Loop, G. P. Smith, and "Pete" Belleau of this city, belongs the honor of bagging the first buck brought into Bend this season, as far as can be learned, while Loop has the distinction of firing the shot which brought down the animal 15 miles from Crescent, on Labor Day. The buck, a five pointer, was brought into Bend last night.

Deer are plentiful in the Crescent section, according to the Bend hunters, but heavy underbrush makes hunting no easy matter. Mrs. Loop, Mrs. Smith, and Mrs. Belleau accompanied their husbands on the trip.

WILL ALTER OLD SCHOOL

STOKES' PLANS TO BE FOLLOWED.

Directors Will Make Building Good Fire Risk—Salary Raise Suggested for Instructors—New Teachers Elected.

Acting on a letter from Deputy State Fire Marshal George W. Stokes, in which recommendations are made for various alterations in the Central school building to transfer the building from the firetrap class, the Bend school board, in session last night, voted to repair the building as outlined by Mr. Stokes, and the chairman of the board was instructed to obtain estimates as to the cost of making the proposed changes. It is expected that the work will be started at once.

Carl A. Johnson was in favor of selling the school building and moving it from its present site, and brought in a minority report making this recommendation.

To Make Building Safe.

Changes suggested by the Deputy marshal following his recent visit to Bend include strengthening of the fire escapes and railings, partial reinstallation of electric wiring, and construction of a new chimney large enough to make the number of stoves required in the building, safe.

The matter of a salary raise for instructors was brought up by Mr. Johnson. He contended that teachers not entering on their first year in the Bend schools, should be given a 10 per cent increase. His motion to this effect was not seconded.

New instructors elected for the grades included Miss Mary Farris and Miss Ida Benson, both of Portland, and Miss Hazel Nell, of Tacoma.

It was decided that hereafter, regular meetings of the board will be held on the first and third Wednesdays of each month, at 7:30 o'clock.

A three months' leave of absence from board meetings was granted Mrs. E. M. Thompson.

NECK BROKEN, RIDER LIVES

PERCY DRINKWATER OF SUMMER LAKE MAKES COMPLETE RECOVERY FOUR WEEKS AFTER FRACTURE.

A broken neck is ordinarily considered to be synonymous with death, but to Percy Drinkwater, of Summer Lake, it is merely an unpleasant accident. Four weeks after suffering a transverse fracture of the third cervical vertebra, he is able to walk and ride, apparently suffering no inconvenience from his unusual experience. An X-ray picture taken yesterday afternoon showed that the fracture had been successfully reduced leaving only a slight enlargement at the point where the broken ends of the bone had knitted.

Mr. Drinkwater's neck was broken early in August, when he was thrown from a horse at Summer Lake, and dragged for a considerable distance. It was several days before he was brought to Bend, and then it was found that not only had one of the units of the spinal column been fractured, but that a blood clot was pressing on the brain as well. The clot was gradually absorbed, and yesterday's X-ray examination showed that the fracture had been successfully reduced.

The patient will be discharged from the Bend Surgical hospital Monday.

BEND GIRL PASSES WHILE IN PORTLAND

Word was received today by wire of the death of the 14 year old daughter of David Kelly, in Portland, where the child has been under the care of a specialist for some time. The body will be brought to Bend, and funeral services will be held at 10 o'clock tomorrow morning from the Catholic church.

ROBBER CHIEF IS PENNED IN

VILLA IN TRAP NEAR DURANGO

CARRANZISTAS SURROUND BANDIT CHIEFTAIN AFTER CAPTURING, KILLING AND WOUNDING 275 OF HIS MEN.

[By United Press to The Bend Bulletin.]

GALVESTON, Tex., Sept. 4.—The Mexican consul here officially announced today that Francisco Villa, with a small force of men, is surrounded in a canyon near Durango by federal forces. The Carranzistas while pursuing Villa's men, killed, wounded, and captured 275, the statement added.

DOCTORS JOIN IN BIG FIGHT

MANY PHYSICIANS BACKING BILL TO SECURE \$5,000,000 TO COMBAT SECOND INFLUENZA EPIDEMIC.

[By United Press to The Bend Bulletin.]

CINCINNATI, Ohio, Sept. 4.—That influenza is coming back is the opinion of scientists who have pledged support to Dr. O. P. Geier, of Cincinnati, in his fight for a congressional appropriation of \$5,000,000 for the study of the causes and means of prevention of influenza.

The measure is favored by the Preventive Medicine Section of the American Medical Association and the fight for it is being led in congress by Senator Warren G. Harding and Representative Simeon Fess, both of Ohio.

Numerous health authorities and organizations have endorsed it in letters received by Dr. Geier.

"We will have a recurrence of influenza this fall," writes Dr. A. R. Lewis, commissioner of health of the state of Oklahoma.

"That influenza will come back is a sure thing, and what we want to know is how to guard against it and quickly cure it when once it has taken hold," says A. N. Dubois, public health expert of Alabama.

The Life Extension Institute of New York, of which William H. Taft is Board Chairman, is backing the fight for \$5,000,000 anti-influenza appropriation.

Dr. Eugene L. Fisk, director of the Institute says: "The fighting of this epidemic disease is not a matter of medical treatment, but prevention along definite lines which we cannot follow, until we identify our enemy and know where his machine gun nests are located." He adds that until the cause of influenza is located the disease is as dangerous an enemy as were the Germans.

MILITARY FORCE HOLDS TIPPERARY

Differences Between Residents and British Authorities Culminate in Murder.

DUBLIN, Sept. 4.—Large military forces arrived in the Tipperary district today, following further evidence of differences between residents and British authorities. A constabulary sergeant was shot in the head and killed, and a constable critically wounded Tuesday night by an assassin who fired from shrubbery at the roadside.

SENATE WORK ON TREATY IS NEARLY OVER

CHANGES IN TEXT ARE AGREED TO.

MINORITY TO REPORT

Will Introduce Resolution for Unqualified Ratification—Serbia and Rumania May Refuse to Accept Peace Pact.

[By United Press to The Bend Bulletin.]

WASHINGTON, D. C., Sept. 4.—The republican majority of the Senate foreign affairs committee has practically completed its work on the peace treaty.

Reservations which will be presented to the Senate have been agreed on, as have the amendments proposed to the text of the treaty, it was announced today. All that now remains is to hold a formal session or two, recording the votes ordering Senator Lodge to lay the treaty before the Senate.

The democratic minority, joined by Senator McCumber, republican, expects to present a report, probably in the form of a resolution for unqualified ratification.

AUSTRIANS GET MORE TIME.

[By United Press to The Bend Bulletin.]

PARIS, Sept. 4.—The Peace conference has granted Austria an extension of two days for her consideration of the treaty. Austrian delegates will probably sign on September 12.

OBJECT TO TREATY.

[By United Press to The Bend Bulletin.]

PARIS, Sept. 4.—Both Serbian and Rumanian peace delegates announced today that their countries will probably refuse to ratify the peace treaty due to the character of guarantees which it gives to radical minorities. These countries contend that the peace settlement impairs their interests in the Balkans.

ARRESTS ARE MADE ON LARCENY CHARGE

Lane Castleberry and E. O. Logan Accused of Taking Accessories from Automobile.

Charged with the larceny of coils, a windshield, magneto, carburetor and gasoline from an auto belonging to J. C. Brown at a time in June when the machine had been left near the Shriner homestead in the La Pine district, Lane Castleberry and E. O. Logan were arrested this morning by Chief of Police L. A. W. Nixon. H. C. Winslow furnished \$500 cash bail for Logan, Castleberry remaining in the custody of the officials.

The hearing was scheduled to be held this afternoon.

PLAN CONVENTION OF FIRE FIGHTERS

[By United Press to The Bend Bulletin.]

PORTLAND, Sept. 4.—Members of the executive board of the International association of Fire Fighters met here today to make plans for the annual session of the association which will be held during the week beginning September 8.

Delegates from 225 local organizations in the United States and Canada are expected here for the convention. Each local will send from one to five representatives, to the total number of 1000, it is anticipated.

COUNTY CAN'T AID OREGON CHAMBER

Operating under the budget system, Deschutes county has no money available this year to put into a State Chamber of Commerce publication, as advocated by L. C. Bramwell, vice-president of the state organization, County Judge Barnes explained today. One thousand dollars was asked from this county, and Judge Barnes states that the court will have no objection to placing this amount on the next budget for the approval of the people.

BORROWED AUTO IS STOLEN ON STREET

Machine Taken from in Front of Pilot Butte Inn Annex During Early Hours of Morning.

To lose an automobile which he had borrowed to make a trip to La Pine, was the experience of Harry Riley, of this city, Monday morning. He had returned to Bend at 2 o'clock, leaving the Dodge car which had been loaned to him by J. E. Haglin of Bend, in front of the Pilot Butte annex, where he was rooming. When he arose three hours later, the machine was gone, and no trace was left to indicate the direction taken by the thief.

In addition to the machine, Riley had left in the car a Cadillac rim and a tire which he had brought from La Pine to vulcanize. This also was taken.

A \$100 reward is being offered for recovery of the stolen property.

AMERICAN DRIVER IS YAQUI'S VICTIM

Four Carranzista Soldiers Also Killed by Raiding Tribesmen in Sonora.

[By United Press to The Bend Bulletin.]
NOGALES, Ariz., Sept. 4.—A. P. Hennessey, American, was killed yesterday when Yaqui Indians attacked the truck which Hennessey was driving near San Julvire, in Sonora, according to a dispatch received here. Four Carranzista soldiers were also killed by the Indians.

SENATE AND HOUSE LIKE CONFERENCE

WASHINGTON, D. C., Sept. 4.—The Senate and House labor committees unanimously approved, in joint session today, President Wilson's calling an industrial round table conference in an effort to adjust critical economic conditions.
