

REDS' HITS BATTER WAY TO VICTORY

CICOTTE BENCHED IN FOURTH INNING.

REUTHER SENSATION

Cincinnati Pitcher, Second Batter Only a Year Ago, Stars in Box and at Bat.—Final Score 9-1.

[By United Press to The Bend Bulletin.] CINCINNATI, Oct. 1.—Pat Moran's Nationals beat the Chicago White Sox today nine to one, winning first blood in the world series. A crushing, bruising session in the fourth inning demoralized the American League champions, and sent Cicotte to the showers for the first time in his world series career, battered and bombarded in a manner which has seldom fallen to the lot of a world series pitcher.

Five runs were driven across the pan with the aid of six crashing hits, including a triple by Reuther, which broke Cicotte's heart, and spelled his defeat in the first game of the series. Reuther, who a year ago, was not regarded as good enough for a couple of big league clubs, proved the hero of the day, in fact a double hero, starring both in the box, and at the bat, getting two triples, a single, and a walk. It was after the disastrous fourth, that the score stood six to one for the Reds.

Clouds which had been menacing yesterday, cleared away today, and the weather was still and warm, almost ideal for the opening of the series.

Chicago worked three pitchers during the first day of the fight for the pennant, Wilkinson relieving Cicotte in the fourth and Lowdermilk going in during the eighth.

The batteries at the opening of the game were: Cincinnati, Reuther and Wingo; Chicago, Cicotte and Schalk. The score:

Chicago	R	H	E
Cincinnati	9	14	1

WILSON SPENDS RESTLESS NIGHT

Executive Is Somewhat Jaded as Result, but Is Not Suffering from Relapse, Says Physician.

[By United Press to The Bend Bulletin.] WASHINGTON, D. C., Oct. 1.—The President had a restless night, and is consequently feeling somewhat jaded, according to a bulletin issued this afternoon by Dr. Grayson. He said that President Wilson's condition was not to be considered as a relapse, however.

ATTORNEY GENERAL ASKS INVESTIGATION

[By United Press to The Bend Bulletin.] WASHINGTON, D. C., Oct. 1.—Attorney General Palmer today asked the federal trade commission to investigate the California Raisin Co., of Fresno, represented to be an association of farmers, to determine whether it is violating the anti-trust law by maintaining more than fair and reasonable prices for its products.

NEW ROAD FINISHED OUT OF EAST LAKE

That the new road from East Lake to China Hat has been completed, and is now open for travel, was the word received last night by Deputy Supervisor H. E. Vincent, of the Deschutes National Forest, from Ben Smith, who has been in charge of construction work on the road. The crew working under him will now be transferred to the East Lake to La Pine road.

TWO KINDS OF BASEBALL CONFIDENCE

PAT MORAN

KID GLEASON

Pat Moran, boss of the Reds, who gave Cincinnati her first National league champion team, is being called the "Miracle Man." He took a team that was rated early in the season as lucky to land in the first division, and copped a championship with it.

But the main reason advanced in crowning him with "wonder titles" is the fact that he brought about his miraculous feat with a team of cast-offs. He assembled a club from material discarded by other teams and moulded it into a consistent winner. He took a corps of pitchers who had been found wanting by other managers and developed the best staff of hurlers in the league.

William (Kid) Gleason, assisted manager Clarence Rowland of the 1917 White Sox into a world championship. He liked the experience so well that when he became manager of the same crew this season he determined at once to repeat it, as chief.

Of course, his pitching staff didn't look any too good, his infield had performed in shaky fashion in 1918 and there were doubts that the outfield would ever shine with its old effulgence.

The "Kid" is a person about whom traditions naturally build themselves. One of the most persistent of these was that Gleason maintained a lengthy and resilient razor-strop in his trunk and that this implement was used in fatherly spankings for recalcitrant athletes.

Both Labor and Capital Blamed for High Costs

[By United Press to The Bend Bulletin.] CHICAGO, Oct. 1.—William Colver, member of the federal trade commission, in an address here, warned that "labor, and its offspring, capital, must stop blowing soap bubbles." He characterized the cost of living as the price of a ticket from the cradle to the grave yard, adding: "There aren't any return trip tickets." "When labor shirks its duty, capital exacts a hefty toll. Each has raised the price of the ticket, and each has cut the value of the value of the dollar," he said.

BUSINESS MEN TO HELP BURNS

COMMERCIAL CLUB WILL AID IN SEEKING ESTABLISHMENT OF MAIL ROUTE — REVELLE WEEK IS DISCUSSED.

Ready to aid the Burns Chamber of Commerce in bridging the 27-mile gap which at present exists between the ends of rural mail routes now extending from the two cities, the Bend Commercial club took action on resolutions submitted by the Burns chamber, and authorized the appointment of a committee to cooperate in securing a Bend to Burns mail route. Members of the committee are D. H. Peoples, A. Whisnant, and Ross Farnham. The committee authorized at the last meeting to take up the matter of changes in the Sinnott bill for the exchange of logged off private lands for government stampage, was announced as composed of D. G. McPherson, R. S. Hamilton, and R. W. Sawyer. H. J. Overturf, chairman of the committee appointed to cooperate with the Central Labor Council in preparing for the coming state labor convention, was called on for a report, and stated that the manner in which this cooperation would be given, would be decided at a meeting this evening.

C. M. Casey, representing the Alamo Shows, and R. A. Ward and Frank R. Prince, spoke on the plans made for Reveille Week, to be held from October 20 to 25, inclusive, under the auspices of the American Legion.

On the motion of A. Whisnant, a committee was ordered appointed to save a number of large pine trees at the intersection of Drake Road and Newport avenue, which have been ordered removed in connection with street improvement work going on in that section.

RAIL STRIKERS CALL FOR HELP

GOVERNMENT MEETS WITH SUCCESS.

Volunteer Workers on British Lines Are Many—Increased Restlessness Noted Among Ranks of the Strikers.

[By United Press to The Bend Bulletin.]

LONDON, Oct. 1.—With the government meeting increased success in running the railway blockade, indications are that railway men will call for help from the "triple alliance" of railway men, miners, and transport workers, intending to halt industry throughout the nation.

Anti-strike volunteers are constantly becoming more and more numerous. Many sons from London's leading families are serving as porters, watchmen, and holding other jobs calling for unskilled labor, declaring that they wish to help in the defense of the principles of constitutional government, which they say is menaced by the strike.

Increased restlessness is noticed among the strikers. Complaining against the government's use of military guards, one branch union delivered an ultimatum, threatening to flood several tunnels unless the soldiers are withdrawn within 48 hours.

CALL STRIKE CONFERENCE.

LONDON, Oct. 1.—A strike conference was called today by transportation workers, representing a majority of organized labor. They voted to send a deputation to confer with Lloyd-George, and the premier has agreed to receive the committee.

MEN IN YARDS RECEIVE RAISE

PORTLAND WORKERS ARE BUSY FOLLOWING 8-CENT ADVANCE, BUT OTHERS WHO GET NO INCREASE WILL STRIKE.

[By United Press to The Bend Bulletin.]

PORTLAND, Oct. 1.—Shipyards workers are all busy here today, following the agreement of the shipping board, permitting the shipyards to pay an increase of eight cents an hour. The metal trades council, however, ordered out the workmen engaged in machine shops which refused to grant the increase. It is predicted that 5000 will be out by tonight.

MONROE DOCTRINE GIVEN RECOGNITION BY LEAGUE

Because of the great importance of the subject, further discussion of an American policy in connection with the league of nations covenant is given in today's "Covenant Letter," which contains an explanation of the meaning of:

The Monroe Doctrine. No definition of the Monroe Doctrine having official sanction has ever been given except by Presidents or Secretaries of State; except, in the few concrete cases that have required its application, they have generally contented themselves with describing its historical origin and the general principle of which it is founded. Even the Senate, in ratifying the Hague Convention of 1907, and in seeking to reserve the Monroe Doctrine, referred to it as our "traditional attitude toward purely American questions," leaving the character of that "attitude" as much subject to question by the signatories as it had been before the reservation was made. And, although, on the one hand, Secretary Olney in 1895, in the Venezuelan controversy, said: "Today the United States is practically sovereign on this continent and its fiat is law upon the subjects to which it confines its interposition"; on the other hand, President Roosevelt in 1901 said that the Monroe Doctrine did not prevent foreign nations from collecting by force debts owing by American nations, and in

1898 this country refused to protect Chili when Spain was bombarding her ports, because it would not intervene in wars between European and American states "if they are not pushed to the political point."

Difficult to Define. These references serve to point out the difficulty of an attempt in any diplomatic document to define the Monroe Doctrine.

But however, inaccurate it may be to refer to the Monroe Doctrine as a "regional understanding." Article XXI correctly describes it as "securing the maintenance of peace." It was of the essence of the Doctrine that foreign nations should not be permitted to implant among the nations of the Western Hemisphere autocratic principles of government lest they should become a menace to the free institutions of the United States, and we might again have to resort to arms for the maintenance of the principles settled by the Revolution; and in practice the dominance of this country in the affairs of the Western

REVELLE WEEK PLANS OUTLINED

GENERAL PROGRAM IS ARRANGED.

Special Attractions Scheduled for Each Day of Week—Children's Fair on Saturday, October 26, Will Draw Many.

[By United Press to The Bend Bulletin.]

Definitely outlining the plan to be followed in the deliberation of Reveille Week in Bend, from October 20 to 25, inclusive, members of the special committee of the American Legion, under the auspices of which organization the big event is to be staged, met last night with representatives of other city and county organizations interested in making the celebration a success.

The schedule for the week, as decided upon, starts off with Monday as American Legion and Labor Day, Tuesday as Tri-county Day, Wednesday as Bargain Day, Thursday as Firemen's and Commercial Club Day, Friday as Fraternal Order Day, Saturday Farmers' and School Day, Children to Have Fair.

The big innovation from previously conceived plans is in the announcement of Saturday's attractions. These will be in the form of a children's agricultural and livestock fair, in which all members of industrial clubs in the country will be permitted to participate. Arrangements for this day are in charge of County School Superintendent J. Alton Thompson and R. A. Ward, of the First National Bank. To insure the fair being a success, C. M. Casey, advance agent for the Alamo Shows, advanced the contract for carnival attractions during the week, promised that the carnival departments which would most attract children, would be closed for long enough to permit of the judging and exhibiting of livestock, and agricultural products.

What the Bend fire department has accomplished since its organization, will be shown on Thursday, turned over to Chief Carlson's men. Several demonstration runs will be scheduled, and it is probable that a fire may be started so that the effect of the drills which the firemen have been practicing may be shown. Other features of interest are promised for the various days of Reveille Week, but these have not been worked out, and will be announced later.

What the Bend fire department has accomplished since its organization, will be shown on Thursday, turned over to Chief Carlson's men. Other features of interest are promised for the various days of Reveille Week, but these have not been worked out, and will be announced later.

F. DEMENT & CO. GROCERY SOLD

R. M. SMITH BUYS STOCK AND WILL COMBINE WITH HIS BUSINESS NOW BEING CONDUCTED ON WALL STREET.

Upon the completion last night of invoicing, R. M. Smith, of Smith's Grocery purchased the entire grocery stock of F. Dement & Co., who is closing out both its grocery and hardware stock on Wall street. The transaction has been under way for nearly a week or shortly after it became known that F. Dement & Co. intended to retire from the grocery business.

For a short time at least the F. Dement & Co. stock will remain in its original quarters, but will be under the control of Smith's Grocery. The hardware stock is being moved today to the Bend Hardware Co. building.

"With the rising costs generally in the maintenance of business we saw an opportunity to cope with a local problem," said R. M. Smith, this morning "in the consolidation of our present stock of groceries with that of the F. Dement & Co. stock. Bringing the two under one management will insure that there will be no advance in prices for some-time as the business as a whole can be conducted more economically under one management. This attitude has been strongly advised in some instances by the government to reduce selling costs."

In speaking of the building which has been occupied by F. Dement & Co. Mr. Dement this morning stated that the old structure would undergo considerable change, but was not decided about the details.

STEEL STRIKE IS A QUESTION OF ENDURANCE

BATTLE OF WITS NOW BEING WAGED.

PROBE IS COMMENCED

Judge Gary Denies Charges of Mis-treatment and Low Wage Scale —Gompers Claims Reports of Operators Distorted.

[By United Press to The Bend Bulletin.]

PITTSBURG, Oct. 1.—The steel strike has narrowed down to an endurance test and a battle of wits. Organizers are being rushed to the Pittsburgh district in a frantic effort to oppose operators who are steadily inducing the men to return. Union leaders are reported to be standing firm, and company officials claim slight additional gains. Quite prevails in all quarters.

GARY DENIES CHARGES.

WASHINGTON, D. C., Oct. 1.—Charges that the United States Steel corporation mistreated its employes are "without a vestige of truth," Judge Gary, head of the corporation, declared today before the Senate labor committee. He said that there is no basic industry in the world paying its employes higher wages, or is treating them with greater consideration.

Judge Gary denied that Mrs. Fannie Snelling was killed by any one connected with the corporation. Answering another charge of cruelty, Judge Gary said that the son of Jefferson Pierce denied that his father's death was caused by an employe of the steel corporation, but instead by I. W. W. members.

He said that men were remaining out on strike because the men feared the lack of police protection.

A flat refusal to deal with union labor was made to the committee by Judge Gary.

CLAIM STRIKE SUCCESS.

PITTSBURG, Oct. 1.—A statement signed by President Gompers, of the American Federation of Labor, and Secretary Foster, of the strikers' committee, declared today: "The steel strike is a tremendous success. More than 370,000 steel workers are out."

The statement asserts that the union ranks are being augmented daily by many more strikers. The signers criticized the press of the nation, and declared that the corporations are using it to discredit the strike.

FIND WHISKEY UNDER HOUSE

THREE QUARTS SECURED BY AUTHORITIES — SEARCH OF TAYLOR HOME FAILS TO REVEAL FURTHER SUPPLY.

Inspired by information furnished by Sheriff S. E. Roberts, Chief of Police Nixon this morning conducted a search underneath the home of J. H. Taylor, east of Wall, on Greenwood, and reappeared with three quarts of whiskey, the first seen in daylight in Bend for many weeks. Accompanied by the sheriff, Chief Nixon immediately afterwards searched the house, but failed to find more liquor.

SHIPYARD WORKERS STRIKE IN TACOMA

TACOMA, Oct. 1.—Nearly 5,000 shipyard workers are striking here due to the failure of the Todd corporation to sign an agreement for an increase of wages. Seattle workers are still on the job.

OAKLAND TIED UP BY NEW WALKOUT

[By United Press to The Bend Bulletin.] OAKLAND, Oct. 1.—Twelve hundred employes of the San Francisco, Oakland Terminal Railway Co. struck today, tying up the Oakland street railways, and key route forries, causing great congestion.
