

CICOTTE IS BLAMED FOR SOX DEFEAT

TWO RUNS RESULT OF HIS ERRORS.

BAT FAILS PITCHER

Robbed of Hit in Second Which Would Have Evened Score— Ring Pitches Way Out of Jinx Title in 4th Game.

[By United Press to The Bend Bulletin.] CHICAGO, Oct. 4.—Eddie Cicotte closed the door to the hall of fame in his own face in the fourth game of the world series this afternoon, and Jimmy Ring, by a magnificent feat of pitching, delivered the game to the Reds by a score of 2 to 0. Cicotte accomplished his own downfall, his two errors in the fifth inning being directly responsible for the only runs of the game, while in the second inning, with bases full, he passed up the opportunity to deliver a hit which would have put the game on ice. He tried valiantly, but Ruth saved the day by a splendid stop of Cicotte's vigorous grass cutter toward right field. His throw beat Cicotte to the bag by half a step.

Ring, heaving for Cincinnati, killed forever his title of jinx pitcher. The young right hander hurled a beautiful game, almost as good as Kerr yesterday, allowing only three hits, one of which was Jackson's lucky double in the second. Roush played Jackson's offering in miserable fashion, totally misjudging the ball. It should have been an easy out.

Cincinnati's big killing was made in the fifth inning. Duncan went to second on Cicotte's error, and Kopf singled. Duncan scored when Cicotte attempted to intercept Jackson's throw to the plate. Kopf advanced to second, and Neale knocked a two-bagger to left field, scoring Kopf.

The batteries were Ring and Wingo for Cincinnati, and Cicotte and Schalk for Chicago. The score:

	R.	H.	E.
Chicago	0	3	2
Cincinnati	2	5	2

SILVER LAKE WILL HAVE BRANCH BANK

Stock for New Financial Institution Is Quickly Taken Up When First National Representative Visits.

SILVER LAKE, Oct. 4.—That the First National Bank of Bend contemplates opening a bank here in the near future, was made known here this week. L. M. Foss, vice-president, has been here during the week, distributing stock among local people who had expressed a desire to become financially interested in the new institution. He stated early in the week that he had placed over half the required amount, and was confident that the balance would be quickly made up.

A reinforced concrete building will be erected, and a fire-proof vault, with burglar proof safe and up-to-date furnishings, will be installed. Because of the near approach of winter it is possible that the building will not be completed this fall, but in this case a temporary home for the new bank will be secured so that business may be commenced at an early date.

STEAMER IS AGROUND OFF BARNEGAT LIGHT

[By United Press to The Bend Bulletin.] WASHINGTON, D. C., Oct. 4.—A naval radio operator picked up an S. O. S. call from the United States shipping board steamer Paisable Bridge, which says that the ship is ashore off Barnegat light. The commander of the third naval reserve district has been ordered to render assistance.

LOSES CHANCE TO BEAT REDS

Eddie Cicotte, White Sox pitcher, whose errors today cost him his second game in the world series this afternoon.

WILL DISCUSS STRIKE ISSUES

ENDORSEMENT OF STEEL WORKERS AND BRITISH RAILROADERS EXPECTED AT STATE LABOR CONVENTION HERE.

That the strike of employes of the United States Steel corporation and the walkout of government railroad employes in Great Britain will be brought up for discussion at the State Federation of Labor convention, was announced this morning by G. H. Baker of the Central Labor council committee which is in charge of arrangements for the convention. It is expected that no action will be taken in this connection aside from endorsing the two strikes.

The convention will formally start on Monday morning when at 9:30 o'clock a parade in which a number of local unions will take part, will march from the corner of Wall and Greenwood, to the Hippodrome, where the sessions are to be held. In addition to delegates from all parts of the state, representatives of the Washington and Idaho state federations will also be in attendance. Mr. Baker stated.

URGES NEED FOR COVENANT CHANGE

Melvin G. Woodstock Forms Opinion After Hearing Addresses by American President.

While the league of nations covenant is an absolute necessity, certain changes in that covenant are just as necessary, is the belief of Melvin G. Woodstock, one of the best known moving picture men on the coast, who has formed his opinion after hearing practically every address given by President Wilson west of the Rockies. Mr. Woodstock was in the city this morning, and declared that he was convinced that the covenant as it stands does away with the necessity for the application of the Monroe doctrine.

"Mr. Wilson has always appealed to the emotions of the people," Mr. Woodstock said in commenting on the addresses he has heard. "He does not credit them with ability to think for themselves. If we do not do just as he wishes, he calls us quitters."

Mr. Woodstock has a particularly unfavorable impression of what he describes as the "Shantung crime," and the provision which gives the British Empire a predominating vote in the Supreme council. "The American people are not against universal peace, but they do not believe that the way to abolish war is to create a bigger army than we ever had before in times of peace," he asserted.

MANY BEND PEOPLE PRESENT AT FAIR

Good Race Meeting Is Enjoyed at Prineville—American Legion in Attendance Today.

More than 200 Bend people were in attendance at the Prineville fair yesterday, including over 30 car loads of Elks who drove over from here to assist in the celebration, according to those who returned last night from the Crook county seat. Especially good horse races were reported, while a feature of the day was the parade put on by the Elks of Central Oregon.

Today is set aside for the American Legion, and many service men are in attendance at the fair.

St Peter Imbued Alleges His Wife; Divorce Granted

SEATTLE, Oct. 4.—St. Peter got soused, it seems, and Carrie B., wife of George St. Peter, was granted a divorce because her husband imbued. The Angels also appeared in divorce court. Mrs. St. Peter said that William Angel was given her name only. She was given her divorce on grounds of desertion.

TOURIST ROUTE BY AIR PLANNED

H. C. CHARLTON, REPRESENTING PACIFIC AIR LINE CO., VISITS BEND TO LOOK FOR GROUNDS FOR LANDING FIELD.

Representing the Pacific Air Line Co., which holds the Curtis airplane agency for Oregon, Washington, and Idaho, H. C. Charlton, for 18 months an aviation instructor in the U. S. army visited Bend from Portland today in an endeavor to find a suitable landing field for machines which might make the flight to Central Oregon from the Willamette Valley.

The company of which Mr. Charlton is a member now has five two passenger machines on the way from the east, he said. These planes are army flyers, and later will be replaced by large machines capable of carrying a pilot and eight passengers. By use of the larger airplanes, fares charged passengers can be greatly reduced.

Mr. Charlton intimated that Central Oregon would be visited to a considerable extent by flyers from the valley country during the winter months, because of the absence of rain. Regular runs will be made from Portland to Seattle and Tacoma, while emergency flights would be made to Bend. The passenger carrying business of the company will be emphasized from the tourist standpoint.

IMPORTERS HIT BY WAR'S END

STORES ABSOLUTELY BARE OF EUROPEAN GOODS—GERMANS WILL BE FIRST TO SHIP TO AMERICA, IS PREDICTED.

[By United Press to The Bend Bulletin.] NEW YORK, Oct. 4.—Shelves of importers' stores are absolutely bare of European goods, according to traders of this city. Since most of the foreign goods coming from Europe go through New York, the situation here is considered indicative of the rest of the country.

Importers say there has never been a time when European goods were so scarce and they find the situation growing more difficult instead of improving, since the war ended. This is laid to shortage of materials and labor troubles in Europe and discontinuance of stimulated trade. During the war, European countries made a special effort to ship their goods to America for the effect it would have on the exchange, which at that time was made stable by international agreement. Exchange has dropped since peace was declared and no effort is any longer made by governments to stimulate trade.

The result is that fewer goods are being sent to America now than during the war, according to importers. This applies especially to manufactured products, such as tools, small machines, clothing materials and perfumes.

Many New York importing houses which specialized in European goods are now being almost without a business. Some would close their doors, it is said, if it were not for the hope that conditions will improve very soon, when labor conditions in European countries are better and trade flows this way again.

Incidentally, importers expect that the Germans will be the first to get their goods back into the markets in great quantities.

VOTE WILL BE HELD ON PACT SOON, BELIEVED

SHANTUNG ISSUE IS TO BE UP NEXT WEEK.

NOVEMBER 1 BIG DATE

President's Illness Puts Burden on Party Leaders, but Final Action Is Expected by End of the Present Month.

[By United Press to The Bend Bulletin.] WASHINGTON, D. C., Oct. 4.—A final vote on the treaty November 1 was predicted today by Senator Watson. He declared that the Shantung amendment would probably be voted on next week. The Johnson amendment giving the United States equal voting power with Great Britain is expected to come up the following week.

The president's illness is expected to put upon his lieutenants in the senate the responsibility of deciding how much to accept in the way of reservations to the treaty. Senators Hitchcock and Swanson must make the decision on reservations, or else that decision and ratification of the treaty will be delayed, is the belief of some party leaders. It is expected that the treaty can be disposed of within five weeks.

JOHNSON SLIGHTED. PORTLAND, Oct. 4.—Mayor Baker has refused to introduce Senator Johnson of California when he speaks here against the league of nations, it was learned today.

12 U. S. WARSHIPS ARE NEAR DALMATIA

American Naval Forces in Adriatic Are Augmented by Recent Transfers, Is Reported Today.

[By United Press to The Bend Bulletin.] BASLE, Oct. 4.—Twelve American warships arrived today at Spalato, Dalmatia, according to a dispatch received from Laibach. American naval forces in the Adriatic were last reported to include two cruisers and a number of destroyers.

JUGO SLAVS FIRE ON ITALIAN SHIP

ROME, Oct. 4.—The government received reports today that an Italian steamer, plying along the Adriatic coast, was fired on by Jugo Slav troops. Several Italian soldiers were wounded, the report stated.

SPECULATE IN FOREIGN MONEY

WALL STREET HAS NEW GAMBLE, ON WHICH IT EXPECTS TO REALIZE HEAVILY WHEN EXCHANGE RATES GO UP.

[By United Press to The Bend Bulletin.] NEW YORK, Oct. 4.—People who want to make money—there being several of them in the vicinity of Wall Street and elsewhere in this city—are struggling to adjust patriotic scruples with possibilities of "cleaning up" on the low exchange value of the German mark. Marks have hit the bottom in their spectacular drop, it is felt by many, who have followed the trouble in value of the German unit of exchange from twenty-five cents to three and a quarter cents. Much exchange on German banks is being bought at the low price.

Most of the purchases are back employes, people connected with business houses, and those who "play the game" on the outside looking in at Wall Street. Many bankers consider the mark a good buy, but cannot purchase except as individuals, since reliable and conservative banks cannot speculate on unproductive values.

Whole Family Is Held In Custody On Like Charges

[By United Press to The Bend Bulletin.] LOS ANGELES, Oct. 4.—Ted McDonald, wanted on a charge of murdering William McNutt, Spokane realty broker, was arrested at Fresno, according to a message received here. He is a brother of Jewell McDonald and Mrs. Fay Wilkinson, under arrest here charged with murder.

ALBERT FLIES OVER NEW YORK

BELGIAN KING PUTS IN HALF HOUR IN HYDROPLANE—CANCELS TOUR OF U. S. BECAUSE OF PRESIDENT'S ILLNESS.

[United Press Staff Correspondent.] NEW YORK, Oct. 4.—King Albert accompanied by Count d'Oultremont, a member of his party, flew over New York this morning in a naval hydroplane, spending half an hour in the air. "It was wonderful," said the king.

Escorted by two secret service men, he left his hotel and proceeded to 56th Street where he boarded the plane floating in the Hudson river.

The king has cancelled his arrangements for a tour of the United States, due to the illness of President Wilson.

DIVORCE MENACE GROWING RAPIDLY

Four Times the Number of Cases Filed Now as Before the War, Asserts Circuit Judge.

[By United Press to The Bend Bulletin.] PORTLAND, Oct. 4.—That civilization's strongest pillar—the home—is being rapidly torn down by the married working woman, is the belief of Circuit Judge W. N. Gatens.

As proof of his statement he cited the circuit court calendar showing 33 mis-mated couples appeared in court in a single day asking to be freed from their marriage vows.

Seventy-five percent of the women seeking divorce have been employed in other places than their homes, according to Judge Gatens. As a result, he says, they don't want to be dependent upon the generosity of their husbands for spending money; they can wear better clothes, go to more shows and have a better time generally.

Gatens, who is recognized as one of Oregon's best informed men on the divorce question, asserts that the divorce evil is spreading rapidly, threatening to wreck the entire system of civilization. Before the war, about 40 divorces a month were heard in the circuit courts of Portland; the present average is more than 40 a week.

MRS. J. C. WILLIAMS DIES AT AGE OF 88

Resident of Bend Succumbs to Severe Cold—Funeral Services to Be Tomorrow Afternoon.

General weakness, the result of age, and a severe cold, caused the death yesterday evening of Mrs. Lucy Williams, aged 88 years, widow of John C. Williams. The funeral services will be held from the Niswonger chapel at 2 o'clock tomorrow afternoon. Rev. Williams, pastor of the Christian church, officiating. Burial will be in Pilot Butte cemetery.

Mrs. Williams was born in Moscow, Missouri and came to this city 10 years ago, having made her home here ever since. A son, W. H. H. Williams, of Bend, survives her.

AVIATOR REPORTED ON MEXICAN SOIL

MARFA, Tex., Oct. 4.—Unconfirmed reports received here state that another American aviator has landed on Mexican soil, opposite Presidio, Texas.

WILSON RESTS WELL; WORRIES ARE DISMISSED

JOKES AS PHYSICIAN USES THERMOMETER.

WOULD BE AT WORK

President Anxious to Leave Bed, but Medical Opinion Vetoes Wish—Churches to Offer Prayers for Recovery Tomorrow.

[By United Press to The Bend Bulletin.] WASHINGTON, D. C., Oct. 4.—"The president had a good night's rest and his condition is more favorable," stated a bulletin issued by Dr. Grayson at 10:55 o'clock this morning. The issuance of Dr. Grayson's statement was authorized after a long conference of physicians in attendance on the executive.

There was more of an air of cheerfulness at the White House this morning. The president slept quite late and awoke much refreshed. He appeared to be cheerful and unworried.

Throughout his illness, he has not been much concerned about himself, a fact which the physicians believe will hasten his recovery.

Upon awakening, Wilson chatted with those about him, and laughed when Dr. Grayson was taking his temperature.

"Your temperature is normal," Dr. Grayson assured him. "Yes, my temperature is normal, but my temper won't be if you keep me in this bed much longer," Wilson replied with a smile.

President Wilson's condition this afternoon was unchanged, it was learned at the White House shortly after 1 o'clock when the consultation of physicians broke up. It was stated that all agree with Dr. Grayson that the president is improving, but that it is highly advisable to keep him in bed.

PRAYERS ARE OFFERED

CHICAGO, Oct. 4.—Solemn prayers for the recovery of President Wilson were said in the synagogues here today. Rabbis urged their congregations not to forget the executive's illness. Pastors of all denominations announced that they will include prayers for the president's recovery in their Sunday services.

FIRE PREVENTION DATES ANNOUNCED

Will coincide with Reveille Week, October 20 to 25, Is Announcement by Chief Carlson.

Although other communities throughout the United States will keep fire prevention week from October 6 to 11, inclusive, Bend's will have a fire prevention week all its own. Fire Chief Carlson declared this morning. It will be from October 20 to 25, the dates coinciding with those of Reveille Week. Signifying a waking up for Bend in the fire situation, it can be most effectively put on in connection with the big celebration planned by the American Legion, Mr. Carlson believes.

One day of Reveille Week has already been set aside by the program committee, for the firemen, and on this date the department's parade will take place, and in addition, runs by the new engine, and practice drills will be put on. Many novel features are promised by the Bend fire chief.

Other announcements concerning preparations will be made later.

CLAUDE MANNHEIMER SELLS HIS INTERESTS

Announcement was made this morning by Clarence L. Mannheimer that he had purchased the interest formerly owned by his brother, Claude L. Mannheimer, in the dry-goods store bearing their name, and will have entire control of the establishment after October 10. Claude Mannheimer will leave Bend soon, but may return later, his brother states.
