

NEW BOARD IS CREATED FROM WRECK OF OLD

ROUND TABLE RENEWS SESSIONS

LABORITES WITHDRAW

Public Group to Continue Conference at Washington on Suggestion Made Through Chairman By President Wilson.

(By United Press to The Bend Bulletin.)

WASHINGTON, D. C., Oct. 23.—President Wilson has constituted a new industrial conference from the wreckage of the first one. At his suggestion made in a letter to Secretary Lane, the delegates representing the public will remain in session to seek a solution for the nation's industrial problems. Delegates representing the employers were excused from further attendance, but the laborites, the president told Lane, must continue at work.

The public group is expected to make an exhaustive investigation of the entire national situation, just as the original conference had planned to do. Lane explained when he called the two groups to order at 12:30 o'clock. He said that new members will be added if this seems necessary. The public group immediately opened its session, the employer delegates leaving the hall.

The president's advice was sought in the matter of having the public group of the industrial conference continue the session to adopt an industrial code, following a meeting last night, in which Secretary Tumulty, and Chairman Lane, of the Conference, Thomas Chadbourne, of the committee of 15, and Bernard Baruch, one of the representatives of the public, took part.

The two groups representing the general public and capital, announced their intention of continuing the session, following the withdrawal of the labor delegates last night. The general opinion, however, was that the withdrawal virtually ended the conference, precluding any chance at a truce program unless the laborites could be persuaded to return.

A. E. F. LOST BAGGAGE TOTALS 150,000 PIECES

Red Cross Seeks Names of Owners So That Property Can Be Identified and Returned.

There are at present approximately 150,000 pieces of lost baggage belonging to members of the A. E. F. on the Government docks at Hoboken, N. J. made up of 20,000 trunk lockers, 15,000 bedrolls, 5,000 suitcases, and 110,000 bar-facts bags which have come from overseas and remain unclaimed by their owners. It was announced at Red Cross headquarters here this morning.

Much of this baggage is marked with names only and cannot be forwarded to the owners. In all cases a new shipping address is required. All men who are owners of lost baggage should address their claims to Lost Baggage Branch Pier No. 2, Hoboken, N. J.

The date of presentation has not been announced, but the members of the Bend Post are anxious that the dedication of the flag should be on Armistice Day.

A complete card index permits prompt identification and the baggage will be forwarded by express at Government expense if on hand at Hoboken.

The Red Cross desires to assist each man from overseas to recover his lost property as well as to help the Government to dispose of this enormous accumulation.

SEARCH FOR "IDEAL BABY'S" KIDNAPERS

The "ideal baby," Billy Dansey of Hammonton, N. J., for whom a \$1400 reward was offered after he disappeared from his home is believed to have been kidnaped. Little Billy was given the title in a government baby test. One theory points to a rejected sailor, who it is said swore revenge at the time of Billy's mother's marriage. Others think the publicity given the child's perfect physical development resulted in the kidnaping. Several such instances have been recorded. When last seen Billy was playing about his home. Later his little footprints were found leading to a nearby road. Two strange men were seen in that territory previously and later, in a deserted house near surrounding swamps, fresh ends of bread were found. A woman claims to have heard a baby's fretful cry come from there. The mother is prostrated.

JOHNSON MAKES PLEA

Urging Passage of His Amendment to Peace Treaty, He Asserts That Equal Representation Is Favored by Britain.

(By United Press to The Bend Bulletin.)

WASHINGTON, D. C., Oct. 23.—While debate rages in the Senate over the Johnson amendment, democratic and republican leaders are working strenuously in the cloak rooms lining up their forces on the proposed reservations to the peace treaty. No vote is expected to be taken on the amendment until tomorrow.

Senator Johnson, making a final plea for the amendment, declared that he had introduced it with the most implicit faith that it would be accepted with enthusiasm and acclamation.

"I find I was badly mistaken, however," he said. "There are gentlemen in this senate who refuse their country that which is assumed by another. This right, which is not denied the United States in England, Canada, or any other country, is denied in the United States Senate."

His remarks were based on extracts from English papers saying that the United States is entitled to equal representation in the league of nations.

COST OF LIVING IS DUE TO DROP SOON

In its digest of trade conditions the Central Trust company of Illinois says: "The average price of all commodities, according to the Bankers' Price Index, stood on the first of September at \$658.77 compared with \$728.86 on the first of August and \$626.14 on September 1, 1918. The decline shown in the average price of all commodities indicates a considerably decreased cost of living, which will be more apparent to the consumer in a month or two, which this decrease in the cost of prime commodities has found its way through to the retail markets. It will be seen that the decrease compares with the decline in per capita circulation of the money and with the decline in gold production as compared with the previous month."

MINERS REFUSE TO COMPROMISE

SECRETARY WILSON'S PROPOSAL DECLARED INADEQUATE, AND STRIKE WILL START ON SCHEDULED TIME.

(By United Press to The Bend Bulletin.)

WASHINGTON, D. C., Oct. 23.—The miners' union today rejected Secretary Wilson's compromise proposal for a settlement of the coal strike called for November 1.

"The offer is inadequate and fails to meet the necessities of the situation," said John Lewis, head of the Union Mine workers, following the meeting. This action probably means that the strike will start on schedule, unless Secretary Wilson finds some other way of bringing the miners and operators together.

SNOW STORM STOPS SHOWS ONE EVENING

PLEASURE SEEKERS DANCE INSTEAD

FIREWORKS TONIGHT

Bend Volunteer Department to Put On Stunts, and Carnival Will Resume Entertainments—Fern Allen Gains Lead.

Bend's first snow storm of the season came last night following a sharp rain, just in time to interrupt the carnival which is being held here in connection with the Reveille Week celebration, and for the first night since the Greater Alamo shows opened here, crowds were lacking in consequence. Entertainment was not lacking, however, for those who had started out to take in the carnival attractions, turned instead to the Athletic club gymnasium and spent the evening at the dance given by Cole McElroy's Jazz band, augmented by the arrival of the trombone player, who came from Seattle in response to a request by Seattle.

Last night's experience will be no deterrent to the carnival company, for the light snow that fell had vanished by noon, and the shows will be on in full blast again tonight. A special feature of the celebration will be the hose drill which will be put on by the Bend Volunteer Fire department, starting at 7:30 o'clock at the corner of Franklin and Bond. Immediately afterward, other members of the department not taking part in the drill, will set off a display of fireworks from the top of Awhrey Heights, and the remainder of the evening will be turned over to the shows and the dance.

Miss Allen Leads in Contest.

Interest became keener in the Reveille popular girl contest today when Miss Fern Allen stepped into the lead with the count at noon. Miss Allen added 245 actual votes, and with the 50 offered as a prize for every one hundred deposited for today's count for any contestant drew an extra one hundred boosting her standing by 345 votes. Miss Florence Downing had 148 new votes to her credit and was awarded 50 extra by the committee. Miss Ida Dahl, new contestant, had 100 to her credit and was also awarded 50 extra. The list shows a material change over the count yesterday. Contestants and those working for the various contestants wanting voting coupons can obtain them at the Golden Rule.

No Count Saturday Noon.

There will be no account of the standing published after the Friday issue of The Bulletin, until the final count Saturday night on the carnival grounds. The vote from Friday noon, 12 o'clock, until 10 o'clock Saturday night will be secret. New entries can be entered at any time until the closing hour, according to a ruling of the committee. The committee urges each contestant to have a representative at the final count when each vote that has been cast during the contest will be recounted. The final count will be held at the American Legion country store on the carnival grounds. The committee has decided to repeat the offer of 50 free votes for every one hundred deposited to the credit of any one candidate at the count Friday noon. The standing at noon today was:
