### LEWIS HINTS AT WAGE AGREEMENT.

### PLAN TO AID MINERS

Organized Labor May Make Up Strike Benefit Fund to Take Place of Money Tied Up by Federal Injunction.

[By United Press to The Bend Bulletin.] INDIANAPOLIS, Nov. 4.—Acting President Lewis, of the United Mine Workers, issued a statement today in which he declared that the machinery of the joint system of bargaining in the mining industry is intact, and that it would be a simple matter for the government and the coal operators to set it in motion to negotiate a wage agreement. This is considered significant, in view of the many reports that the strike will soon end.

The statement was given when Lewis was interviewed regarding reports rumorming a quick ending of the walkout.

### MONEY AID PLANNED.

WASHINGTON, D. C., Nov. 4.—Organized labor throughout the country is preparing to extend financial aid to the 425,000 coal miners whose strike benefit fund is tied up by a temporary injunction, according to information received here. Reports of plans of miners began arriving coincidentally with reports indicating that schools and factories are beginning to feel the pinch of the fuel shortage, and are closing because of this.

Leaders made light of the report that the strike is disintegrating. They called attention to the rumors that the Regional Railroad directors are considering curtailment of passenger service in order to save coal. They claim in addition that the tonnage being produced by non-union miners is satisfying only a small part of the country's demands. It is asserted that even operators' reports show that all mines are closed in Indiana, Illinois, and Ohio, and that ships are being held in the Atlantic ports.

### SCHOOLS ARE CLOSED.

BILLINGS, Mont., Nov. 4.—Schools closed here today due to a fuel famine resulting from the coal strike.

A feature of the evening will be the presentation of the flag recently purchased by the Bend lodge of Elks to be dedicated to the local organization of war veterans, and it is probable that a dance will be arranged for the latter part of the evening.

### To Sell Red Cross Stamps.

In addition to voting for a 100 per cent membership in the Red Cross, the post voted to co-operate with the Bend chapter in the sale of Red Cross Christmas stamps, the sale of which will begin early in December. K. E. Sawyer, Don Rogers, and C. H. Shevlin were named as the committee to have charge of this work.

James Frederiksen, of La Pine, was one of the out of town members present, and stated that a number of returned service men in La Pine and Crescent would be anxious to join the post, if it were not for the long distance which must be travelled in attending meetings. The executive committee is now considering the matter of organizing an independent post at La Pine, if it is found that there are sufficient prospective members living in the community. If this cannot be done, it is probable that an auxiliary club will be formed, with the Bend organization as the mother post.

## RESULTS GOOD IN ROLL CALL WITHIN BEND

### VOLUNTEER WORKERS ARE BUSY.

### \$337 ONE DAY TOTAL

American Legion Post Buys 130 Memberships—Mrs. E. D. Ward Makes High Record for First Day with 100 Memberships.

- HIGHLIGHTS ON RED CROSS ROLL CALL.
- Mrs. E. D. Ward, volunteer worker, secures 100 member ships on first day.
- American Legion goes 100 per cent in membership—\$130.
- Percy A. Stevens Post will put on mopping up campaign beginning Thursday.
- Volunteer workers wanted to report to R. W. Sawyer, chairman.

The Red Cross membership drive is progressing rapidly, and with less than two days of actual work, indications are strong that Deschutes and Jefferson counties will show a 100 per cent result when the end of the roll call is reached on Tuesday, November 11. In Bend alone, \$337 was reported as the total at headquarters this morning, but it was considered almost certain that complete returns for yesterday's work had not been turned in.

The biggest item in the total was the check for \$130 turned in by Percy A. Stevens Post, American Legion. This followed the action taken at the monthly meeting of the post last night, when it was voted to make the post membership 100 per cent. In addition to this, the Legion stands ready to help the central committee in any way possible, and on Thursday will start a campaign to clean up any section of the city where a thorough canvass may not have been made.

### Response Encouraging.

Most encouraging results are being reported by volunteer workers, for in most cases it is merely a case of calling at a residence or business house, and finding the dollar membership fee waiting. Arguments as to the desirability of joining, were seldom necessary. The high record yesterday was made by Mrs. E. D. Ward, a volunteer who turned in 100 memberships last night.

New volunteers who were reported this morning are Frank R. Prince, M. W. Wagner, and C. H. Clow. Mr. Prince will be in charge of the roll call at The Shevlin-Hixon Company mill, Mr. Wagner at the Brooks-Scanlon Lumber Co. plant, and Mr. Clow in the La Pine district. Still more assistants are wanted today, however, the committee states, and volunteers are asked to report at once to R. W. Sawyer, chairman.
