—To a man clothes are an incident in life.  
 —To a woman they are a most vitally important part of life itself.  
 —She knows fabrics, tailoring and style as few men ever know them.  
 —Men!—take Her with you when you buy your next suit or overcoat. You'll find Her an expert purchasing agent.  
 —Christmas will soon be here. Christmas with all the term implies as to universal fellowship, bounteous unselfishness and the renewed recognition of the fact that to give is actually better than to receive.  
 —"As you have put into anything that much will you get out of it."

# Wise Buying

—The man or woman who makes good nowadays is the one who gets full value for every dollar spent.

—And just what is "Full Value"?

—It is simply a matter of getting the worth of what you spend. What you buy makes no difference. You need clothing and food, but also need recreation and entertainment. Get them, by all means. The only thing of which you want to make sure is that when you spend money for pleasure—or for necessities—you get all that that money can buy.

—Whoever you are, wherever you go, whatever you do, there is nothing more important than your personal appearance and your clothing—to be well dressed means to be comfortable and self-conscious that you are well dressed—that's why people come here to this store when they are looking for choice styles, choice fabrics and right prices. We have no room for the so-called cheap, misfitting, shabbily tailored kind here.

—You can't judge a man by his clothes, but you can judge clothes by the men who wear them.

—WE DO NOT SOLICIT ANY BUSINESS EXCEPT ON THE BASIS OF MUTUAL INTEREST. EITHER LOWER PRICES OR BETTER QUALITIES OF GOODS AT SAME PRICE. WE ABIDE BY THE SURE TEST OF COMPETITION. NO "IFS," NO "ANDS," NO "BUTS," NO "BAITS"—JUST VALUE.

When You Buy a

## Suit or Overcoat

think of it as an investment; what returns it will bring you in service and satisfaction.

—With old H. C. L. staring you in the face, Cashman's are the sensible clothes to buy. Because Cashman's are as famous for their style and quality as for their price.

—Every dollar counts these days. Foolish to pay too much for your clothes. Or too little to get good clothes.

—This store shows you exactly what you want. Not something "just as good" or "almost the same thing."

—The fabric you like. The model you like. The fit you like.

—And, the price you like!

—Have you ever noticed that some people are always ascribing the other fellow's success to luck? Somehow we lose patience with this "luck" talk. If you stop to think you will find that in every industry there is a superior genius, and when you buy the product of his skill you have bought safely and wisely. So it is with stores.
