WATER HEMLOCK.

We have recently had the privilege of reading a report prepared by F. V. Horton, grazing examiner in the local forest office, on the eradication of the water hemlock in the Sisters-Metolius section. In botany the plant is called "clemta occidentalis." By its more familiar name it was known to be responsible for the death of 15 head of cattle last summer and in this report Mr. Horton tells of the work done by the forest employes toward eliminating it from the range.

The report and the accompanying set of photographs are extremely interesting. To the layman, they are a lesson in what our Forest Service is doing for the country and a suggestion of how manifold is its work. It is invaluable to the stockmen.

It also occurs to us that if the Grecian Forest Service had been on the job in the days of Socrates, the philosopher would never have been able to go out by the hemlock method.

Discussing Leonard Wood the editor of the Harney County News says, "It has always been the thought and purpose of the writer to place in the president's chair a man who had more business capability than military." We breathlessly await his selection.

The peace treaty has been signed by Germany and all her opponents but the United States. We shall have to change the lines about George Washington and apply them to the nation. Last in war and last in peace.

PARENT-TEACHERS AT TERREBONNE ELECT

TERREBONNE, Jan. 13.—The Parent-Teacher association met at the school house Friday, and held the annual election of officers. Those elected were: Mrs. W. R. Davidson, president; Mrs. Gertrude Whiteles, first vice-president; Mrs. W. F. Galbraith, second vice-president; Mrs. J. M. Perry, secretary; Mrs. DeWitt Williams, treasurer. Miss Brems, the visiting nurse, gave a talk on the scope and nature of the visiting nurse's work in the community and discussed the benefits of keeping a record of weights and measures of the children.

The Weed.

Tobacco prices, too, have soared, in keeping with the price of board, of clothing, books and boots; and now we feel some mental jars when we dig up for punk cigars and cauliflower cheroots. There was an olden, golden time when I could take a hard-earned dime, and buy a royal smoke; a torch that drove away my care, restored the color of my hair, and made grief seem a joke. But now the torch that costs a dime would drive the purchaser to crime, to arson and the like; it's made of rhu-barb leaves and sage, and oft the smoker, in a rage, invokes the shade of Mike. The time has come, I must admit, when it is wisdom true to quit the habit, once for all; for most cigars are made of tripe, the stuff we purchase for the pipe is ground up overall. And only plutocrats can buy the honest weed, it comes so high, and "higher still's" the news; what wonder that the poor man grieves? I'm tired of smoking cabbage leaves and dessicated shoes. I'm tired of throwing coin away for sacks that should be labeled hay, but bear tobacco's brand; and so I say to every toff, "This is the time for swearing off! Let's do it, hand in hand!"

The Sunday school last Sunday morning presented Mrs. W. O. Reigel, with a nice table cloth as a token of their appreciation of her work in the Sunday school.

C. F. Hoskins of Lower Bridge, was in Terrebonne Saturday. We failed to report last week a fine son born to Mr. and Mrs. Charlie Strait on January 4.

Another rabbit drive was held Sunday east of Terrebonne and a large number of rabbits killed.

Verne Lantz and Harvey Drew have a contract for cutting cord wood for McLaughlin and Hoggins at \$4.50 per cord.

A very pleasant reception was given Friday night at L. P. C. Hall in honor of the Reigel family who are moving out of the community soon.

A dance was given at Community Hall Saturday night with the usual good music and a good crowd.

A surprise party was given in honor of the fifteenth birthday anniversary of Russel Galbraith. A number of school friends of both Terrebonne and Redmond were present. The evening was spent playing games after which a delightful lunch was served.

By the help of the carpenters and farmers the school gymnasium has been nearly completed this week.

Menace to Locusts.

Locusts in Algeria have found a dangerous enemy in a fly which follows them and lays its eggs where they lay theirs.

Engagement Announced

Mr. "Grippe" and Miss "Flu" are busily engaged again, but—the minute you feel a cold coming on, begin to have fever or chills, dull aches or constipated, it may be the Flu or Grippe. Before retiring, bathe your feet in hot salt water, take a good big cup of HOLLISTER'S ROCKY MOUNTAIN TEA (warm) and go to bed for the night—it's a 10 to 1 shot you'll feel great the next morning. Without fail try this—but do it quick before the "Flu" or Grippe get's a start. Buy a package today, have it in the House and use it at the very first warning—then you're safe.
