### A GOOD IDEA

A unique method of demonstrating its interest in country roads and at the same time of getting some road work done has just been announced by the Prineville Commercial club.

A "Good Roads Contest" has been arranged with substantial prizes offered for the most decided improvement shown in a quarter mile strip of road, the work to be done by farmers between February 9 and October 8. Entries in the contest are to be received and the strip of road selected for improvement by each entrant visited and its condition recorded by the judges before work begins.

The most important rules for the contest, which might well be copied here, are as follows:

"1. Contest starts Wednesday, February 11, 1920.

"2. Any person in Crook county is eligible to enter.

"3. Length of road to be improved one-quarter mile.

"4. Entries close Monday morning, February 9, at 9 a. m. and all wishing to enter must fill out the blank below and mail it to the secretary, Commercial Club, Prineville, Oregon, in order that it may reach him before that date.

"5. No contestant will be permitted to begin work on his section before the morning of February 11, 1920, as the judges must inspect his section of road and take notes on it before he starts to work.

"6. The judges shall make the awards to the persons making the most decided improvement in his section of road and all equipment must be furnished by him except in the event of the need of culverts, the same may be obtained from the county without cost if the county court so approve the location of the proposed culvert.

"7. There will be three prizes: First, second and third, with a guaranteed first of \$100 cash, second \$50 cash and third \$25 cash.

"In addition to the above \$175 to be awarded, it is expected and understood that additional cash and merchandise will be donated toward the contest and it is quite safe to say that before the contest closes the total prizes offered in cash and useful merchandise will reach close to \$500. The additional prizes will be published from time to time in the local papers.

"8. The contest closes October 8, 1920, and the awards will be made from the judges stand during the Inter-State fair on that date.

"The location of the quarter-mile of road to be improved will be selected by the contestant, but must not be more than 12 miles from Prineville.

"The reason for limiting the contest to a radius of 12 miles from Prineville is that it will be impossible for the judges to visit the remote sections of the county at this time of the year. It is expected, however, next season to hold a similar contest, taking in that part of the county extending from the 12-mile radius to the county boundary."

Putting on a good minstrel show is now added to the accomplishments of the Bend fire department.

### NEWS NOTES FROM MILLICAN FARMS

MILLICAN, Feb. 2.—Frank Percival was a Bend visitor this week. Mary M. Holland called at the Keller and Rosin homes Saturday. J. J. Holland spent over Sunday at home.

### Fighting H. C. L.

We've talked a lot about the Cost; no opportunities we've lost to make a few remarks; we've told how we have felt the pinch, and called for hempen ropes to lynch the profiteering sharks. Now comes the gentle spring again, when earnest, sane and thoughtful men will cease to rend their duds, quit yawping by the village pound, and spade up fourteen rods of ground, and plant a lot of spuds. A garden full of useful greens, of sparrowgrass and Lima beans, is much to be desired; a garden where the squashes thrive and beets are seen in blocks of five, will make the Cost look tired. A bed of onions by the fence is better evidence of sense than many frenzied yawns; and nothing finer is in sight than is the gardener's delight, when harvesting his crops. The country's full of fertile earth; all kinds of soil, of sterling worth, is strewn around our shacks; and in that soil let's plant some peas and Brussels sprouts and things like these, and thus get down to tacks. When to their gardens men repair, and gather luscious pumpkins there, and carrots red and fine, and turnips full of wholesome juice, and cabbageheads that beat the deuce, the Cost takes in its sign.

Mrs. J. J. Holland was a visitor at the Keller home Wednesday.

J. M. Smith, Oscar Shear and Mrs. L. G. Morgan made a business trip to Bend Saturday, while Wm. A. Rahn acted as postmaster.

Walter and Roy Keller made a business call at the Wm. A. Rahn home Saturday morning.

L. G. Morgan called at the R. R. Keller home Friday evening.

Oscar Shear was a caller at the Morgan home Friday evening.

R. R. Keller called at the Cooke home Wednesday.

T. E. Going, Sr., was out over Sunday, returning to Bend Monday.

Mrs. L. G. Morgan and Miss Edith Matheny were school visitors in district No. 26 Thursday, also called on Mrs. J. J. Holland the same day.

Put it in "THE BULLETIN."

### PLEASANT RIDGE TO SECURE NEW CARRIER

PLEASANT RIDGE, Feb. 4.—Mrs. W. H. Gray was on the sick list but has now fully recovered.

Mrs. Cathrine Johansen entertained the following guests Sunday: Miss Edna Paulson and Antone Paulson of Madras, Mr. and Mrs. Ole Hanson and Hans Hanson of Deschutes, Mr. and Mrs. H. T. Mikkelsen and Alfred Mikkelsen and Mr. and Mrs. Carl Hanson of Tumalo.

We expect to have a new mail carrier the first of the month, Clyde Moore having resigned to take up other work.

Mr. and Mrs. J. D. White were shopping in Bend on Wednesday.

Miss Edna Paulson of Madras accompanied by her brother spent Saturday and Sunday visiting at the home of Rasmus Peterson and Mrs. Cathrine Johansen.

H. T. Mikkelsen and son Alfred were Redmond visitors on Saturday. Rasmus Peterson was using his tractor to cut hay for O. E. Anderson Saturday.

Mr. Thorpe of Bend has been working on Ed Swalley's new house this week.

Roy Miller was working for O. E. Anderson the first of the week. Alfred Pedersen and O. E. Anderson went to Redmond Monday after lumber.

Mrs. Ole Hanson of Deschutes called on Mrs. Cathrine Johansen Wednesday afternoon.

Rev. Johnson went to Bend on business Wednesday.

Rasmus Peterson loaded another car of hay at Deschutes this week.

Rasmus Peterson and Hans Mikkelsen were transacting business in Bend on Wednesday.

Anton Ahlstrom was in Redmond doing some trading on Friday.

A large crowd was out to the meeting which was held at the Johnson home on Thursday evening. Rev. Johnson delivered a fine sermon, after which a lunch consisting of sandwiches, cake and coffee was served.

J. W. Peterson was a business visitor in Bend Saturday.

Mrs. O. E. Anderson was a Bend visitor Wednesday.

Mrs. Cathrine Johansen sold her lamb to a Bend butcher this week. Mr. and Mrs. W. H. Gray were guests of Mr. and Mrs. O. E. Anderson at dinner Sunday.

### BONUS PLAN USED AT JUNIPER CAMP

Crews Pulling 100 or More Trees in Day at Camp Near Deschutes, Get \$1 Per Man Extra.

camp is making good progress and several men are working, hunting the trees on a contract basis, preparing the timber for the gas power saws that are now on the way here.

The company has evolved a new scheme to get the maximum of effort out of each man employed on the stump pullers, i. e., every day that a crew pulls 100 or more trees each man receive a bonus of \$1.00. The minimum wage paid is 60 cents per hour or \$4.80, so that an added dollar is quite an inducement to the men.

At the cut up camp near Tumalo they have been having some trouble and their engine that ran the cut up saws gave out, so they shifted the crew to the tree pulling camp to keep them busy while necessary repairs were being made.

The company arranged to get a tractor to operate the saws and after moving it part way discovered they could not use it because it was in bad shape, although it was a new machine and had plowed only about forty acres, but had been neglected so that the bearings were full of sand, and it had not been oiled. It is understood that the cut up camp will be idle for about

two weeks or until a new engine can be obtained.

The farmers' telephone line between Bend and Deschutes is progressing nicely and the wire is all up.

# MAXWELL

"Pay as you ride" on our easy payment plan

Among the vast number of motorists that consider reliability and economy the prime requisite of automobiles, the Maxwell is the choice of its price class.

The fact that a Maxwell gives MORE miles on gasoline, oil and tires—and that in doing so it gives stable, dependable service—is the great factor in creating the vast national demand for this car.

More than 100,000 persons who want to make their money go as far as possible, will buy Maxwells in 1920. And some 40,000 persons who desire Maxwells will be disappointed because of the shortage.

Order early, and you will at least get a definite and early delivery date.
