Washington wrote these words to Lafayette

"Nothing but harmony, honesty, industry and frugality are necessary to make us a great and happy people."

FEBRUARY 22, is Washington's birthday; it's a good time for all of us to pause and take his words to heart. We don't need to worry much about the "honesty." The United States has that quality in good measure. We *do* need more "harmony" and *all* of us need to work harder and save more.
