Tom Williams, Portland.  
F. M. Martin, Prineville.

**What Courtesy Overlooks.**

One way to make sure that you maintain amiable relations with your immediate neighbors is not to permit yourself to take advantage of their close proximity to you. There are always little things that you can learn about your neighbors that it is the part of courtesy to overlook.

**Very Old Superstition.**

It surprised me to find on investigation that "touching wood" as a supposed safeguard from the consequences of exultation or boasting is a superstition of ancient origin. Authorities on these mythological matters tell us that "It dates from the time when the oak, the ash, the rowan (or mountain ash) were held sacred to the gods of the heathen."

**VICTIMS RESCUED**

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking

**GOLD MEDAL HAARLEM OIL CAPSULES**

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. Three sizes, all druggists. Look for the name Gold Medal on every box and accept no imitation.

**APPEAL OF SUMMER IN DAINTY FROCKS**

What woman is there but likes summer best—well, because—oh, one's clothes look so much better—the crisp, clean freshness which all women like. If that white organdy—that voile—that georgette—has not been planned as yet—maybe these two new summer frocks in all their daintiness will help in the decision.

**Building Character.**

It's folly to build with neutral materials. Character demands touch with God and cooperation with one's fellows. There may be some with desire to be considered clever who dare to assume positions that throw them into the limelight and the ridiculous. They may conjure up eutesounding phrases trimmed to capture itching ears without giving a thought to what real meaning they may convey. It's dangerous to vent wholesale disaster upon those of other faiths. If men be given to folly it's your part to lead them to the truth.—Grit.

**Soul Vision.**

There's no monopoly of soul vision. It's not particular about the residence of its beneficiary. It finds the simple Maid of Orleans and makes her a great factor in history. It takes the youth, Luther, and makes him the reformer of religion. It has taken men from the plow, the garret, the scullery and raised them to eminence. It has also used the son of the mansion. It knows men as fit expressions of its purpose and not as individuals. It is limited only by the power of the soul to match itself with the great need.—Exchange.

**Value of Failure.**  
I pity the man who has no failures to his credit, whose way has been smooth and prosperous from beginning to end, because such a man is likely to be riding to the only tragic failure there is—that of life itself. The thing that most often tends to poverty is the thing we call success. If one's failures have been honestly achieved by hard and long-continued effort, they become highly useful and convincing.—Irving Bacheller.

**Baby's Batteries.**

Ruth often helped her mother look after baby brother. One morning her mother told her to go and listen outside the bedroom door to see if brother was crying. "Why don't you want him to cry?" asked Ruth. "Are you afraid he'll run his batteries down?"

**Scottish Center of Industry.**

Dundee ranks as one of the leading industrial and commercial centers in northeastern and central Scotland. The district of Dundee is the center of the Jute industry in the United Kingdom and practically all the raw Jute imported into the country, which averages 1,200,000 bales annually, is consumed there. It is the staple industry of Dundee and employs normally about 35,000 workers.

**Killed by Peashooter.**

"Shot to death with a peashooter," was the verdict of the coroner's jury investigating the demise of Mrs. Jessie Archer in London, England. It was found that she ruptured the aorta when the vegetable, shot from a boy's artillery, hit her in the face.

**ELECTION, MAY 21**

**STATE ROADS**

**Vote 302 X Yes**  
**For 4% State Road Bond Limit**

BALLOT TITLE IS AS FOLLOWS:

**302 X Yes** CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislative Assembly.  
**303 No** **LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.**—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of debt and liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

**NO PROPERTY TAX—NO DIRECT TAX**  
**NO INCREASE IN AUTO LICENSE FEES**  
**NO INCREASE OF GASOLINE TAX**

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

**FEDERAL FUNDS MUST BE MATCHED**

Oregon must have sufficient Highway Funds to match Federal apportionments or Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be finished by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

**Income from Present Sources Sufficient to Pay Principal and Interest.**

The fact that revenues from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Examine the table carefully. It shows that no property tax is required and that present rates for auto license fees and gas tax will redeem principal and interest and yield surplus bonds.

For Interest Tables, Pamphlets or further information, write to:
