

MANDATE OVER ARMENIA WILL NOT BE TAKEN

PIGEONHOLES AWAIT WILSON MESSAGE

HIGH COST OBSTACLE

Would Mean Expenditure of \$80,000,000 First Year, Says Expert—Bryan Takes Stand Opposing President.

(By United Press to The Bend Bulletin) WASHINGTON, D. C., May 25.—The possibility that congress will concur in Wilson's recommendation that the United States accept the mandate over Armenia is remote, senate and house leaders declared today.

General Harbor, who headed the American mission in Armenia, recently reported that acceptance of such a mandate would require 59,000 American soldiers, and a large naval force, and would cost \$89,000,000 the first year.

BRYAN AGAINST MANDATE.

WASHINGTON, D. C., May 25.—Bryan placed himself in direct opposition to President Wilson's foreign policy today when he declared himself against the United States accepting the mandate for Armenia.

PRODUCTION IS HOOVER'S PLEA

DECREASING OUTPUT OF FOOD SUPPLIES WILL MEAN DEPENDENCE ON FOREIGN NATIONS, HE DECLARES.

(By United Press to The Bend Bulletin) WASHINGTON, D. C., May 25.—Food production in the United States is decreasing so rapidly that a commission of "highly trained farmers from the farm" should be organized immediately to formulate a constructive policy of agricultural readjustment.

Unless steps are taken to "stem the tide of decreased food production, we shall soon be dependent on overseas supplies," Hoover warned. He also declared that a drop in prices must come sooner or later, and that interest in food production measures should be taken to see that the greatest portion of the decline is not passed back to the farmer.

CANVASS COMPLETED

City Council Approves Assessment Roll on Recently Constructed Sewer—Liquor Tester to Be Ordered.

By more than a two to one vote in all city precincts, the \$21,000 park bond issue was carried in Bend in the primary election Friday. It was announced last night after a canvass of the votes by the members of the city council showed 806 votes for and 296 against. The council will proceed at once with steps necessary for the issuance of the bonds and for turning them over to the Bend Company in exchange for the park property on the east side of the Deschutes.

Because of the number of liquor cases which have been coming up in police court yesterday and the necessity for determining alcohol percentage in any suspected fluid, as a matter of evidence, C. S. Benson, city attorney, advised the council that a testing machine should be obtained. An outlay of approximately \$25 would be involved, he said. Immediate purchase was authorized.

An assessment roll presented by City Engineer Robert B. Gould for new construction on the West Central sewer main and for construction of laterals No. 27, 30, 44, 45, and 46, was accepted. Taxpayers along the line of this improvement will be able to take advantage of the Bancroft bonding act by petitioning within 20 days, but Mr. Gould urges that cash payments be made in as many instances as possible, to aid in keeping the city's credit intact.

(By United Press to The Bend Bulletin) WASHINGTON, D. C., May 25.—A total of \$12,900 has been raised for the candidacy of Governor Edwards for the presidency. OBREGON REQUIRES SURRENDER

Alleged Slayer Declares He Can Prove Carranza Took Own Life. Sonora Governor Named Provisional President.

(By United Press to The Bend Bulletin) MEXICO CITY, May 25.—General Obregon, commander of the Mexican revolutionary forces, today commanded Rudolfo Herrero to surrender and answer to the charge of assassinating Carranza. Obregon declared that a clear case of treachery had been proved. The order followed Herrero's offer to come to Mexico City, if guaranteed protection, and give evidence which he claimed would prove that Carranza had killed himself. He declared that Carranza committed suicide rather than suffer the dishonor of becoming a fugitive.

Adolfo de la Huerta, former governor of Sonora, was elected provisional president of Mexico last night at an extra session of congress.

FURTHER FALL IN COSTS SEEN

FEDERAL RESERVE BANK OF SEVENTH DISTRICT NOTES TIGHTENING OF CREDIT. SPECULATION DEPLORED.

(By United Press to The Bend Bulletin) CHICAGO, May 25.—Continued decreases in prices are predicted here in the monthly report of the seventh federal reserve bank. Tightening of loans is continuing, while the demand for money and credit is exceedingly heavy, the report said.

It deplored the tendency of farmers to buy securities representing speculative enterprises. More than \$200,000 worth of new securities were sold in Iowa alone last month, the report states.

TRAIN TICKETS LEGAL TENDER

DEARTH OF SMALL CHANGE IN MEXICAN CAPITAL FORCES A GENERAL USE OF COMMON SUBSTITUTE.

(By United Press to The Bend Bulletin) (United Press Staff Correspondent.) CITE OF MEXICO, May 25.—Having made a ten-cent purchase, the resident of Mexico City, extends the store-keeper a 50-centavo or one peso bill. He waits for change. The clerk, fumbling in his pocket or the cash drawer, produces a stack of street car tickets. The proper change is counted out, in tickets, the customer pockets them and the transaction is completed.

Such is the situation in Mexico today as regards small change. Time was, a few weeks ago, when the customer would grumble at the sight of tram tickets given in exchange for real money—and tickets for which he had no earthly use. But one must learn to expect anything in Mexico and having learned to expect it become reconciled to it.

The situation is improving, however. Not that there is any prospect of an increase in the amount of small change. The outlook in that respect is as gloomy as ever but the tradesmen have agreed to accept the tickets as legal tender. When everyone in town had acquired so much "change" that there was no need of walking, even for a block, the rest of one's natural life, the merchants decided that it was only fair that they take some of it back.

So now the snor-about-town pays for his cocktails in tram tickets and the women in the market place lays down the same currency in payment for her vegetables.

DELEGATE TO SUPPORT WOOD

MCCAMANT CONSIDERS THAT HE IS NOT BOUND TO VOTE FOR JOHNSON IN NATIONAL CONVENTION.

(By United Press to The Bend Bulletin) PORTLAND, May 25.—Judge Wallace McCamant, elected as one of the four delegates at large from Oregon to the republican national convention, will not cast his vote at Chicago for Hiram Johnson, who apparently won the republican endorsement of this state at the primaries on Friday. McCamant says he will vote for Wood.

He contends that, because he filed as a candidate for delegate by the petition route, he was required to take no pledge to support the voters' choice, and is, therefore, a free agent.

Membership Referendum to Decide Advisability of Allowing Professional Bouts—Will Retain Playground Director.

T. H. Foley was chosen president of the Bend Industrial Y. M. C. A. to succeed himself in this office, when the newly elected board of management met last night at the gymnasium. Victor Agren was named vice-president, with F. L. Minor treasurer.

Reopening a question which was passed on last fall, the board discussed the advisability of permitting professional boxing matches to be held in the gymnasium, and it was decided to submit the matter to the membership for a final expression of opinion. Between now and June 30, a referendum will be held by mail, all adult members who are in good standing before the date named being entitled to vote on the question. It was decided that Miss Ellis Dews, head of the physical training department of the Bend schools, should be employed during the summer months to have charge of organized playground work for the children of the city, and also to supervise ladies' and girls' swimming classes and to promote outdoor athletics.

A summer program which will include a social swim every Thursday night in the plunge was authorized, and a slight change in membership rates which has as its feature a single admission charge of 50 cents, was voted favorably on.
