

SOCIETY

Notes for publication in the social column in the Saturday issue of The Bulletin must be in not later than 5:30 o'clock on the afternoon of the day preceding.

(By Mrs. L. W. Gatchell Phone Black 1081)

Mr. and Mrs. Jay Noble spent the Fourth of July week end at Crater Lake.

Mr. and Mrs. J. M. Lawrence, accompanied by Mrs. Williams, the Misses Brems and Miss McKee, will spend the week end at Crater Lake.

Mr. and Mrs. R. S. McClure spent the week end at East Lake, where they joined a large party of friends in celebrating the Fourth.

The Foss-Hudson party returned Monday evening from East Lake, where with many other Bend residents they enjoyed a week end of outdoor pleasures.

Although Bend did not formally celebrate the Fourth of July, many of its residents enjoyed the week end at some of the various resorts near the city.

A party comprising the employees of the Union Grocery and a few invited friends spent the week end at East Lake celebrating the Fourth in a most enjoyable manner.

In courtesy to their guest, Mr. Addison Bennett, veteran newspaper man, Mr. and Mrs. O. C. Henkle and a party of invited friends celebrated Independence Day by spending the week end at Odell Lake, occupying the Pringle Lodge during their sojourn. The party included Mr. and Mrs. Guy McReynolds, Mr. and Mrs. Kenneth Sawyer, Mr. Addison Bennett, and Mr. and Mrs. O. C. Henkle.

Mr. and Mrs. W. P. Duffy of Shakopee, Minn., who are guests of Judge and Mrs. F. E. J. Duffy, are enjoying Central Oregon for the first time. For the pleasure of their guests, Judge and Mrs. Duffy have arranged several auto trips to places of interest about Bend. Tomorrow the party will enjoy a drive to the head of the Metolius and a few days later will view Benham Falls. Mr. and Mrs. Duffy will return to their eastern home some time next week.

Accompanied by her sister, Mrs. Minna Brems and a friend, Miss Annetta McKee, both of Detroit, Mich., Miss Margaret Brems returned to Bend last Saturday evening after a three weeks' pleasure trip to points of interest in the southwestern states. Leaving Bend July 12, Miss Brems met her sister and a party of friends at Santa Fe, N. M., where they spent two days, viewing points of historical interest, one being what is claimed to be the oldest house in America and another an excavated adobe community house which at one time possessed as many as 700 rooms, the work of the Pueblo In-

dians, a remnant of which tribe now live in small adobe homes. From there the party journeyed to the Grand Canyon, in Arizona, and spent several days enjoying this wonderful of marvelous scenery, taking both the river trip of eighty miles and the Bright Angel trail trip into the canyon, each requiring a days' time. Los Angeles was the next point visited and while in that city the party experienced the recent earthquake shock and took interesting views of the wrecked buildings in the suburb Englewood, caused by the quake. Many places of interest were visited on the journey to San Francisco, where the steamer "Topeka" was boarded for the trip north. A storm at sea and heavy fog delayed the boat which was forced to stop at Eureka, Cal., for five hours. The party has been in Bend the past week viewing points of interest about our city. Miss Brems and Miss McKee will leave Monday for their home in Detroit.

BIG GUNS MUST BE MOBILE

Otherwise in Future Wars They Will Be Quickly Wiped Out if "Spotted" From Above.

While the war was in progress new military inventions and improvements were for obvious reasons kept secret in America. Now, however, they are beginning to leak out.

For example, there is a new 14-inch gun, which is called "pride of the army." All big guns in future will be made mobile (on rails or drawn by gasoline tractors), because otherwise they would invite their own destruction. With the help of "spotting" airplanes they might be quickly wiped out.

The guns which now defend American seacoast forts are stationary, and the big ones of no larger caliber than 12 inches. They are to be replaced by 14-inch rifles on mobile mounts, and it is manifest the plans of the fortifications will have to be altered.

Newest American battleships carry 14-inch guns, which have been deemed the most effective weapons of their type in the world. Some of them did duty on land in France toward the end of the war. But this new rifle (a product of army ordnance experts' best ingenuity) is superior in several respects. It will throw a shell 35 miles.

His Ambition.

Ten-year-old Ted made his first long visit to the country. He was much impressed with the returns of farming, but not with the work which brought the returns. He studied the occupation of farming diligently in order to see what part of it was easiest. And one day he discovered what he thought was.

"Then he went to his mother. 'I always said that I would be a farmer when I grow up,' he told her. 'but I guess I won't be a real farmer. I guess I'll be a hog stopper.'"

LIBRARY NOTES

The following summary of the report on the work of the county library for the month of June is furnished by Miss Lillian Sabin, librarian:

The number of books loaned was 1168, a gain of 306 over last month.

The average daily circulation was 44.9, against 36.6 last month.

The number of new readers registered was 88, doubling last month's figure.

Two new branches have been established, one at Redmond and one at Terrebonne, the Redmond public library becoming a branch of the county library. Because of the limited supply of books in the central library, these branches and the five camps will be supplied this summer by traveling libraries from Salem.

Statistics show an increase in the number of readers and an increase in circulation. No statistics can show what warms the heart of any librarian—the individuals who are getting pleasure and profit from the library and the expression of their appreciation, the children, whose eyes glow over the new books.

The Noley Guest.

William Jennings Bryan said at his brother's house in Lincoln:

"It is splendid to see the good order that now prevails at political banquets. There was considerable drunkenness at these banquets in the past."

"At a political banquet one evening the chairman said to a rather noisy guest:

"Excuse me, sir, but may I ask your name?"

"Morgan's me—hic—name," the guest answered.

"I mean your full name," said the chairman.

"The guest hiccupped again.

"It's just the same," he said, 'full or sober.'"

At the Churches

SCANDINAVIAN-LUTHERAN

Services will be conducted in the Scandinavian-Lutheran church, opposite the gymnasium, on Sunday at the usual hours. Morning service, 11 o'clock; evening service, 8 o'clock. Both sermons will be delivered in Norwegian.

Sunday school begins at 10 o'clock.

The Ladies' Aid society will be entertained at the home of Mrs. Carl Johnson, Thursday, July 15.

A most cordial invitation is extended to those who are interested to attend the above meetings.

When You Send In The Fire Alarm

and the engines come tearing down the street, and the flames are licking up your property, it is too late to think about fire insurance. Now is the time, before the fire occurs, and while you are still safe. Don't put off taking out that policy another day, tomorrow may be too late. Drop in our office and we will give you a policy at once.
