## PREMIUM FOR GRADED EGGS

Fact Is Due to Strict Grading Prac ticed by Shippers of Far West, Say Specialists.

Eggs from the Pacific coast in large amounts were first shipped across the continent to the New York eity market two years ago. Now they are bringing a premium of from 1 to 2 cents, ac-

cording to market quotations,

That this is due to the strict grading practiced by the shippers of the far West is the belief of men in the bu-reau of markets, United States department of agriculture. The reputation for careful grading which the Western-ers have attained in other products shipped East has spread to include

### PTOMAINE POISONING CAUSES

Decaying Flesh When Eaten by Hens Is Harmful-Dispose of Carcasses of Dead Fowle.

Carcasses of dead fowls if not properly disposed of will decay rapidly in hot weather. The by-products of putrefying bacteria, accumulating rapidly, attack the digestive systems of any chicks which are rash enough to est their unfortunate brothers. enough of the decaying flesh is eaten by the birds, ptomaine poisoning re-

### FEED SUPPLY FOR CHICKENS

mer Use-Cabbage and Mangel Beets Good for Winter.

Green feed is excellent for poultry and can be substituted for a considerable amount of the grain ration. Grow oats, vetch and rape for summer use; cabbage and mangel beets for winter. Store cabbage and beets in a dry room or bury in a pit and cover with straw and earth.

### Mott Remarkable Cave.

Howes cave' situated 39 miles from Albany, N. Y., probably the most remarkable cavern known, was discovered by Lester Howe, for whom it was named, in 1842. Howe penetrated to a distance of 11 to 12 miles, but visitors do not generally go farther than four miles. The cavern was also called the Ostgaragee cave, and is considered one of the wonders of the con tinent.

The entrance to the cave is about 50 feet above the valley, and the rock chambers known as the Reception Washington ball, the Bridal chamber, and the chapel, are succes sively reached. Then the Harlequin room and Music hall,

### MAL HAY FIRST, FORTUNE LATER

Why let a little thing like a million dollars stand in the way of getting the hay in? David Nicoll Cant, who came from Scotland and for twenty years has been working as a farmhand, after been working as a farmhand, after a seven-year search has been located by his relatives who are holding his share of a million or nore for him. But, owing to the fact that it's haying time. Dave anys he'll have to wait until the ad of the month anyway before eaving his employer at Boyleston, dass.

### FISH BY-PRODUCTS FOR HOGS

Bureau of Animal Industry is Making Tests of Material as Protein Feed for Swine.

Co-sperating with the bureau of fisheries, the bureau of animal industry of the United States department of agriculture is making tests of fishery by-products as hog feed. For several years these bureaus have been studying the use of fish meal as a protein feed for swine and the product has been found equal to high-grade tankage, of which the supply is inadequate During the last fiscal year a new prodnet known as shrimp bran was studled. The result of tests with it as compared with fish meal were favora-ble, the remainder of the ration being shelled corn and middlings.

### PUREBRED HOGS PROFITABLE

At Least Twice as Much Should Be Realized From Breeding Stock as Those for Market.

Purebred hogs of any of the well known breeds are more profitable than grades. As at least twice as much should be realized from the sale of breeding stock as from market hogs. The purebreds also are generally bettunnel is traversed, and the visitor ter feeders than the grades. That is passes through Cataract hall, Ghost they will make better gains for the feed consumed.
