MANY ATTEND MOOSE PICNIC

GAMES, REFRESHMENTS AND SHADE HAVE PART IN ENJOYABLE HOLIDAY AT TUMALO ISLAND.

Seeking escape from the sizzling heat, 400 Deschutes county people took advantage of the invitation to the general public to attend the Moose picnic on Tumalo island yesterday. Plenty of shade, the cooling proximity of the river and an adequate supply of ice cream and cold drinks helped to make the day endurable and contributed to the success of the picnic. Dozens of cars from Bend, as well as from out of town, made the island their destination and took advantage of the Moose hospitality.

The sports of the afternoon were well conducted and enjoyable. The tug of war between the married and single men was won by the benedictines in less than two minutes. The ladies' tug of war was won by the married ladies in even less time.

In the high jump Horrigan was first and Matchett second. Jacquot won the fat men's race, Grote taking second prize. In the girls' race Nellie Gott of Shaniko nosed out Fern Allen of Bend. Horrigan won the men's race, with Cashman second.

Toomey, Dean and Barker won the prizes in the ice cream eating contest for boys, while the four girls who took part in the girls' contest of the same nature, the Misses Hummer, Webb, Jones and De Bour, were all awarded prizes.

Defeated in the tug of war, the single men gained revenge by taking the volley ball contest and a similar victory was gained by the single ladies. The nail-driving contest was won by Edith McMurray, with Mrs. Max Modie second.

The committees in charge of the picnic were: Grounds, A. Edwards and R. E. Sowards; transportation, George Stroh, A. B. S. Bennett; refreshments, H. Hagen, Taylor Rhodes, Henry Trog, C. L. Cook.

Hear Mr. A. R. Petty speak tonight at the Hippodrome on "Bolshevism and Its Cure." Eight p. m. No admission charge.

PRINEVILLE WOOL IS MOVED TO COAST

PRINEVILLE, Aug. 16.—Because of the 30 per cent increase in freight rates, 900,000 pounds of wool, which has been stored in the Ochoco warehouse here, is being sent to wool warehouses in Portland as fast as possible. It had been stored here in the hope of higher prices and has not yet been sold.

Crops in Central Oregon being unusually good this year, space in the warehouses is in great demand, and as fast as the wool is removed, the space is being taken by those having grain to store.
