**TAYLOR WILL HEAD NEXT BOXING CARD**

**Bend Boy To Battle Able Gordon—Greek George and Knorr Have Bouts For Labor Day Smoker.**

What is believed will be one of the fastest cards yet presented in Bend was announced today by Matchmaker E. C. Brick, to be given on Labor Day. The list of fighters who will appear at the smoker is headed by Kid Taylor of Bend, who will battle against Able Gordon, of Portland, while a bout of little less interest is that scheduled to take place between Tilly Herman of Portland and Greek George of Bend. A mill between Frankie Howard of San Francisco and Duffy Knorr, the game little Terrebonne scrapper, who knocked out Frankie Crites of Portland in the last boxing commission smoker here, completes the card.

Although the boxing game in Bend has not been a success, financially, in recent months, in spite of the excellent programs which have been arranged, Mr. Brick has been induced to take one more try. He emphasized this morning that he is not taking a part in the sport for any profit which might possibly be attached, signifying his willingness to turn over anything which might be cleared in addition to expenses to any worth fraternal or charitable organization.

**Mischievous Magpie.**  
A tame magpie was once observed to be gathering some pebbles in the garden, and solemnly dropping them in a deep hole which had been made to receive a post. As each stone dropped the magpie gave a triumphant chuckle, and searched for another stone. Examination showed that a toad was at the bottom of the hole, which can only point to the fact that the bird was stoning for amusement.

Put it in The Bulletin.

GRAND TONIGHT Last Time

**Wood Sold by the Pound.**  
Circassian walnut, a popular wood for furniture, is sold by the pound or ton. As early as 116 B. C. it was introduced into Italy from Persia. The logs are so heavy that they will not float. Only the heart of the wood is used, and it is the crooked, irregular logs that possess the best-figured wood.

**Match Makings.**  
"The makings of a match" are wood, phosphorus, chlorate of potash, resin, whitening and powdered flint.

**AT THE MOVIES**

The fortunes of a little waif who "came in a grab bag," as she describes it, are delightfully sketched in "Bright Skies," the newest ZaSu Pitts picture, which is to be seen at the Grand theater Saturday only. Laid down in New York's East Side and shifting to the country, far from the metropolis, the picture tells what happened to Sallie, a girl without parents, relatives, or very kind friends, when she decided to quit slaving at Mrs. Cassidy's boarding house.

Henry Kolker directed "Bright Skies," which was made from a story by Burke Jenkins, and adapted for the screen by Sarah Y. Mason. Miss Pitts is given ample opportunity for the whimsical assertion of her odd little mannerisms and curious quips. She is supported by a cast which includes a new and promising young leading man, Tom Gallery, who recently went to California from Chicago, his home.

It is seldom that a five-reel picture offers a more exciting role for a star than does "Go Away Prudence," Billie Burke's new Paramount Arctcraft picture, which is to be the attraction at the Liberty theater for two days, commencing tomorrow.

Part of the picture finds her flying over the Curtiss flying field in Atlantic City. During other scenes she is jimmying open windows, throwing knives, scaling walls, breaking into houses and dodging policemen. She also finds opportunity to don a clever checked sport suit and several evening gowns. John S. Robertson was the director and it

is a Paramount Arctcraft picture. Percy Marmont, a well known English actor, plays opposite the star.  
"The Dream Cheater," J. Warren Kerrigan's latest Brunton production, showing at the Liberty theater tonight only, it a big, dramatic story with a wholesome moral. It is an adaptation of Balzac's classic "The Wild Ass' Skin," and treats of life and people as only the great French writer is capable.  
Unusual dramatic strength is obtained by sudden and striking contrasts in the production. The hero's
