Sergeant Fisher's score, 996 out of a possible 1080, was made with the United States magazine rifle and marks the first time the 300-meter competition has ever been won with the standard military rifle of any country, and also the first time the match has been won by a member of an American team.

(By United Press to The Bend Bulletin) WASHINGTON, D. C., Oct. 4.—The United States supreme court today is holding its first meeting since it handed down its famous decision upholding the constitutionality of prohibition. The court has been in recess since that decision, on June 7.

At the opening of its new term the court was scheduled to hear and decide one important anti-trust suit and cases involving the constitutionality of the profiteering section of the Lever act and the farm loan act. Probably the most important anti-trust action, and the first case on the court docket, is one against the Lehigh Valley railroad, in which the government seeks to separate the railroad from its anthracite coal holdings. The government won a similar case against the Reading railroad. The Lehigh case is up for reargument.

The suits involving constitutionality of the Lever law and farm loan acts were scheduled for argument today. All profiteering cases brought by the department of justice have been based on the section of the Lever law in dispute. If the court

GILBERT MAY GIVE WEIGHT IN FIGHT

Hoff Arrives From Klamath Falls To Train For Coming Battle—Bend Boy In Fine Condition.

Fred Gilbert, Bend's hard-hitting welterweight, may have to give a few pounds of weight in his main event bout here with Billy Hoff of Klamath Falls on October 11, it developed this morning, when Hoff arrived from the south to start training, but size means little to Gilbert, and he declared today that the matter of a few pounds will mean nothing to him just so Hoff stays in the welterweight class. Both fighters will have a large following among local fans.

Fred is always in good fighting trim and would be ready to step in the ring tomorrow night, if the match were scheduled for that date. From now on until the 14th he will keep up light work, maintaining his present condition of physical fitness.

The Bend boy has been out of the ring for four months, following an injury to his hand. The broken bones were in shape for another battle many weeks ago, but Gilbert would take no chances until he was convinced in his own mind that there was no danger of repeating the accident.

Greek George and Ivan Palen, and Duffy Knorr and Chester Seaman will figure in the preliminaries. Knorr and George are the favorites.
