FUNERAL IS HELD FOR TED STAUFFER

Son of Mr. and Mrs. Charles Stauffer of Bend 17 Years Old at Time of Last Illness.

Funeral services were held yesterday afternoon from the Niswonger chapel for Ted Stauffer, son of Mr. and Mrs. Charles Stauffer, of this city. The funeral sermon was pronounced by Rev. J. Edgar Purdy, and interment was made at Pilot Butte cemetery.

Ted Brookings Stauffer was born in Tokamah, Nebraska, on January 8, 1903, and with the family moved to a homestead on the high desert in 1911. In March, 1919, they moved to Bend. When taken ill last Monday, the boy was in the employ of The Shevlin-Hixon Company. He was brought at once to the Lumbermen's hospital in Bend, where he died Friday morning.

COMPETITION IN PAVING ASSURED

Definite assurance that the Western Willite Paving Co. will have competition in its bidding for the work of hard surfacing the streets of Bend was given this morning after the arrival of A. J. Welton of the

RESOLUTION OF INTENTION
 BE IT RESOLVED, That the Common Council of the City of Bend, Oregon, deems it expedient and necessary, and hereby declares its intention, to improve

DELAWARE AVENUE—From the east line of Broadway to the west line of Hill Street in said city by special assessment at the cost and expense of the property benefited, to-wit:

All property between the termini of said improvement abutting upon, adjacent, vicinal or proximate to the street proposed to be improved to a distance back of the marginal lines thereof to the center line of the blocks facing or abutting thereon; provided, that such distance back be at least 50 feet, but shall not extend beyond the margin of any street other than the one to be improved, extending, however, over any intervening alleys; and provided further, that in case of unplatted property, the distance back shall be the same distance as that included in the assessment of the platted lands immediately adjacent thereto.

The nature or kind of the proposed improvement is as follows:

The improvement is to consist of grading the roadway to the proper sub-grade, grading the sidewalk space and parking to the proper grade, except where cement walk is already in; constructing cement curb throughout, but no cement walk; laying an asphaltic or bituminous pavement wearing surface 2 inches thick in the roadway, on the prepared and rolled subgrade, constructing pavement headers at terminal and at street intersections, and constructing such accessories for disposal of surface drainage as may

be found necessary. In conformity with the petition for this improvement as granted by the Council, no provision is made for any foundation under the pavement wearing surface, other than the natural soil.

The City Engineer's estimate of the proposed improvement, which is hereby approved, is as follows:

Following is estimate of quantities of work and probable cost thereof:

Earth excavation	1742.1 cu. yds.
Rock excavation	500 cu. yds.
Borrow	100 cu. yds.
Overhaul	1000 sta. yds.
Cement curb	5053.4 lin. ft.
Pavement surface 2 inches thick (asphaltic or bituminous mixture)	9316.2 sq. yds.
Pavement header	456 lin. ft.
Drainage accessories (cost plus 15%)	\$ 500.00
Estimated total contract cost	\$21,196.69
Cost plus 5%	\$22,256.52

The addition of 5% is made as provided by the City Charter, to cover the cost of advertising, engineering and superintending.

For the aforesaid purpose it is proposed to establish a local improvement district, to be called "Local Improvement District Number 47."

BE IT FURTHER RESOLVED, That the Recorder do give notice of the passage of this resolution by causing same to be published at least once in a newspaper published in the city; and

BE IT FURTHER RESOLVED, That the City Engineer, within five days from the publication of this resolution, shall cause to be conspicuously posted at each end of the contemplated improvement a notice headed, "Notice of Street Improvement," which said notice shall contain in legible characters a copy of this resolution showing the date of its adoption, and upon so doing the Engineer shall file with the Recorder an affidavit of the posting of said notice, stating therein the date and place where same have been posted; and

BE IT FURTHER RESOLVED, That at the first Council meeting to be held following the posting of said notice for at least 15 days the Council will hear and consider any and all objections or remonstrances that may be made by any owner or owners of property within such proposed assessment district to the making of said proposed improvements.

Watch for Reduction in Shoe Prices!

\$15 is a lot of money in our boys' suit department.

No matter how insignificant it is in a grocery store or garage—the sum of \$15 is ample and plenty to clothe your son in a good Fall Suit at Mannheimer's.

No, we haven't any patent on buying nor do we have any relatives who manufacture Boys Suits.

The bigness of our values—comes out of the smallness of our profits—and the sooner we can get that fact established in your home—the more home-like you will feel toward us.

As we go to press: Our boys' Suits are here in all sizes—wonderful weaves and workmanship—and masterful models.

Very special showings at \$13.50.
