ARTHUR GRIFFITH IS
SEIZED IN RAID

CHARGES ARE SECRET

Other Officials Are Captured—Second Bomb Explosion of Week Reported from Cork—Death Toll For Week Is Heavy One.

(By United Press to The Bend Bulletin)
DUBLIN, Nov. 26.—Hundreds of prisoners were taken here today in the great roundup of Sinn Fein leaders. The police and military took many officials to jail. Among them were Joseph McBride and Michael Staines, members of parliament. Great sheafs of documents were seized in raids, which began before dawn. Many Sinn Feiners were seized in their beds, hustled into scanty clothing and rushed to jail. The prisons are filled to overflowing and spare rooms in Dublin castle and other buildings are being used as cells. Today's "offensive" against the Sinn Fein organization and the "republican" army is considered the heaviest blow struck by the crown forces since the rebellion started. British officials are seemingly confident that the Sinn Fein movement is being finally defeated in today's operations. It is understood that other parts of Ireland will be scenes of similar wholesale roundups later.

DUBLIN, Nov. 26. — Sweeping down on the leaders of the Sinn Fein movement, British forces today arrested Arthur Griffith, acting president of the "Irish republic," John McNell, founder of the Irish volunteers, and several other high officials of the republican organization. The charges were not announced.

BOMBERS ACTIVE

CORK, Nov. 26.—Two men were killed today in a bomb explosion here. It was the second explosion in Cork this week. The neighborhood where the explosion occurred was surrounded by the police in an effort to set a trap for the perpetrators.

The week covered by these statistics was the bloodiest since the Sinn Fein rebellion started. Figures include civilians, police and soldiers. During the same week 113 arrests were made.

THANKSGIVING DINNER
SERVED TO MANY

PRESENT VAUDEVILLE

Large Crowd Attends Membership Dance In Evening—Formal Dedication of Building To Be Made Later, Is Announcement.

Bend Elks and many visiting members of the lodge celebrated the opening of the new \$60,000 Elks' home on Wall street here yesterday with a Thanksgiving dinner at which more than 1000 were served, and with a vaudeville bill and dancing in the evening. The dedication of the new home, which was planned for last night, will not be held until the hall and club rooms are completely furnished, probably some time next month. Plans for the customary home turkey dinner were abandoned by the majority of Elks in the city yesterday, a steady stream passing through the banquet room at the club, beginning at 1 o'clock in the afternoon and ending after 7 o'clock in the evening. Ample preparation for the feast was made, with 350 pounds of roast turkey, and a bull elk, donated by the game commission for the occasion. Many visitors took the opportunity of inspecting the interior of the building.

Many Attend Dance.

Vaudeville acts, imported for the occasion, entertained a capacity crowd early in the evening, and after dancing was enjoyed until a late hour, with music by Wilson George's jazz orchestra. At 11 o'clock the lights were extinguished for a moment while the Elks' toast was given by E. P. Mahaffey, head of the Bend lodge. Dancing was resumed until an hour later, when a midnight luncheon was served.

The new Elks' home includes, in addition to the lodge hall and banquet room, handsomely appointed men's and ladies' parlors, and on a lower floor, a card and billiard room. A small stage is raised from the floor at the west end of the hall and, when not in use, is screened by a curtain showing the Metolius river near the headwaters of the stream.

NOVEMBER RAINFALL TOTALS 2.49 INCHES

Would Almost Equal Record December Storm If Moisture Had Come In Form of Snow.

If the heavy rains of this month had come as snow, the usual form taken by moisture precipitation at this season, the record storm of last December would have been well nigh equaled, a comparison of records shows. Up to noon today, the total for 14 days was 2.49 inches, including the snow of November 11. During the 18 days in December, including the dates of the big storm, 3.05 inches was the water equivalent of the snow precipitation.

Four-tenths of an inch of rain fell between 8 o'clock this morning and 11:30.

TAYLOR-RYAN BOUT IS DRAW

ANDERSON'S NON-APPEARANCE
SPOILS MAIN EVENT—HUFF
WINS ON FOUL, GREEK
GEORGE GETS DRAW.

Evenly matched, and using much the same style of fighting, Kid Taylor of Bend and Billy Ryan of Prineville fought six speedy rounds to a draw in the main event at the Thanksgiving evening smoker. The bout was not billed as the main event, but that was its proper place, while the flistic encounter which was expected to bring the evening's entertainment to a climax would have been passable as a curtain raiser.

At the last minute, when no time for a proper substitute remained, Joe Anderson, billed to fight Billy Huff of Klamath Falls dodged the encounter and M. C. Hill, appealed to for aid, picked from his training stable in Portland a young truck horse of much flesh, some science and little speed to enter against Huff. The Klamath lad weighed 154 and Leo Cross, who took Anderson's place on the bill, was announced as 182. As a matter of fact, it took a 125-pound weight to balance the scales the last time he stepped on the platform.

Cross was content to take things easy, but Huff carried the fight to him, hitting the big boy at will, but unable to inflict any apparent damage. Cross was not in training and did little but hand out terrific kidney punches, which Huff took with a grin. Warned twice against hitting low, Cross lost the match on his third foul in the seventh.

Greek George of Bend and Young Miller of San Francisco went their full six rounds in the second preliminary. Miller is the best man that the Greek has ever met in the local ring and, with his longer reach, had perhaps a shade the advantage of his opponent and brought the diminutive Greek out from cover repeatedly. He failed to follow up his openings, however. A draw decision was given.

Duffy Knorr of Terrebonne worked on Johnny Tynan of Boise from the tap of the first gong. Duffy dropped his man twice in the first round, sent him to the mat in the second for nine, and several times for shorter counts, and won by a knockout toward the end of the round.

An unscheduled go of more than ordinary interest was staged at the ringside as the result of a quarrel over a bet. The contestants were separated as one was industriously engaged in thumbing the eye of his opponent. The principals in the affair signed an armistice and no arrests were made.

Jack Dobroy of Prineville refereed all bouts.

ROAD QUESTION IS UP TONIGHT

OVERTURF WILL LEAD
DISCUSSION

Second Members' Forum of Commercial Club Will Be Presided Over by A. J. Goggans—Irrigation Report To Be Presented

In good roads lies one of the greatest problems presented to Bend and Deschutes county. This is the subject that will be discussed tonight at the meeting of the members' forum of the Bend Commercial club in the Hippodrome, beginning at 7:30.

The discussion will be started by H. J. Overturf, the newly elected representative to the state legislature. A. J. Goggans will preside. R. W. Sawyer will give a report for the committee on irrigation.

"The statement has been made," said Mr. Goggans, "that the roads in this county are as bad, if not worse, than they were several years ago. Is this true? It has been stated that the money which the state has for roads will be exhausted long before the main roads are completed. Is this true? Someone has said that Deschutes county is not getting her share of road money. Is this true?"

"These questions, and many more, will be discussed and answered at the meeting tonight. Those in charge of the program hope that out of this discussion will grow a concerted movement and definite plans for road construction in Deschutes county."

Incidentally, or primarily, opportunity will be given for the discussion of street conditions in the city of Bend. "This is a meeting," said Mr. Goggans this morning, "in which every citizen should be interested. That interest should be sufficiently strong to draw a large crowd to the Hippodrome tonight. Everyone, whether a member of the club or not, is invited to the meeting. This is a question on which we should have united public opinion if we are to make material progress in the right direction."

EGGS WILL BE AVAILABLE

OF SUPERINTENDENT.

An abundant supply of eastern brook trout eggs will be available for use at the Tumalo hatchery next season, for Pearl Lynes, superintendent, just in from Elk lake, where spawning has been going on, reports a take of 7,000,000. Less than two weeks ago, when Mr. Lynes started for the lake, about 2,000,000 had been collected, and it was feared at that time that the egg harvest might be considerably below normal. The spawn will be brought into Bend early in 1921.
