

# SOCIETY

(By Mrs. L. W. Gatchell Phone Black 1681)

Notes for publication in the social column in the Saturday issue of The Bulletin must be in not later than 5:30 o'clock on the afternoon of the day preceding.

The Episcopal guild held an enjoyable meeting at the home of the president, Mrs. A. F. Larson, on Friday afternoon. The time was spent in sowing on articles to be disposed of at a sale to be put on by the guild during the Easter season. Light refreshments were served at the close of the afternoon.

The members of the Methodist Aid society were pleasantly entertained Thursday afternoon at the home of Mrs. Ralph Bartlett. Mrs. Ralph Spencer and Mrs. Erickson, as the entertainment committee, introduced a series of clever games for the entertainment of the guests which were greatly enjoyed. The afternoon's pleasure was brought to a close by the serving of a delicious luncheon.

The Bend Study club met Monday afternoon at the home of Mrs. J. H. Haner. "The Three Small Republics of South America" was the study topic. Mrs. A. Whelan presenting the subject, "Ecuador, the Switzerland of South America," Mrs. L. W. Gatchell, "Uruguay, the Smallest South American Republic," and Mrs. Charles Hayden, "Paraguay, the Land and the People." At this time the club expressed appreciation of the work of the State Federation of Women's Clubs in fostering the scholarship loan fund, by making a donation of \$8 to this worthy cause. This fund, of which Mrs. Frederick Eggert of Portland is custodian, is supported by the women's clubs of the state, and is available for loans to worthy young women who need financial aid in securing an education. Upon recommendation of club women, loans are made, without interest, to be returned when the borrowers are self-supporting. The name of the borrower is never made public. Since the clubwomen of this part of the state are contributing liberally to the fund, it is hoped that some of the young women of the locality may avail themselves of this opportunity should occasion demand. Applications for loans could be made through either the Bend Study club or the Woman's Civic league, both organizations being members of the state federation of clubs.

Following the serving of refreshments, Mrs. Charles Hayden extended an invitation to the membership to attend a 1 o'clock luncheon at her home on the date of the next regular meeting, January 31.

Those who enjoy music are anticipating with pleasure the rendition of Gaul's "The Holy City," which will be sung at the Methodist church Sunday evening by the choirs of the Methodist and Presbyterian churches, under the direction of Herbert Sess.

Mrs. Ashley Forrest, Miss Catherine Mangy, Mrs. C. V. Silvis, Mrs. P. S. Dort, Dr. L. W. Gatchell and Herbert Sess will be the soloists.

The musicale presented Thursday afternoon by the women of the Emblem club under the direction of Mrs. L. S. Hamilton, Mrs. Robert B. Gould and Mrs. K. E. Sawyer, proved to be a decided success from the standpoint of artistry, as well as being a most pleasurable social affair. Over 100 guests were received in the artistically decorated assembly hall of the club and listened to the excellent program.

The first number presented was a paper on "The Development of Modern music," by Mrs. R. A. Ward, in which attention was called to the three types of modern music which could be presented during the rendition of the program, the type exemplified by Mozart as appealing especially to the intellect; that exemplified by Liszt and Schumann as appealing to the poetic sense and the program music which is always introduced by a word picture. Of this last named group, McDowell, the American composer, was mentioned as holding an eminent position.

Miss Edith Dudley was then heard a number of the first type, "Fantasia" (Mozart), and charmed her hearers by her splendid interpretation of this difficult composition. Miss Margaret Thompson was heard a group of solos of which "The Lass With the Delicate Air" (Michael Arne) was especially enjoyed. Mrs. C. H. Knowles presented as piano solos the second type mentioned "Leibstraum" (Liszt) and "To Spring" (Grieg), playing both numbers with artistic effect. Robert A. Haney, after presenting two violin solos, "Scherzo-Tarantelle" (Wieniawski) and "Serenade de Harlequin" (Drigo), was enthusiastically encored. Mr. Haney's playing

evidenced the technique and emotional interpretation that mark the artist.

Herbert Sess was heard in the tenor solos, "My Love Is a Wild, Wild Rose" (Logan) and "All for you" (De Hardlot), the first of which was particularly well rendered. Enthusiastic applause evidenced appreciation of the group of songs presented by Miss Virginia Stewart of the high school faculty.

Instrumental numbers, by Schuman, were given by Mrs. Ashley Forrest, who played with splendid intellectual interpretation and finished technique. Mrs. Helge Wickner sang artistically "One Fine Day," from the opera "Madame Butterfly" (Puccini).

Proceeding the closing number, Mrs. R. S. Hamilton called attention to the three types of music which distinguished the modern school of music as outlined by Mrs. Ward and introduced the last number of the program, "The Eagle" (McDowell), which was beautifully played by Miss Edith Dudley.

The serving of light refreshments concluded the afternoon's pleasure. The entire program follows:

In the short musical program which will precede the discussion, Miss Genevieve Wagner will sing the recently adopted state song. This meeting is open to all the women of the city and a large attendance is expected.

The new Knights of Columbus club room was the scene of a delightful social affair last Thursday afternoon, when Mesdames J. F. Arnold, N. F. Sites, Maurice Cashman and D. Carmody received the ladies of the Catholic church. Cards formed the diversion of the afternoon, 40 guests enjoying the popular game of bridge. Miss Margaret McKeen won the high score. The serving of a delicious luncheon brought to a close the enjoyable occasion.

Miss Ila Sess, who leaves soon with her father, Herbert Sess, to make her home in Seattle, was the honoree at a meeting of the Girls' Friendly society yesterday afternoon at the home of Margaret and Louise Inabnit. The afternoon was devoted to sewing and conversation.

It is with deep regret that members of Bend musical circles have learned that Herbert Sess, accompanied by his daughter, Miss Ila and son, Theodore, will leave Wednesday to join Mrs. Sess in Seattle, where they will make their home. Mr. Sess, since coming to Bend last fall, has been a valued acquisition to the musical circles of the city, where his delightful tenor voice has given much pleasure. Besides conducting a class in vocal instruction, Mr. Sess has directed the choirs of the Methodist and Presbyterian churches. His daughter, Miss Ila, will be remembered as a young girl of exceptional musical talent.

Upon establishing the family residence in Seattle, Mr. Sess will open a studio and Miss Ila will take up a course on the pipe organ.

Elder G. M. Thorp, pastor of the

Seventh Day Adventist church, and Mrs. Thorp, with others who had gathered for Bible study Thursday evening, were surprised by a number of friends, who came to attend the study, also to wish them many happy returns, this being the anniversary of the pastor's wedding. After an interesting Bible study on "How May I Know that Jesus Christ Was the Son of God?" a number of songs were sung. The ladies, who were the hostesses, served a delicious luncheon, after which a social evening was enjoyed. The friends came to bring cheer to the pastor and his wife, and a beautiful potted plant was left, to be a constant reminder of the occasion.

# Firestone

Why did sales of Firestone 3½-inch tires increase 96% the first six months of this year?

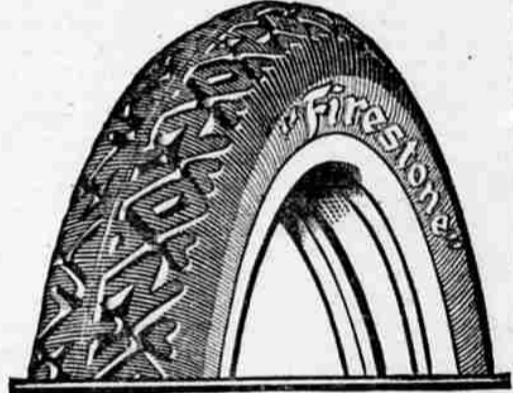

The motoring public found in the product exactly what it demanded—a *balanced* tire—uniform service.

You, multiplied by thousands, getting your most miles per dollar expended for tires, demonstrated the efficiency of the *balanced* 3½—the Firestone.

Firestone built a single plant (Plant No. 2) to specialize in tires for small cars and got results which have been passed on to you at low cost—most miles per dollar.

It is *more* than thickness of tread, the mystery of rubber compounding, the size of the breaker strip, the number of plies of fabric, the heavy cushion or the greater air displacement that has put greater tire mileage—more economy—more comfort at your call.

It is the *balanced* co-ordination of all parts of the Firestone 3½ by specialists who have given eighteen years' study and practice to tire needs. Ask your dealer.
