YOUNG HUSBANDS NOT STEADY SAYS DEPUTY

(By United Press to The Bend Bulletin.)
LOS ANGELES, Feb. 21.—Youths in their twenties make poor husbands, says J. F. Townsend, deputy sheriff, to whose attention come all domestic mixups which reach Los Angeles courts.

"After a few months of marital life, young men usually succumb to the lure of questionable pool halls and dance halls," Townsend asserted. "They find their salaries will not provide pleasure for two and they drift away from home and eventually fall prey to the failure-to-provide court and wind up in the divorce court."

FUNERAL IS HELD FOR SERVICE MAN

Nineteen Year Old Samuel A. Dunn Victim of Pneumonia While in Alabama Army Camp.

The body of 19-year-old Samuel A. Dunn, who died recently in an army cantonment at Montgomery, Ala., arrived in Bend last night and following services at the Methodist church at 2 o'clock this afternoon, was buried at Pilot Butte cemetery. Pallbearers in uniform were furnished by the American Legion and the World war veterans were joined by Captain R. M. Perrine of the G. A. R.

Samuel A. Dunn was born December 20, 1891, at Needmore, Indian territory, and came to Bend three years ago with his parents, who settled on a ranch in the Pilot Butte section. He had been employed by The Shevlin-Hixon Company until his departure last year for California, where he enlisted in the army in August, being sent to Montgomery, Ala., where his death occurred on February 14, following an attack of pneumonia.

He is survived by his parents, Mr. and Mrs. M. Dunn; four brothers, Harvey, Luther, Benjamin and Arthur, and four sisters, Opal, Gladys and Lorinda, now residing with their parents, and Mrs. Bertha Woodall of Dallas, Texas.

POST MAY BE OFFERED GYM

CHANGE PENDING IN MANAGEMENT

Withdrawal of Industrial Y. M. C. A. Behind Contemplated Action—Definite Proposal Will Be Made to Service Men, Believed

Percy A. Stevens post, American Legion, may be given an opportunity to take over the management of the Bend Amateur Athletic club building, it became known today following the announcement that the Industrial Y. M. C. A. desires to turn the property back to the Bend Holding company. It is understood that the holding company is virtually agreed as to the form of proposal to be submitted to the post, but a written offer has not as yet been received by the officers of the ex-service men's organization.

The withdrawal of the Y. M. C. A. is prompted by inability to secure sufficient cooperation in the city to make possible the carrying on of Y. M. C. A. work, or even to make receipts balance expenditures. The American Legion, it is believed by members of the holding company, would be more thoroughly representative than any other organization in Bend.

Considerable talk was heard last summer of the plan of ex-service men to secure funds for the erection of a memorial building which would also serve as headquarters for the post. If acceptance of the gymnasium management is made, the building plan will be dropped, officers of the post indicate, as permanent headquarters in the gym could be set aside.

LANDIS PICKED AS TOOL, CLAIM

DIRECT CHARGE MADE IN HOUSE

Judge Selected as National Arbitrer in Order to Defeat Suits Pending Against Baseball Organizations and Players, Says Welty.

(By United Press to The Bend Bulletin.) WASHINGTON, D. C., Feb. 21.—

Direct charges that baseball magnates appointed Judge Landis as national arbiter of their organization to defeat suits against them were made today by Representative Welty. The congressman was before the house judiciary committee, which opened an investigation of impeachment charges brought against Landis by Welty.

"His appointment is a plain attempt to block justice," Welty said. "Organized baseball named him in the hope that the action would stop the prosecution of Chicago White Sox players indicted for gambling, and the \$240,000 anti-trust suit brought by the old Federal league against the National and American leagues."

MOVIE CENSOR BILL DIES ON SENATE TABLE

NO ALTERATIONS FOR SCREEN PROGRAMS

FIGHT ON BONDS RAGES

Question of Taxing Securities of Other States May Be Passed on to Oregon Voters—List of Appropriations Reaches Big Total.

(By United Press to The Bend Bulletin.)
SALEM, Feb. 21.—Patrons of movie houses in Oregon will continue to receive their entertainment straight, without any dilution by a board of censors. The senate indefinitely postponed the bill which would have created a state board of censors. It was indicated that the bitter fight which raged throughout the session over taxation of bonds of other states and foreign countries would be revived through the introduction of a resolution leaving the question to a vote of the people.

SALEM, Feb. 21.—Included in the tentative list of appropriations approved by the joint ways and means committee are special appropriations bills aggregating \$142,603.02 in excess of the 6 per cent tax limitation. The committee says the necessary funds are in sight to take care of the excess appropriations.

The appropriations as approved by the committee are contained in 74 bills covering regularly established departments and a large number of special bills which cover items not included in the original budget estimate.

House bill 172 came up for consideration in the house, and when a vote was taken it was found that a majority favored the measure and it was passed by a vote of 37 to 22. This bill is for the creation of a state board of censors for moving pictures. Most of the opposition to the bill was on the contention that the bill was not workable without great expense to the state. The bill provides for a board of three members to be appointed by the governor and the members to serve one, two and three years, respectively, when vacancies shall be filled by the governor.

The bill of Senator Hume to provide free text books for pupils of public schools, except high schools, was discussed in the house and passed by a vote of 29 in favor of the bill and 28 against it. Three members were absent. This bill was the occasion for a long debate by various members of the house.

House bill 122, by Bell and Eddy, amending section 4500 of the Oregon laws relating to tax levies imposed by county courts for general road funds, was defeated. The measure would have given the county courts the right to spend 70 per cent of the county road funds paid by the city within the city limits.

Amend Timber Measure.
House bill 285, by Beals, which failed to pass Wednesday, was amended and placed on the calendar so as to prevent the cutting of timber upon land upon which taxes had not been paid. The bill was defeated in the house after a battle royal of words between Beals and other members of the house.

This bill aimed to secure from the owners of timber lands in the coast counties the payment of all past bonded indebtedness assessed against the land before any timber could be removed.

The senate killed Senator Upton's bill requiring certain conveyances of personal property to be recorded. The bill was meant to apply to conditional sales contracts affecting livestock sales. The bill was strongly opposed and received indefinite postponement.

A bill that failed to pass the senate was that introduced by Senators Ryan and Vinton, providing for a tax on all bonds except government bonds. One of the most important bills up for consideration this session is the motor code measure, which, after various amendments, has been passed in the house. This bill was expected to receive very different treatment in the senate.
