**DAUGHERTY ASKED TO GO ON CABINET**

ST. AUGUSTINE, Fla., Feb. 21.—President-elect Harding has asked Harry M. Daugherty to be attorney general, it was officially announced today.

**COUNCIL VACANCY STILL UNFILLED**

Administration Functions With Five Members — Written Refusal of George P. Gove Placed On File.

Until a suitable man can be secured to accept the position vacated by H. E. Allen as city councilman, Bend will worry along with five aldermen instead of the six provided by the charter. No action was taken by the council Friday night to fill out its membership and no decision on the point had been reached today, as far as could be learned.

The written refusal of George P. Gove to accept the position, to which he was appointed two weeks ago, has been filed with the city recorder, so that the appointee's unwillingness to serve is no longer a matter of second-hand information. Mr. Gove's refusal was penned at the bottom of the oath of office, which was mailed to him at the Portland Surgical hospital, where he recently underwent an operation.

"I have stated definitely before, and at this time say that I cannot accept this office," Mr. Gove wrote.

**AMERICA POPULAR IN MODERN GREECE**

Flag of United States Frequently Seen in Athens — American Presses Supply Currency.

ATHENS, Feb. 21. — America's popularity is one of the most patent things in Greece today.

Shop windows are filled with American wares — safety razors, American patent medicines, sewing machines, musical instruments and other necessities and luxuries. On the street one rides in an American automobile and three-fourths of them are "Glyvers."

Movie shows display almost entirely American films, while Greek 5, 10 and 25-drachm notes, printed in America, form the chief legal tender visible.

During the Constantine festivities American flags were displayed probably more profusely than all the rest of the allied powers together.

At the present time Greece is flooded with Graeco-Americans. The general manager contains scores of Greeks who have spent many years in America. All speak English fluently and the majority are determined to return to America as soon as the emigration bars are lifted.

**ROCK SLIDES DELAY SOUTH BOUND TRAINS**

Engine Derailed At One Point, and Section of Track Is Broken Up By Falling Boulders.

The O. W. R. & N. train, due in Bend at 7 o'clock in the evening, was delayed several hours Sunday, due to rock slides, and arrived here at 1:35 o'clock this morning. At one point the engine was derailed, causing a delay of two and half hours, and after being returned to the track, had proceeded but a short distance when another slide occurred which demolished a section of the track upon which the train had been standing, making it necessary to call out a wrecking crew to repair the damage.

The S. P. & S. train, due here at 7 o'clock this morning, was delayed for the same reason and was not expected to arrive until 4 o'clock this afternoon.

**MOVIE CENSOR BILL DIES ON SENATE TABLE**

(Continued from Page 1.)

culture and forestry, passed the senate by a decisive majority.

The measure is one for the benefit of the producers and to make binding contracts that are entered into with cooperative associations by their members, so that they may not jump the contracts and sell their produce on the open market.

The senate bill providing that the attorney general, the state tax commissioner and the state engineer shall receive increases in their salaries has been passed by that body. The salary of the attorney general is increased from \$3600 to \$4000 a year.
