**RECOVERY FROM FIRE IS RAPID**

**CENT-ORE MOTOR COMPANY SOON TO OCCUPY SECOND AS WELL AS FIRST FLOOR OF FOX BUILDING ON BOND.**

Rapid recovery from the effects of one of the most disastrous fires in the history of the city has been made in less than a year by the Cent-Ore Motor Co., agents for the Ford car, and the company is now ready to extend its business to the second floor, of the stone garage building on Bond street owned by Lon L. Fox. When changes in the building to allow for this have been made, the rear section of the ground floor will be used for storage, the machine and repair shop occupying the second floor. Cars will reach the second story by an inclined runway starting from the Bond street entrance.

A number of alterations are also planned in the business office, states J. L. Van Huffel, manager. That section of the first floor used for office purposes will be "double-decked" to allow greater economy of space. Joe Albright has the contract for the work.

Mr. Van Huffel reported yesterday that one unsold car now remains in the garage. The effects of the win-

**No Trace of Five Aeronauts Blown To Sea Two Weeks Ago Found Near Panama, However.**

(By United Press to The Bend Bulletin.)  
 PENSACOLA, Fla., April 9.—A balloon thought to be the one aboard which five aeronauts from the naval station here were blown to sea two weeks ago, was found floating at sea 20 miles off Panama City, Fla., last night, according to a radio report today.

The balloon was picked up by a small boat and taken to Panama City. No sign of the missing balloonists was discovered.

Put it in The Bulletin.

**Making Good On Our Slogan**

THAT'S WHAT SYMONS BROS. OF THE CENTRAL PHOTO CO., ARE DOING

Four years ago, we started in the photo business in Bend. "In at one, at five they're done" was the guarantee under which work was taken and put out. Our business grew rapidly, and soon we found that unless we were willing to sacrifice quality to speed we could not continue to make good on our slogan. This we were not willing to do, and our time guarantee was dropped.

**Improved Methods**

Are making it possible, however, for us to handle a much larger quantity of work with better results in less time. New equipment, the latest unit of which is an electric dryer, allows us to cut the entire operation of developing, printing, washing and drying to one hour and five minutes. Once more we can use our slogan and invite you to take advantage of our superior work and speed.

"In at one, at five they're done."

**The Luck of Geraldine Laird**

From the story by Kathleen Norris

You know — there is an old saying: There are just three things that happen to one in this life:

You are born;  
 You get married;  
 And you die.

After you are married you might just as well die. That is for men.

What about the women?
