

# SOCIETY

(By Mrs. L. W. Gatchell, Phone 168-W.)

Notes for publication in the social column in the Saturday issue of The Bulletin must be in not later than 5:30 o'clock on the afternoon of the day preceding.

The regular social meeting of the ladies of the Emblem club was held Thursday afternoon. Mrs. Clarence Mannheim and Mrs. C. S. Hudson received as hostesses and the afternoon was spent in the enjoyment of bridge.

The Episcopal guild met yesterday afternoon at the home of Mrs. David Kelley, 107 St. Helens place, where the afternoon was spent in the usual manner—needlework and the enjoyment of a light luncheon.

Mrs. William Searcy leaves tomorrow evening for Seattle, where she will attend a six weeks' summer course at the University of Washington.

Mrs. Victor Buckingham entertained a small group of friends with a dinner party last evening in honor of her home guest, Mrs. J. W. Bowden of Roseburg.

The Sunshine club held its regular meeting at the home of Mrs. R. H. Smith Saturday afternoon of last week. The club, which has a membership of 25 women, will take up at its next meeting a course of instruction in some phase of household management under Miss Eva Comegys, county home demonstration agent.

Miss Julia D. Clock departed today for Portland, where she will attend a state conference of social workers the first three days of the week and the following three days the Northwest Sectional Conference of Nurses. Miss Clock will then enjoy her vacation period by visiting the capital city and other points of interest.

The Aid society of the Baptist church held an all-day session Thursday at the home of Mrs. J. J. Clapp. At these meetings, which are planned for each month, the women meet at 10 o'clock, hold their regular devotional service and missionary program, serve lunch at 12 o'clock and spend the afternoon with needlework. The organization has taken up what is known as the "White Cross" work, which embraces a pledge to furnish a certain amount of hospital supplies and kindergarten furnishings for either home or foreign missionary fields and on these occasions the time is devoted entirely to this class of sewing. Eighteen were present at the meeting.

Honoring Mrs. J. W. Bowden of Roseburg, Mr. and Mrs. Harry Whitmore entertained Monday evening with a dinner party at the Elks' club. Those present were: Mrs. J. W. Bowden, Mr. and Mrs. Victor Buckingham and Mr. and Mrs. Whitmore.

Preceding the regular joint social meeting of the order on Wednesday evening, the Knights of Pythias and Pythian Sisterhood held their annual memorial service for those members of the organization who had passed away during the year. Rev. J. Edgar Purdy presented the tribute of appreciation. A closing feature of the program was the presentation of a past noble grand Rebekah

pin to Mrs. M. J. Kelley, who has been one of the most active members of the order and whose departure to make her home at Enterprise, Ore., where Mr. and Mrs. Kelley have farming interests, is much regretted.

Mr. and Mrs. J. D. Donovan and little daughter returned Tuesday from Portland, where they attended the Rose festival. They were accompanied to Bend by Mrs. J. S. Black of New Mexico, a sister of Mrs. Donovan, who will spend the summer in Bend.

Mrs. O. A. Thorson left this evening for Portland, where she will join Mr. Thorson and attend the extension course of St. Maryhurst normal. The little daughters of Mr. and Mrs. Thorson will remain with friends in Bend for the summer.

In courtesy to Mrs. J. W. Bowden, Mrs. Harry Whitmore entertained today with a 1 o'clock luncheon at the Pilot Butte Inn. Those present were Mrs. J. W. Bowden, Mrs. J. D. Donovan and sister, Mrs. J. S. Black, of New Mexico, Mrs. George Addink, Mrs. Victor Buckingham and Mrs. Whitmore.

Mr. and Mrs. F. M. Turner of Portland arrived this morning for a visit at the home of Mrs. Turner's parents, Mayor and Mrs. E. D. Gilson. Mrs. Turner will be remembered as Miss Florence Gilson, whose marriage took place only a few months ago.

Mrs. P. W. Beesley of Portland is the guest of her sisters, Mrs. V. A. Forbes and Miss Nell Markell. Mrs. L. D. Wiest entertained Thursday evening with a dinner party in honor of Mrs. Beesley and other social courtesies are being planned for the pleasure of the guest.

## At the Churches

**Presbyterian** — H. C. Hartranft, pastor. There are few things of more interest than the annual meeting of the general assembly of the Presbyterian church. Twice during the past seven years the local church has had the opportunity of having a representative in that assembly. On Sunday morning at 11 o'clock, Elder L. L. Orr will submit to the congregation his report of that meeting. Many things that are of utmost importance took place there, and every member of the church should hear the report. At the evening service at 8 o'clock, Elder L. D. Wiest will speak to the congregation concerning his recent trip of 13,000 miles, and he will bring us the side of life as he saw it in his travels.

The pastor will be absent from both of these services, holding a Bible conference. He will return, however, in time to open the daily vacation Bible school on Monday morning.

**First Lutheran** — S. A. Stenseth,

pastor. Sunday school, 10 a. m.; services at 11 a. m. in Norwegian; 8 p. m. in English.

**Baptist Mission**—One block south of First National Bank. Bible school, 9:45 a. m.; divine worship, 11 a. m. The hand of fellowship will be extended to new members and the Lord's supper observed. Special message by Rev. W. Norton Ferris, "What We Believe and Why We Are Sure."

Let every member be present. Invite your friends to hear this message.

Young people's meeting, 7 p. m.; evening evangelistic service at 8 o'clock. Music by chorus choir, with sermon befitting the occasion by W. Norton Ferris. A cordial invitation is extended to all. Strangers always made welcome.

**Methodist Episcopal** — J. Edgar Purdy, pastor. Rev. E. C. Hickman of Salem will preach at both services, 11 a. m. and 8 p. m., tomorrow. At 7 p. m. he will address the young people in a special meeting of the Epworth league, to which all the young people of the community are cordially invited. The young people's meeting will be preceded by a fellowship half at 6:30, at which time the young folks will have opportunity to meet Dr. Hickman and get better acquainted with one another. Dr. Hickman is an able speaker with a pleasing personality and a message worth hearing. It is hoped that the people of the community will show their appreciation of our bringing him to Bend by attending in large numbers.

The regular Sunday school will be held at 9:45 as usual.

The summer school will continue all next week, except Saturday. The average attendance for the first week was over 150. Children who did not attend last week are invited to enroll at any time. The playground activities and the summer school classes are freely open to all who will come.

Dr. Sykes will continue his community service lectures each evening at 7:30 and Dr. Hickman will preach on Monday and Tuesday evenings at 8:15 o'clock.

**Queer "Religion" Survives.** Joanna Southcott, the Devonshire servant girl, who professed to be a prophetess and who issued 6,400 sealed papers to her followers, at prices ranging from 12 shillings to a sovereign, each "seal" guaranteed to secure salvation, has still her followers in London. Some of these strange documents still survive, and are much treasured by their owners: "The seal of the Lord—the Elect Precious Man's Redemption—To inherit the Tree of Life—To be made heirs of God and joint heirs of Jesus Christ."

**But Who Wants Such a Big One?** Woollens produced in Massachusetts last year could make a blanket a mile wide and 37 miles long.

## Beautiful Hair is the Crowning Glory of Every Woman—

But no man, too, looks more attractive with a good growth of hair than with thin or no hair at all on top of his head.

Mothers especially should not neglect their children's hair, once in a while a good electrical treatment with some nourishing ointment or tonic will bring up circulation and start the hair to grow, a little investment for which the children will be thankful in later years.

The climate of this country is very hard on scalp and skin, therefore almost constant care is necessary to keep them in good condition. Mrs. Muller's electrical scalp treatments are guaranteed to correct all scalp troubles, and encourage a beautiful growth of hair.

## Would It Be Wood?

If it's possible to make it with wood—we would like to demonstrate that we have the necessary equipment and ability to give you satisfaction.

We build anything to order. Do all kinds of repair work. Gum and file saws, or sharp-edge tools. We are experts in picture framing.

Our prices are according to time and material used on the job—SO THEY ARE LESS.

## JUST ONE OF TWO THINGS

"Bill" Would Make Reputation, Or There Would Be a Bad Time for Employer.

Bill Rhythe was really a gardener. But he was a generally all round useful man, who had never been known to say "No" when he had been asked if he could do a thing.

One day the chauffeur, who usually drove the motorcar in which Bill's employer journeyed, was taken ill. Bill's employer had very important business engagements for that day, and it was essential that he should be driven in the car unless he was to miss some of them.

So Bill was sent for and asked if he would undertake to drive the car. Bill had never driven a car before, but he had helped the chauffeur to wash the machine.

That was good enough for Bill. He said:

"Yes."

Remembering the little theory talks he had had with the chauffeur, Bill managed to get the car round to the front door, and his employer got in. With some maneuvering the car was driven out onto the main road, and then, getting his teeth, Bill threw the clutch into top gear, and muttered:

"Now to make a reputation or kill the boss."

**Drainage Into Gulf of Mexico.** A comparatively small part of the Canadian West drains into the Gulf of Mexico, namely, 12,355 square miles. This area forms part of the valley of the Milk river, which flowing into the United States, empties into the Missouri river, and the latter empties into the Mississippi.

## You can't afford to drive without it

The man who fails to take out Travelers Automobile Liability Insurance because he thinks he cannot afford it, certainly cannot afford to drive a car.

It takes infinitely more sacrifice to scrape together money enough to meet a \$5,000 damage award, than it does to meet the reasonable sum we ask as premiums.

Take no chances on a heavy loss. Include your insurance as one of the necessary maintenance costs of your machine.

## Industry and Banking

Banking problems are largely industrial problems. If the community prospers, the banker prospers. To have community prosperity, industrial activity is necessary to keep up a constant circulation of money.

To help stabilize business conditions, some prominent bankers are urging merchants and others engaged in business to adopt a plan of cash reserve, or surplus to tide them over emergency situations and furnish protection against temporary trade dullness.

Larger business firms have long followed this practice.

A reserve of this kind would increase bank credit and be a valuable asset for industrial stability in any community.

THE FIRST NATIONAL BANK OF BEND welcomes the Newcomer and his family and extends them a cordial invitation to call and get acquainted.
