

## BEND AMATEUR ATHLETIC CLUB NAME REVIVED

### GYM BOARD HAS FIRST MEETING

### RENOVATION IS BEGUN

Building To Be Operated Separate From Legion Post, But Service Men Will Lead In Activities—Board Assigned To Tasks.

While the gymnasium will hereafter be known as the American Legion building, the old name of Bend Amateur Athletic club will be used to designate the organization which will carry on the activities of the building. It was decided by the board of managers at its first meeting last night.

The differentiation was made in order to emphasize the fact that the club will be operated for the benefit of the entire community, not for the American Legion alone. For business purposes the two organizations are to be distinct, although the Legion men are planning to take the lead in all activities, and will have their headquarters in the building.

Renovation of the building was begun today. It will be used on the Fourth for the smoker to be staged by E. C. Brick, and shortly afterward will be opened for the use of members. The swimming pool will be one of the first features to be put in operation. It is possible that the operation by the Legion may be set for the evening of the Fourth.

Members of the board were each assigned to departments. Dr. L. W. Gatchell will have charge of personnel, the selection of manager, secretary and janitor; H. J. Overturf was delegated to work out a membership campaign; C. H. Knowles, who was chosen chairman of the board, will arrange the opening; Carl A. Johnson was given the task of working out a program of activities, and Dr. H. C. Dodds was instructed to make a survey of the uses to which various rooms in the building will be assigned. They will report at the next meeting.

Dr. Gatchell was elected treasurer and the adjutant of Percy A. Stevens post secretary ex-officio.

## FERRIS TO LEAVE. BEARD NEW PASTOR

### Farewell Sermon On Greatest Need of This City Sunday Morning—Four Months' Pastoriate Closed.

Rev. W. Norton Ferris, who for the past four months has been in charge of the Baptist church as preacher and evangelist, will close his work here on Sunday with a sermon on "The Greatest Need of This Little City," at the morning service. This will be his farewell sermon, although he will conduct the evening and mid-week services.

Rev. F. H. Beard will be in charge of the Baptist church beginning a week from Sunday.

## SAYS TRUCK HURLED 50 FEET BY ENGINE

Curious as to the details of the accident in which he featured two days ago, George D. Baker, expressman, whose truck was struck by a yard engine, visited the Franklin street crossing, where the accident occurred, and found that his truck had been hurled 50 feet by the locomotive, he said this morning. The truck was turned entirely around, he stated.

## NEW TINT USED IN FINISHING STREETS

Lack of a sufficient supply of Atlas white to cover the surface of the streets resulted last night in the use of a quantity of ordinary cement on a part of the first pavement laid on Bond street. It lacks the white brilliancy of the material which has been used heretofore. Paving of Franklin street was finished yesterday.

## Olcott Inspects O. N. G.; Ritner Is Governor Pro Tem

(By United Press to The Bend Bulletin.)  
SALLEN, June 24.—Roy Ritner, president of the state senate, is governor pro tem during Governor Olcott's absence at Camp Lewis, inspecting the national guard. It is Ritner's first experience of this sort. He is now here discharging his duties.

## PARADE PRIZES ARE ANNOUNCED

### 4TH OF JULY COMMITTEE TO GIVE FIRST AWARD OF \$20 IN SEVERAL DIVISIONS—OTHER PRIZES PLANNED.

Prizes for the Fourth of July parade, amounting to a total of \$165, were announced last night by the celebration committee. Prizes for the other events will be determined at the next meeting.

Twenty dollars each will be given for the best decorated touring car, the best decorated float, the best float entered by a fraternal order or other organization, the best commercial float, the best special feature, the best display of manufactures, the best marching division, the best farmer's team, the best farmer's display.

Second prizes of \$10 each will be given in the special features and farmer's display divisions. Five dollars is offered for the second best decorated touring car, decorated float and commercial float.

Two 2 1/2-ton Mack trucks were received yesterday by the Standard Oil company's local agency, for use in supplying the local field. One is a tank truck, the other for barrels and packages.

## LOCAL TEAMS MEET SUNDAY

### SHEVLIN-HIXON AND FIREMEN TO PLAY HERE—PROMISE FAST CONTEST—TWO NEW PITCHERS ON MILL TEAM.

A baseball game more than usually interesting to fans for the reason that local teams will be pitted against each other is set for Sunday afternoon at 2:30 o'clock on the depot grounds, when the fire department and Shevlin-Hixon teams oppose each other.

The fire boys lost by a lopsided score to Antelope last Sunday, but they declared that they were not up to form and will redeem themselves on the home lot. Manager Slate of the mill team says the firemen will be playing real ball if they even make it interesting. Slate has signed two new pitchers—Leverett, who brings a good reputation from Texas, and Watson, who pitched for an army team. One of them may be seen in Sunday's game.

## HONORS DIVIDED BY HARVARD AND YALE

(By United Press to The Bend Bulletin.)  
NEW LONDON, Conn., June 24.—Harvard and Yale divided honors today in the freshman and junior varsity races. Harvard won the junior event by five boat lengths and Yale won the freshman contest by four boat lengths.

## WHEAT LEVELED BY VIOLENT WINDSTORM

(By United Press to The Bend Bulletin.)  
DAYTON, Wash., June 24.—A severe windstorm, laying wheat low, destroying the Huntsville warehouse and doing damage to trees, visited Columbia county today.

## BEND PAINTER SENT TO INSANE HOSPITAL

Adjudged insane, C. N. Hardy, local painter, was taken to Pendleton this morning in care of an attendant from the state hospital in that city.

## DIRECTORS TO FIND OUT WHO HEADS SCHOOLS

### POLICY OF ECONOMY TO BE ADOPTED

### SAVING OF \$6,000 AIM

New Member of Board Wants More Leeway In Selection of Teachers To Allow For Retaining Bend Girls—Poss Named Chairman

One of the first duties of the present school board, two new members of which were sworn in at the organization meeting last night, will be to decide who is city superintendent, it was agreed by board members following the meeting. The majority of the board is known to be against retaining Mark A. Paulson, signed as principal and superintendent only a few weeks ago. What action is to be taken regarding S. W. Moore, whose three-year contract was declared void just before Mr. Paulson was employed for his position, has not been definitely decided.

The new board will follow a policy of economy. It was indicated, E. P. Mahaffey, one of the new members, stating as his belief that \$6000 could be trimmed from the district's expenditures this year. It is probable, also, that the previous ruling requiring graduation from a normal school as one of the requirements for teachers, may not be strictly complied with. This matter was introduced by Mr. Mahaffey with the remark that he believed in home products, and considered that Bend girls, where competent, should be given an opportunity to teach in the Bend schools.

### Glee Club Aids District.

Taxation is not the district's only source of income. It was shown, when a check for \$31.45 from the Girls' Glee club of the high school was received, representing the profits from the Japanese opera given this spring. The gift was entirely unsolicited.

After the two new members, Mr. Mahaffey and Mrs. Horace Richards, had been sworn in at the opening of the meeting, L. M. Foss was nominated chairman of the board, and elected without opposition. J. C. Rhodes was unanimously elected district clerk on C. A. Hayden's nomination. The new clerk will take office after an audit has been made.

### To Abate Fire Hazard.

The question of moving the furnace room at the Reid School to the rear of the building, to reduce fire hazard and to provide an extra class room, was referred to the building and grounds committee, with instructions to report at the next meeting.

Standing committees appointed by the chairman are as follows: Teachers, Mrs. Richards, C. A. Hayden; fuel, George P. Gove; sanitation, C. A. Hayden, Mrs. Richards; finance and purchasing, E. P. Mahaffey, L. M. Foss; building and grounds, George P. Gove, E. P. Mahaffey.

## FOREIGN POLICIES HURT CHURCH WORK

(By United Press to The Bend Bulletin.)  
DES MOINES, Iowa, June 24.—Unsettled foreign policies of governments during the last year, say never before, have affected missionary enterprise, declares the 107th annual report of the American Baptist Foreign Missionary society, presented at the Northern Baptist convention session here today.

Political disturbances and famine in China, an almost unparalleled financial crisis in Japan, the inauguration of "one of the greatest experiments in democracy ever undertaken," following an amazing national awakening in India, and Mohammedan aggression in Africa, have been factors placing many of the society's missionaries in a delicate position.

Financial handicaps have been encountered in the industrial depression here; and in the fluctuation of money exchange rates in the far east, food, clothing and other essentials for the missionaries jumping in cost as the value of silver dropped. Housing has also been a problem.

## Postcard To Sailor's Mother Gives Clue To Ship Mystery; Investigators Silent As To Name Of Missing Man

(By United Press to The Bend Bulletin.)  
WASHINGTON, D. C., June 24.—A colored postcard from Paris to the mother of a member of the crew of a "mystery" vessel, which disappeared near Cape Hatteras forms the first clue which the department of justice has been able to pick up to establish a definite basis for the search for 20 vessels, known to have disappeared within the last year. The mother says the handwriting is that of her son.

## Use Barbed Wire To Keep Public From Carpenter

(By United Press to The Bend Bulletin.)  
MANHASSET, N. Y., June 24.—"From now until the fight, strictly private," said Carpenter, placing his O. K. on Manager Deschamp's orders to that effect. Secret training started earnestly today. Even casual visitors, dropping in to shake Georges' hand must remain without the barbed wire. The French champion's training started with Georges almost in the pink of condition. He is within one pound of the weight he will carry into the ring.

## A. F. OF L. WILL PICK OFFICERS

### CAMPAIGN FOR SIX HOUR DAY AT EIGHT HOUR PAY FINDS LITTLE SUPPORT AMONG CONVENTION DELEGATES.

(By United Press to The Bend Bulletin.)  
DENVER, June 24.—The American Federation of Labor, in session here, decided today to elect officers Saturday morning and wind up the business of the convention on Saturday night.

The proposed campaign to bring about a six-hour day, with eight hours' pay at the present rate brought little support in the convention. Resolutions to that effect were voted down after a short debate. Backers of the measure believed that shortening the hours of work would solve the unemployment question.

## LOTS SURVEYED FOR SUMMER HOMESITES

### Eleven Homes Already Constructed At Camp Sherman—Concession For Dance Hall Is Given.

Surveying of a number of fine lots near Camp Sherman on the Metolius has just been completed by C. J. Buck, assistant district forest supervisor, and Fred Cleator, also from the Portland district office. These lots will be available to renters of summer home sites, says Supervisor H. L. Plumb of the Deschutes national forest. Already 11 summer homes have been constructed in the vicinity of Camp Sherman.

The forest officials also surveyed the site for a store and dance hall, the concession for which has been secured by Dick Fuller of Redmond. Fuller expects to have the place open for business by the Fourth.

## MANY FLEE WHEN ARKANSAS FLOODS

(By United Press to The Bend Bulletin.)  
TULSA, Okla., June 24.—Scores of families living in the lowlands were driven from their homes today when the Arkansas staged a comeback flood. No loss of life has been reported.

## PORTLAND MAN IS CLAIMED BY OCEAN

(By United Press to The Bend Bulletin.)  
SEASIDE, June 24.—From papers and letters found in the pockets of the drowned man found beached here yesterday, his identity is established as J. F. Bowman, Portland contractor.

## DEBT OF U. S. TO RAILROADS MUST BE PAID

### BANKERS GIVE IDEAS TO HARDING

### WOULD AID BUSINESS

Cabinet Members Join In Conference—Suggestions Made by Financiers Considered of Great Value To The Government.

(By United Press to The Bend Bulletin.)  
WASHINGTON, D. C., June 24.—Prompt payment of the government's debt to the railroads, result from federal operation, is necessary to revive the nation's transportation system and general business, according to views which western bankers gave the president.

President Harding met the bankers and secretaries Mellon and Hoover at the White House last night. The conference lasted five hours.

Among the topics discussed at the White House dinner today were: Prospects of collecting money loaned the allies during the war; method of putting the railroads on their feet without government help; easier money for the farmer; and financing cotton growers.

Many bankers and high officials and the president were present. Charles Dawes, budget director, was also there. Many suggestions considered a great help to the government were made by the bankers.

## NEW STAGE LINE TO CROSS MOUNTAINS

### Scenic Beauty of Trip, And Time Saving Feature Given As Arguments for McKenzie Pass Route

Under the name of the Bend-Eugene Auto Stage Co., Fred Ellenburg and Sherman Stutsman will start operating shortly between the Deschutes and Lane county seats. Ellenburg stated this morning. The scenic beauty of the trip, as well as the saving in time which can be effected, leads the proprietors of the new business to believe that the stage trip will rapidly become popular.

The stages will go by way of the McKenzie pass, and before the end of the week a force of men will be sent to the summit to clear away snow drifts. These are still as much as 15 feet deep, Ellenburg reported on his return from a trip to the summit yesterday.

It is expected that delegates to the annual state convention of the American Legion, in Eugene, will be among the first to patronize the new stage line.

## Bend and Harmony

"Three-Fingered Jack" says that there is no harmony in Bend. He says that the town will not go ahead until harmonious relations are established between all the people of the city.

Is he right? What do you think about it?

The Bulletin invites all who have any ideas on the subject to write letters setting forth (1) in what respect there is harmony lacking here and (2) how they would set about it to create harmony. On the other hand, if any think Jack is wrong, let them write letters saying so and giving their reasons.

Every letter must be accompanied by the writer's name as an evidence of good faith, but the letters will be published without signature wherever desired.

For the three best letters submitted, in the opinion of the editor of The Bulletin, prizes of \$3, \$2 and \$1 will be given.

## TRAIN BOMBED, FORTY BRITISH SOLDIERS DEAD

(By United Press to The Bend Bulletin.)  
BELFAST, Ireland, June 24.—Forty British soldiers were reported killed today when Sinn Fein bombs derailed a troop train. Many soldiers were injured.

The presence of mines under the track was indicated by meager details reaching here, due to the wires being cut by Sinn Feiners, isolating the scene of the wreck.

The train derailed was the last of a string of three, the first two passing safely. The mine exploded after their passage, tearing out large sections of track.

Brief dispatches did not say whether the Sinn Feiners had remained to fire on their victims. The troops were returning from the opening of parliament at Belfast by King George and Queen Mary.

## BOXERS COMING HERE TO TRAIN

### BERT HUGHES, BILLY RYAN AND WILLIE MACK DUE MONDAY—CREDITED WITH SPEED AND CLEVERNESS.

Bert Hughes, Canadian champ, who will oppose "Kid" Taylor in the headline bout of E. C. Brick's smoker on the evening of July 4, in the American Legion building, will arrive in Bend to complete his training Monday, Brick announces. Transportation was sent today.

Billy Ryan, who will fight Duffy Knorr, and Willie Mack, Speck Woods' opponent, will arrive the same day.

"Be sure to have Allie in good shape," writes Maurice Hill, Hughes' manager, "or he will get the trimming of his life." Hill managed Taylor during his stay in Portland last winter.

Ryan is the only one of the visitors who has appeared here before, but a number of local fans have seen both Hughes and Mack in action, and give them credit for speed and cleverness.

## WASHINGTON PRUNES ONE-FOURTH NORMAL

(By United Press to The Bend Bulletin.)  
VANCOUVER, Wash., June 24.—The prune crop of 1921 will be small, Washington growers' officials announced today. The present estimate places the crop at a quarter of normal, with only 2,000,000 pounds production.

## 640 STUDENTS TAKE SUMMER WORK AT U.

(By United Press to The Bend Bulletin.)  
EUGENE, June 24.—At the end of the second day of the summer school here it was announced that 640 students were enrolled at the University of Oregon.

## PINE TREE COMPANY TO END BANKRUPTCY

The Pine Tree Lumber Co., which was declared bankrupt following the burning of the mill west of Bend two years ago, is asking for a discharge from bankruptcy, to go into effect July 26. The company has paid 12 per cent to the creditors.
