BOTH WINGS ARE LOST NEAR GROUND

CROWDS SEE HORROR

Pilot And Passengers Instantly Killed In Explosion of Seven Passenger Monoplane at Modesto, California.

(By United Press to The Bend Bulletin.)

MODERSTO, Cal., July 14.—Four men, Jacinto Jacuzzi and John Kauko, of Berkeley; Duncan McLash, of San Mateo; and Bud Coffee, of Modesto, were killed today when their airplane, disabled following an explosion 600 feet in the air, lost both wings and crashed to the ground in flames. Pilot Coffee and his passengers were killed instantly.

Many who saw the accident declared the explosion literally tore the plane apart. Three bodies lay several rods from the wrecked machine, the other buried in the ashes. All were burned beyond recognition.

Live wires, carrying heavy voltage, were torn down by the plane and sized in the torrid streets. Small portions of the bodies of the four men lay scattered under the feet of the spectators.

Coffee, with his three passengers, left Oakland from Durant field, flying a seven-passenger Jacuzzi monoplane, the invention of Jacuzzi Bros., one of whom died with Coffee.

The Liberty theater has been given a complete overhauling during the past week, including a change in the ventilating system, which Manager Sparks thinks will make the air both better and cooler. The Grand is now receiving a similar overhauling. Repairs have been made on the seats in both houses.

Mr. Sparks will bring back with him from Portland a motor generator, to be installed in the Liberty, giving the machine more light. The lamp now used at the Liberty will go to the Grand. A change has also been made in the house lighting systems.

(By United Press to The Bend Bulletin.)

SEATTLE, July 14.—One of the boldest robberies in Seattle's history occurred today when three handits placed automatic revolvers against the heads of Leland Higby and Curtis Fisk, 18-year-old messengers of the Northwest Trust & Savings bank, forced them to drop a bag containing \$25,000 in currency, and escaped in a high powered auto.

DISQUE ADVISES RATE DECREASE

WEST WOULD GAIN BY CHANGE

Examiner For Interstate Commerce Commission Suggests Cut To Help Tide Over The Livestock Industry Through Dull Times.

(By United Press to The Bend Bulletin.)

WASHINGTON, D. C., July 14.—Examiner Disque, of the interstate commerce commission, today recommended a substantial decrease in freight rates on livestock in the district from the Pacific coast to the Mississippi river and Chicago, and from Canada to the gulf.

The National Shippers' league, which requested an application for an order reducing rates, claimed the tariff is prohibitive and menaces the livestock industry. The complaint was directed against carload lot rates on ordinary livestock.

Disque recommended the reduction, declaring that "while rates are not excessive from the transportation cost standpoint, lower rates would tide the livestock industry over the present period of adversity and hasten the return to normal conditions and business prosperity."

AUTO CAMPGROUND PAYING EXPENSES

Portland's Income In Registration Fees From Tourists Reaches \$500 In One Month.

(By United Press to The Bend Bulletin.)

PORTLAND, July 14.—City officials who have studied the automobile camp situation throughout the northwest believe that the Portland automobile camp is a fair example of what similar camps in other cities and towns in this section are doing. And the Portland camp is earning its bread and butter, so to speak.

The June income from registrations, set at 50 cents for each car, was nearly \$500, while the July income is expected to be over \$800, with \$1000 for August, heretofore the largest month at local camp grounds. About 250 cars and 700 persons are using the camp, while as many as 100 machines have been registered on a single day. The registration fee permits 10 days' use of the grounds. Cars have so far been registered from practically every state in the union.

STEEP GRADE GONE ON ELK LAKE ROAD

Work of Forest Service Noted By Autoists—Cutoff And General Improvement Reported.

Since the improvement work done Crane Prairie hill, on the Elk Lake road, by the Deschutes National forest service, the hill can be taken on high, agree J. D. Davidson and Clyde M. McKay, who recently drove over the road. The maximum grade is now seven per cent, with a five per cent average, replacing a steep pitch of 17 per cent.

A cut-off of approximately three miles on the Snow creek section of the road, and general improvements on the remainder of the road to the lake, are included in the work being done by the forest service.

STAGE SET FOR GRAND OPENING OF GAY PARIS

PREPARED FOR HEAVY ATTENDANCE

ATMOSPHERE FRENCH

Decorations Completed. Today—Monte Carlo Elaborate—Real Entertainment Provided in Cabaret—Mystery Surrounds Attic.

Only the finishing touches remain to be put on the preparations which have been going on at the American Legion building for the Parisian tour, which begin this evening at 8 o'clock. All of the decorating was completed last night. The committees expect a large crowd each evening and are prepared to handle them efficiently.

The main hall, where the "Folies Bergere" shows and the dancing will be carried on, has been decorated with flags and bunting. There are a few booths and a bar on one side of the room. Wilson George's orchestra will hold forth on the dancing floor.

A true Monte Carlo has been set up in the Legion club room at the rear of the balcony, with elaborate gaming tables, pictures, rugs and furnishings, and a real bar with a mirror behind it and a foot rail. A scientifically built "African golf" table will be in charge of the Wildcat. Hugh O'Kane will deal faro. There is a big roulette wheel of the type used at the real Monte Carlo, and numerous other games calculated to entice the wayward francs from the pockets of the gambling enthusiasts.

Dancers Are Many.

Down where the bowling alley and pool tables once were, the cabaret looks like an elaborate flower garden, and tonight, with the soft lights and scenes of revelry, it will resemble an Apache resort of Paris.

Manager Waite has gathered together a stellar group of entertainers, including a Parisian orchestra, ballet dancers, buck-and-wing dancers, a Hawaiian orchestra and two hula-hula dancers, and some clever singers with songs characteristic of the Paris cabaret. Here will be found tables for refreshments, and the main bar, where wines of various hues will be always on ice.

Entrance to Paris will be by way of the front line trenches, where grim dangers are said to await the uncouth. Guides will be on duty at the Paris gates to conduct the parties to the various points of interest.

France Notes Received.

Far up in the attic is a mysterious room which has been kept under lock and key for over a week. Here, it is whispered, Fi-Fi may be seen in the dances that drove Paris wild, provided she escapes the police tonight at the depot.

A shipment of French greenbacks of 10 francs denomination has just been received through a local bank and will be used exclusively by visitors to Paris.

MOUNTAIN CLIMBING TO BECOME NEW EVENT AT OLYMPIC GAMES

By George Gribble.

(United Press Staff Correspondent)

LAUSANNE, July 14.—The Olympic congress, which has been sitting since June 2, has terminated its work. The object of the conference was to complete and revise the work of the former conference of national Olympic committees, which was held in Paris in 1914.

Among the innovations to be introduced as standing features of Olympic games are winter sports. This aroused a lively discussion among the American, Canadian, Swiss and French delegates in opposition to the Scandinavians, who were opposed to the new ruling. It was finally decided, however, that winter sports should be held during January or February preceding the Olympic meetings. Among the events will be skating races for distances of 500, 1500, 5000 and 10,000 meters, figure skating for men and women, singly and in couples, ice hockey and skiing, long distance races (12 to 18 kilometers and 50 to 100 kilometers)

Politicians of Japan Seek to Put Off Peace

(By United Press to The Bend Bulletin.)

TOKIO, July 14.—The newspaper Nichi stated today that the Japanese government will insist upon completing its present building program. They believe the time is not ripe for President Harding's move.

BEND'S PRICES FOUND LOWEST

FOUR-L CONTRACT GOES TO LOCAL GROCERY IN COMPETITION WITH PORTLAND, REDMOND AND PRINEVILLE.

That Bend grocery prices will compare favorably with those of Portland, Prineville, and Redmond, was shown today when the contract for a month's supplies for 29 families, the first move in the Four-L collective buying campaign, was awarded to a local store. After figures from the four cities had been compared, the Union grocery of Bend was given the order.

Not only was the total Bend estimate less than that of any of the competing cities, but the Bend price for every article in the list, with the sole exception of sugar, was low as well.

MEMBERSHIP TOTAL IS NEARLY DOUBLED

Memberships turned in at the B. A. A. C. office yesterday raised the number to 225, nearly twice what it had been the day before. There are still thought to be a number of cards not reported. The campaign will be continued during the three days of the Parisian tour.

Those turning in cards and money collected were: Archie Summers, Juanita Gillis, J. C. Wright, M. W. Wagner, Charles W. Erskine, Roy Van Fleet, Mrs. B. Garner, Mrs. Sadie Lucas, C. H. Shevlin, Paul Hosmer and J. Smith.

work, all trains carrying interstate commerce, all postoffice work, publication of newspapers entering the mails, and any interstate commerce business.

The measure is limited to interstate and federal business, because congress is not authorized to interfere in state affairs. Cooper declared he represents 10,000,000 southern Christians.

EUROPE VIEWS HARDING OFFER WITH INTEREST

(By United Press to The Bend Bulletin.)

LONDON, July 14.—Europe is seething with interest regarding Harding's disarmament conference. The situation in the principal countries is:

Great Britain—A bitter political battle is raging over Lloyd George's intention to head the British delegation.

France—The press is commenting cynically on the conference, doubting whether France will derive any benefit.

Italy—The people are eager for disarmament, hoping it will reduce taxes. The pope is understood to be enthusiastically supporting President Harding's proposal.

Japan—The state department at Washington has received official notification of Japan's intention to participate in the conference. Statesmen are cautious, but the people, commercial interests and the press are eager to participate, as disarmament will probably reduce heavy tax burdens.

Efficiency Convention Starts At Scarborough—Equal Representation For Women Discussed.

Both he and Chief Fox will be on hand to capture the dancer at 6:45 this evening. They are particularly anxious to corral the case of champagne which she is said to be bringing from France.

"I am sorry that the American Legion has gone to the expense of bringing this woman here, but the law must be enforced," Carlon stated.
