

SOCIETY

(By Mrs. L. W. Gatchell, Phone 309-J.)

Notes for publication in the social column in the Saturday issue of The Bulletin must be in not later than 5:30 o'clock on the afternoon of the day preceding.

Numerous social courtesies have been extended during the week to Mr. and Mrs. T. A. McCann, who departed with their family on Thursday for McCloud, Cal., where they will remain for several weeks before leaving for Minneapolis, where Mr. McCann will assume the duties of vice president in charge of operation of The Shevlin-Hixon Lumber Company. Mr. McCann has been head of the local Shevlin-Hixon mill for the past six years and with Mrs. McCann has formed a wide circle of friends who greatly regret the change of residence.

On Tuesday evening the men of the Emblem club entertained with a stag dinner in honor of Mr. McCann. Forty close friends and business associates of Mr. McCann were present.

During the serving of the four course dinner, Carl A. Johnson, Hugh O'Kane, A. Whisnant, L. O. Taylor, H. E. Allen, H. J. Overturf, Clyde McKay, R. D. Moore, J. P. Hennessey and the guest of honor responded to toasts, C. S. Hudson acting as toastmaster.

The remainder of the evening was spent in the enjoyment of card games and in the relaxation incident to congenial company.

Honoring Mrs. McCann and her house guest, Miss Marie McDonald, of Minneapolis, Mrs. H. K. Brooks on the same evening entertained with an elaborate 7 o'clock dinner party at the Pilot Butte Inn.

Covers for fifty guests were laid at a well appointed table which had been placed before the picture window of the dining hall and presented a most attractive appearance in a color scheme of lavender and flame color.

Centering the table was a huge reed basket filled with gorgeous flame colored gladioli, combined with Baby Breath, and surmounted by a lavender tulle bow. Smaller silver baskets with lavender and flame sweet peas and the dainty Baby Breath were placed at intervals along the long table, while flame colored chippendale candles in silver candelabra marked the open spaces between the baskets and bows of lavender satin ribbon further accentuated the color scheme. Favors of corsage bouquets in the chosen combination of flowers, tied with the lavender tulle, designated the places of the guests of honor, while small nosegay bouquets lay beside each of the remaining place cards.

Following the serving of the five course luncheon, the guests motored over to the Brooks home on Drake road where the remainder of the evening was spent in playing bridge.

At the close of the evening guest prizes were awarded to Mrs. McCann and Miss McDonald, and Mrs. Charles Hayes, Mrs. C. S. Hudson, Mrs. Horace Richards, Mrs. J. C. Vandeventer, Mrs. J. C. Rhodes, Mrs. A. M. Pringle, Miss Agnes Sheridan, Mrs. J. P. Hennessey, Mrs. Paul C. King and Mrs. R. W. Hendershott.

The H. K. Brooks home was the scene of an informal reception yesterday afternoon from 3 until 5 o'clock at which time Mrs. Brooks entertained in honor of wives of the members of the State Editorial association, who are guests of our city this week. Upon arrival these guests were escorted to the summer house on the lawn where Miss Roma Whisnant served punch, lollored to enjoy the beauty of the river and

The regular open meeting of The Woman's Civic League will be held Monday afternoon at 2:30 o'clock at Epworth hall. The program will be in charge of Miss Eva Comegys county home demonstration agent who will precede a demonstration on the making of summer hats by a 30 minute talk, "How to Select Hats That Are Becoming."

During the demonstration Miss Comegys will completely make a hat and give assistance to any who wish to bring their own material with them. This will be the first lesson on millinery received by the Bend women. Miss Comegys suggests that they bring only buckram frames, either used or new, to be covered with inexpensive materials such as gingham, voile, etc., to match summer gowns. If those in attendance are sufficiently interested Miss Comegys will take up with them the making of hats over wire frames—sometime early in August.

A most cordial invitation is extended to the women of Bend and vicinity to be present.

At the end of next week Miss Campbell and Miss Eunice Catlow will join the members of the Mazama club of Portland who will be passing through Bend on their annual two weeks hiking trip. This year the plan is to scale Diamond Peak, visit Crescent and Crater lakes and many of the smaller lakes in this section of the state. The hike will be valuable to the Misses Campbell and Catlow by way of experience as they must remain "members on probation" until they have scaled a living glacier, a feat that they are looking forward to with interest.

COAST WILL HAVE GREAT STADIUMS

Plans For Second Amphitheater To Be Used In Connection With Tournament of Roses, Made.

PASADENA, Cal., July 23.—Plans for the second great stadium in California are definitely under way here, following the purchase of the first piece of land to be used in connection with the big Tournament of Roses stadium in the Arroyo Seco.

A deed for ten acres of land was in possession of the tournament today, following the conclusion of negotiations with Henry Shlaudeman of this city. Deals are now under way for the purchase of additional land, while the city had condemnation proceedings started to acquire other lands for the project.

Surveys for the great boulevards which will lead to the stadium site are being made. Every effort is being made to rush the stadium project in order to furnish adequate seating space for the annual "East-West" football game. It is estimated that last year it was necessary to turn away four people for every one who had a ticket at the present site.

Stanford University will probably have the record for constructing the first giant stadium in California, as work on the Stanford project is already under way, it is said, and is being rushed as fast as subscriptions from alumni and friends of the university come in. The Stanford stadium will be the largest in the west, and one of the largest in the country.
