**AT THE CAMP GROUND**

The little camp ground down by the river has been outgrown. Forty-eight cars were counted there one evening this week.

Not only is it crowded at such times, but each plot of ground is used so constantly that even with the sprinkling wagon, busy daily, the ground is so torn up that the dust is almost unbearable. The unsightly littered appearance of the camp may also be traced to the crowded condition and increased use of the ground.

**On the Register.**
