At the Churches

Presbyterian
Services next Sunday will be in charge of the pastor. This is the first Sunday in the last month of his stay in Bend as pastor of the church; and if you are interested in what he has to say, you had better make use of your time. The morning service will be at eleven o'clock, when he will speak on "Paul's Advice to True Christians." In the evening at eight o'clock the message will be illustrated, treating with "Seeing Truth." This particular message will have to do with the choices that we make while passing through this life. Come and hear and see, and you will never forget.

Woman Juror Caused Trouble.
The question as to whether women will make successful "jurymen" has been raised in England by the recent collapse of a woman juror in a Manchester court. The woman became ill and almost swooned during the hearing of a charge of malicious wounding. She finally collapsed, had to leave the court and a substitute had to be found. Of course, the trial had to begin all over again.

ONE BORN EVERY FOURTH MINUTE

A lady who had a family of three children didn't want any more because she had heard that every fourth child born in the world was a Chinaman!

As ludicrous, perhaps, as an old misconception some skeptical folks used to have about Bend Made Bread.

They had never tried it, but had heard someone say it could not compare with that made elsewhere. This statement, that Bend Bread was a mediocre product, was enlarged upon until some of the stories you could hear about the home product were sufficient cause, had they been true, to justify the arrest of the bakers and commit them to be hanged.

The fact that for the past six months Portland made bread has almost entirely disappeared from the market in Bend is conclusive proof that the stories were false.

The Bend made product is being used now in 95 per cent of the homes in this city. **WE WANT IT TO GO 100 PER CENT.**

We invite any member of the families in the 5 per cent that are not now using the Bend made Bread to closely compare it with that they are using. If you can get five unbiased, responsible men to say the Bend Bread does not compare or even better, the Portland made product **WE WILL SUPPLY YOU WITH BREAD FOR THE FAMILY FOR ONE MONTH.**

We wouldn't make a statement like this unless we absolutely knew that our Bread was a product of quality. We know it is as good as can be made, that's why we are making so much noise about it, why we are urging every Grocer in Bend to handle it exclusively.

The price of the Bend Bread is identical with the Mail Order Bread

The quality is better if anything

So WHY—

Insist on sending your money out of Bend instead of spending it at home where you may have a chance to get a part of back. If it goes to Portland for mail order bread you or no one else ever sees it again, or derives any benefit from it.

It pays Bend big dividends to buy **HOME MADE PRODUCTS.**

INSIST on Bend Made Bread from your grocer.
