## MILL TO START ITS NEW SHIFT ON WEDNESDAY

LOGGERS NEEDED

MUST BRING IN MEN

Camp Personnel To Be Built Up By Degrees-Head of Brooks-Scanion Lumber Co. Leaves After Conference Here.

Definite announcement that the Brooks-Scanlon Lumber Co. third shift will start work not later than Wednesday was made this morning from the company's local office. An effort will be made to begin increased production tomorrow, but Wedneeday is considered as the more

The new mill crew is complete, and the additional men actually needed in the yard can be had on an hour's notice, it was stated. Practically all these were secured locally, and while there are enough to put three shift operation under way, there is still an opportunity for a few more to secure employment.

#### Officials End Visit

The crew for the new camp which the third shift necessitates will have to be built up by degrees, as it is beof the woods workers from the out-
