Calgary Physician's Evidence Damaged By Cross Examination—
Brimfield Reduced Insurance
Advised, Agent Testifies.

(By United Press to The Bend Bulletin.)
ROSEBURG, Oct. 15.—The defense is putting witnesses on the stand today in an effort to prove that Dr. R. M. Brimfield's unbalanced mental condition was during and preceding July 13, when the state charges he murdered Dennis Russell.
Dr. Mahood, who examined Brimfield at Calgary, proved a disappointment to the defense yesterday, when the prosecution damaged much of his evidence on cross examination.
The defense is thought to have made a good step yesterday when a life insurance agent testified he had urged Brimfield to take out \$16,000 insurance in May, but that Brimfield had declared \$4,900 would cover his liability.

Testify On Sanity
Witnesses for the defense today followed one another in quick succession, testifying to the various moods, fits of rage, and despondency which had marked the dentist's demeanor prior to the alleged murder. Skillful cross examination by the prosecution apparently belittled many of those points.
The crisis in the legal battle is not expected before Monday, when both sides will have medical talent testify regarding Brimfield's sanity or insanity.

Fined \$50 In Police Court For
Having Liquor In Possession

L. D. Poole and Joe Bush, both of this city, appeared in police court yesterday pleading guilty to charges of having liquor in their possession, and paying fines of \$50 each.
Poole was arrested after small boys, found in a badly intoxicated condition Sunday, told police officers that they had stolen the beer for their spree from Poole's woodshed. Bush, it was alleged was the owner of a bottle of moonshine seized at the boxing smoker at the gymnasium Monday night. While entering a plea of guilty Bush states that he did so merely to end the case. The bottle was not his, he declares.

Anderson-Shrader Shows Come With

and Novel Attractions

Some carnival features which have never before appeared in Bend will be here all next week with the Anderson-Shrader shows, which come here under the auspices of the volunteer fire department. The carnival brings with it from other Central Oregon towns a reputation as a clean organization, and one which gives its patrons value for their money.

Among the novel attractions are the seaplane rides, which give one a real taste of air travel, and the motordrome performance of Daredevil Decker and Anita. The Hawaiian show is said to be a real musical performance. Great interest will probably be manifested in the athletic show.

BAZAAR PRIZES
TO BE AWARDED

PREDICT OVERFLOW ATTENDANCE AT HIPPODROME TONIGHT—DOOR PRIZE UP—CARNIVAL AFTER 10:30 O'CLOCK.

All of the prizes offered at the St. Francis bazaar will be awarded tonight, and for this reason the committee in charge predicts that the Hippodrome will be filled to overflowing. In addition to the features of the first two evenings, the door prize, a valuable blanket, will be awarded tonight. The winner must be in the room when the number is drawn. Also after 10:30 o'clock there will be a confetti carnival.
Two sheep and a calf will be among the prizes raffled off tonight. In spite of the small crowds, which have been due to the Redmond fair and other counter attractions, the bazaar is clearing several hundred dollars for the St. Francis church building fund. The amount taken in tonight is expected to double the total received previously.

CLEANUP SQUAD
TO COME AGAIN

OCTOBER 27 AND 28 DATES FOR
RETURN OF VETERANS' BUREAU REPRESENTATIVES—
ADVANCE MAN HERE TODAY.

The Oregon Cleanup squad, which made a two day stop in Bend several weeks ago but was handicapped by having no medical officer in its personnel at the time, will be here again on Thursday and Friday, October 27 and 28. It was announced this morning by A. C. Kinley, advance manager for the squad, who is in Bend to arrange for cooperation with the American Legion and Red Cross.

The squad has been more than busy in Pendleton, Baker, La Grande and other eastern Oregon towns, and will come here from Burns. William P. Wise, formerly advance man, is now vocational training officer. Cliff Wood and Keith Kiggins, who were here with the squad on its last visit, will return. A medical officer will be supplied by the head office of the Veterans' bureau before the squad arrives.

All claims of ex-service men, including compensation, insurance reinstatement, vocational training, travel pay or any other, will be handled. Men whose original discharges are in Salem may bring their claims. If the discharge has been recorded with the county clerk, as the service record may be verified by consulting the records.

PROMISE AID IN
MARKETING HAY

FREIGHT RATES MAY
BE REDUCED

Railroad General Agents and Central
Oregon Club Heads Confer On
Matter of Rates To Seaboard,
Allowing Stable Market.

(Special to The Bulletin.)
REDMOND, Oct. 15.—Assurance that all possible assistance will be given the farmers of Central Oregon in securing freight rates which will make possible the marketing of their hay, was given by Albert Kelling, assistant general freight agent for the O.-W., and R. W. Pickard, assistant general freight agent for the S. P. & S., to the committee from the Central Oregon commercial clubs, with which they met here today. The meeting was arranged yesterday at the commercial clubs' dinner.

The question resolved itself into one of whether rates for the haul from Central Oregon points to the seaboard could be reduced enough to assure a stable market. Hay can be bought on ranches here, it was stated, for \$5 a ton, and loaded on the cars for \$4.50. A fairly sure price at the seaboard is from \$12 to \$14.

The present freight rate amounts to \$9.40 a ton, or 47 cents a hundred. This must be reduced, the figures showed, to 17 1/2 cents or at most 20 cents, in order to make selling possible.

From Yakima to Portland, a longer distance, the rate is 27 cents. Whether the railroads can come down lower than that amount remains to be seen, but the officials present at the meeting assured the commercial club representatives that they would cooperate in any way possible. They stated that they had attended the meeting for the purpose of getting definite information on which to base a decision, and that they had gained what they wanted.

BRIAND CABINET IN DANGER AS
FRENCH PARLIAMENT CONVENES

(United Press Staff Correspondent)
PARIS, Oct. 15.—With the convocation of Parliament on October 18, upon which depends the life or death of the Briand Cabinet, only a few days away, public and press opinion regarding the Washington conference is crystallizing.
Thus far the outstanding question is on the advisability of Briand or any French premier personally representing France at the conference table. Opinion is sharply divided regarding the wisdom of such an unprecedented absence of a Premier from France. As so far expressed the majority of press opinion is against the Premier personally going.
The reason most often advanced by those opposed is that the personal presence of the Premier would result unfavorably to the interests of France—that, as a matter of principle, subordinates should do the actual negotiating, while the Premier should stand back, and oversee the proceedings from a distance. The Versailles treaty is continually cited as an example of the evils of the heads of nations negotiating personally.

ARMISTICE DAY PLANS
INITIATED

J. C. Wright Chairman of Celebration
Committee—MHL Company
Makes Offer—Auxiliary To Entertain—No Change in Club.

Plans were initiated at last night's special meeting of Percy A. Stevens Post No. 4, American Legion, for the local observance of Armistice Day. J. C. Wright was named as chairman of the committee to have charge of the celebration. His plan will be announced soon. The post passed a resolution urging the people of the community to study and observe the etiquette of the flag.

An offer from The Shevlin-Hixon Company, whereby Legion men may purchase homes in Highland addition and take advantage of the loan bonus without additional capital, was read. A vote of thanks for the offer was passed. An invitation to the post from the Ladies' Auxiliary to attend a social meeting next Thursday night was read and accepted.

The present system of administration of the B. A. A. C. will be continued until the end of the year, it was decided.

Pass Resolution
The resolution in regard to the etiquette of the flag read as follows: Whereas the preamble of the American Legion constitution binds its members to the task of fostering and perpetuating a one hundred per cent Americanism, and

Whereas a proper respect for the Stars and Stripes of our country's flag and the observance of the courtesies due it are essential to Americanism in a community, and

Whereas it has come to the attention of some of our members that respect for the flag has been sadly lacking in the city of Bend on public occasions,

Be it resolved by Percy A. Stevens Post No. 4 that it be urged upon all citizens of Bend and of the territory from which this post takes its membership, that they study and observe on all occasions the etiquette of the American flag, particularly the following sections:

During the ceremony of hoisting or lowering the flag, or when passing in parade or review, it is customary for all to remain standing in silence. Men's headdress should be removed and held in the right hand level with the left shoulder. If in uniform, they should salute with the right hand salute.

When the "Star Spangled Banner" is being played, or sung, all persons within hearing should rise and stand, head uncovered. The playing of it as part of a melody is prohibited and it should never be played as an exit march.

Confers with Labor Board

(By United Press to The Bend Bulletin.)
CHICAGO, Oct. 15.—Railroad union chiefs left Chicago today carrying secret orders to all union officials throughout the country, to be sent tomorrow, understood to call for the start of a general strike, of a million and a half railroad workers on October 30.

The union heads departed following a four hour secret conference at the Masonic temple of 500 general union chairmen. All heads refused to make any comment.

Other significant moves came today when Frank Warne, of the statistical railroad Brotherhoods, charged Daniel Willard, president of the Baltimore & Ohio, with presenting "statistical fallacies" to the senate interstate commerce commission concerning railroad earnings, and operating expenses.

President Harding conferred today with a group of members of the railroad labor board. The meeting is understood to have dealt with the critical railroad situation.

CHICAGO, Oct. 15.—Judge K. M. Landis today was asked to arbitrate the difficulties between the railroads and their employes in a letter from Soo Line union heads and company officials. Strike headquarters have been organized in Cleveland, according to H. G. Willis, vice president of the Engineers' union.

POSTOFFICE TO
START CENSUS

MORE GENERAL NUMBERING OF
HOUSES SOUGHT TO MAKE
POSSIBLE GREATER EFFICIENCY
IN CARRIER SYSTEM.

A postal census for the purpose of increasing the efficiency of carrier delivery will be made in Bend on October 19 on authorization from the postmaster general's office, states W. H. Hudson, Bend postmaster. The census will be to ascertain the houses not properly numbered, and the dwellings or office buildings not provided with proper receptacles for mail.

From now until the date set for the census, carriers will mention the lack of either of these requirements to patrons, and on October 19, reports will be made to the postmaster. In the matter of receptacles, Bend is in general well up to standard, Hudson says, but in the matter of numbering there is still room for improvement. Lack of numbers is often the cause of poor delivery, it is found, especially when a substitute carrier is put on.
