AUTOMATIC POSTAGE METER THE LATEST

Machine Rented By Postoffices To Patrons, Stamps And Cancels In One Operation.

(By United Press to The Bend Bulletin.)
WASHINGTON, Oct. 15.—Thanks to a new automatic postage meter, which post offices in the large industrial towns have ready for hire, and you may mail a thousand letters without stamps as soon as you like to rent the machine.

The meter looks like a small hand safe, stands about twelve inches high and has an inside mechanism which provides for a stamping pad which dates the letters and cancels the stamp. You hire your machine and take it away from the post office, "charged up" to frank a thousand letters. All your mail clerk has to do is to slip the envelopes through the foot of the machine, press a button—and presto—out they come, all dated and franked ready to be put aboard the train. When the thousand register shows on the machine, the post office rewinds it for a fresh thousand frankings with a special key.

Several New York firms have adopted the machine since its very recent appearance—it has only been a few weeks since the post office adopted the invention.

RATES REDUCED TO LEGION CONVENTION

Round trip fares to the American Legion convention at Kansas City will be at the rate of one cent a mile, announces J. C. Wright, local agent. The total fare is \$104.95. The trip may be begun from October 24 to 27, the return started on November 10. These rates apply to all roads. It is not known whether any Bend Legionnaires plan to go.

TINY TOWN SENDS MANY TO LEAGUES

Parents In Mesquite, Texas, Raise Their Boys To Be Ball Players—Big Percentage Professionals.

(By United Press to The Bend Bulletin.)
DALLAS, Texas, Oct. 15.—Every thirteenth person born in Mesquite, Texas, turns out to be a professional baseball player.

With a population of 350, this little town, which is located a few miles south of Dallas, has sent twenty-seven native sons to organized baseball and some of them have been big league players.

They began to raise their boys to be ball players back in the eighties, when Babe Polly went up to the National League as a catcher. Then they sent Mike Erwin to Brooklyn, Jack Kimbell to Pittsburgh, Buddy Napier to Cincinnati and other players to minor leagues.

TWO MORE CRICKETS FOUND, EXHIBITED

Two more specimens of the sand cricket, which created much curiosity here several days ago when the first one was brought in by R. N. Buchwalter, have been found since then, the first by D. C. Hale and the second by C. L. Kesfer. They are on exhibition in Buchwalter's store. The first cricket was not correctly identified until it was sent to an expert at O. A. C.

HEARING POSTPONED UNTIL NEXT WEEK

Postponement of the hearing of Mark A. Paulson, recently discharged as principal of the high school was made necessary again today when it was found that there was no qual-

fied court reporter in the city to take the testimony. The hearing, which was set for 2 o'clock this afternoon, was postponed until such time, early next week, as a reporter is available.

D. W. GRIFFITH Production

In this master production you have something more than a motion picture—the old, old story, "Way Down East," that has met with such stage success, held its popularity, as has no other melodrama, is revived and its human interest and loveliness entrenched by the unequalled work of Griffith.

Never before has a more true to life story appeared on the screen. If you have seen "Way Down East," its worth seeing again, and if you have never seen it—do, by all means.

To make the production all that could be hoped for in superb, up to the minute moving picture exhibition, the accompanying music will be rendered by an accomplished organist on our new
