The Humble Clothespin.

Every Monday morning thousands of pulley lines squeak and thousands of clothespins are jabbed into place. In spite of many new inventions, people the world over still use the primitive wooden clothespin designed years ago by a New Hampshire man. Twenty million feet of lumber are said to be needed each year to supply the clothespin manufacturers in the United States.

STUDENTS' GYM WORK STARTED

295 ENROLLED IN HIGH SCHOOL AND JUNIOR HIGH CLASSES AT B. A. A. C.—112 GIRLS—TAUSCHER IN CHARGE.

Registrations of high school and junior high students for gymnasium work at the B. A. A. C. under Director A. P. Tauscher as part of their regular school work numbered 295 at 3 o'clock this afternoon, with one class yet to register, and perhaps two. Of this number, 112 were in two classes for girls. Classes will meet every Wednesday.

Records will be kept of this work just as of other high school work, and attendance is compulsory unless the student is excused for some cause. There was no gymnasium work today, the time being spent in registering and in announcements by Director Tauscher. The work will follow the outline used for gymnasium work in the Portland schools, beginning with simple marching and calisthenics.

Later in the year some advanced gymnasium work will be given. There will be no time for swimming, except on certain days when the entire hour will be given over to such instruction.

EWING WINS FROM BEAVER COMPANY

Judgment Confessed by Defendant—Property Attached to Be Sold To Satisfy Plaintiff.

Judgment was confessed by the Beaver Land-Stock Company in the suit brought by Thomas Ewing in circuit court, and no defense was made. The company agreed to pay attorney's fees amounting to \$50, and the following sums in satisfaction of the four causes involved: \$120.95, \$114 and \$52.50, plus interest from the dates on which the suits were filed.

The order entered by Judge Duffy today provides for the sale of the property which was attached by Ewing, to pay off the judgment.

Thanksgiving

The first Thanksgiving was proclaimed to signify a relief from the many and heart-breaking hardships endured during the previous winter.

And so today we give thanks for the many comforts and prosperities we now enjoy.

It is most glorious to know that this community has many things for which to be thankful. Not once during the time of reconstruction, through which we have just passed has this community wanted for the necessities of life. Nor is it reasonable to believe it ever will with the bright future that shines on Bend.

These true facts alone are sufficient cause that every family in Bend should pass through this Thanksgiving Day in a most gracious spirit.

DECORATE FOR HOLIDAY DANCE

GREAT INTEREST SHOWN IN PARTY PLANNED BY LEGION POST—SMOKER SEEMS IMPOSSIBLE, WILL BE HELD LATER.

Decorations for the big Thanksgiving party and dance which Percy A. Stevens Post is giving tomorrow night at the gymnasium are being arranged today by James H. Fisher. Great interest is being shown in this affair, which will probably be the only public celebration of Thanksgiving Day. The Sax-o-jazz orchestra will furnish music. Dancing will begin at 9 o'clock.

Members of the committee in charge are C. J. Catlow, Robert Innes and M. Connolly. The decorations are planned to include some unique lighting effects.

With the news that trains are not moving on the main line, all hope of holding the smoker tomorrow seems gone, as it is improbable that the boxers from Portland were on the train which left Portland Saturday night. The smoker will be held at some convenient time to be announced later.

Thanksgiving Day

Visions of turkey and cranberry sauce, plum pudding and apple pie—these are the things that make Thanksgiving a banner day for the little folks. But to us of more maturity, this day is set aside as a tribute to the good fortune that has been permitted us the past year. May Mannheimer's take this opportunity sincerely to thank their many friends for their splendid patronage during the somewhat tempestuous year which has just passed? We are constantly trying to develop a service worthy of their confidence in us.
