WESTERN PACIFIC TO TAKE OVER ROAD

Standardization of Narrow Gauge Line And Extension To Bend To Tap Timber and Agricultural Resources Looked For.

LAKEVIEW, Feb. 6.—Information strongly indicating that the Western Pacific will take over the Nevada, California, & Oregon narrow gauge railroad running to Lakeview, which has petitioned the interstate commerce commission to be permitted to discontinue operations, is given out by Charles M. Levey, president of the Western Pacific. Levey has just returned from New York, where he and other Western Pacific officials conferred with Charles Moran, owner of the N. C. & O.

The plan indicated by Levey includes the spending of millions of dollars on the expansion of Western Pacific lines. The purchase, standardization and extension of the present 170 miles of narrow-gauge road from Haekstaff, Cal., is included in the plan. It is reported that Levey suggested that the road be extended through the entire length of Lake county and connect with the standard gauge roads at Bend, which would open up a rich timber and agricultural section of Central Oregon.

MHI Trade Looked To It is estimated that the company which constructs this road will collect \$52,000,000 within a few years in the transportation of lumber alone. BOND ELECTION IS CONTESTED

TESTIMONY IN SUIT BROUGHT BY C. O. I. DISTRICT FOR BOND VALIDATION GIVEN SUBJECT TO OBJECTION.

The district is represented by H. H. De Armond, John Latourette and Harrison Allen, and the contestants by R. S. Hamilton and Paul C. King.

The defense contended that the denial was sufficient to raise a question on every point on which validation is being sought.

CLUE TO DEATH SOUGHT AMONG USERS OF DOPE

DENS COMBED FOR INFORMATION

ACTOR UNDER ARREST

George Milo Forced To Walk Street At Night On Chance of Identification In Connection With Taylor Murder.

(By United Press to The Bend Bulletin.) LOS ANGELES, Feb. 6.—Detective Captain David Adams today issued orders to comb Hollywood's dope dens to uncover a new clue suspected to be hidden away in these mysterious places of the movie colony.

A squad of detectives is now pushing the examination of drug peddlers in their own haunts.

George Milo, actor, Henri Reineque, actor, and Mabel Normand, actress, were the centers of interest today in a feverish search for a clue by deputy sheriffs for the person who shot down William Desmond Taylor, film director, last Wednesday night.

Suspects Are Viewed Milo last night, following his arrest, wearing "villain" clothing, paced the sidewalk before Taylor's home while Mrs. Douglas MacLean, across the street, peered through shutters to compare his form with that of the man she saw hurrying away from the Taylor home the night of the shooting.

Milo did this against his will. Both he and Reineque are being grilled for an account of their movements on the fatal night.

Milo and Reineque were arrested as they alighted from a machine at the Lobbin apartments, the same machine which a mysterious informant said stood before Taylor's house the night of the shooting.

MARRIED MAN AIDED BY LAW

\$1500 EXEMPTION FOR WIFE GRANTED, WITH \$400 FOR EACH CHILD—RETURNS MUST BE MADE BEFORE MARCH 15.

WASHINGTON, D. C., Feb. 6.—Changes in the revenue law are of material benefit to the average family man. Under the revenue act of 1921 a married person, living with wife or husband, whose net income for 1921 was \$5,000 or less, is allowed a personal exemption of \$2,500. Under the revenue act of 1918 the exemption allowed a married person was \$2,000, regardless of the amount of net income.

The normal tax rate is the same, 4 per cent on the first \$4,000 of net income above the exemptions, and 8 per cent on the remaining net income. Given his personal exemption of \$2,500, plus \$400 for each dependent, a married man with three children—the average American family—will pay this year on a net income of \$4,000 a tax of \$12. On the same income for 1921 he would have paid a tax of \$56.

Every citizen and resident of the United States must determine for himself whether his income for 1921 was sufficient to require that a return be filed. Full instructions for making out a return are contained on the forms, a copy of which will be sent to taxpayers who filed a return last year. Failure to receive a return, however, does not relieve a taxpayer of his obligation to file a return on time, on or before March 15, 1922. Forms may be obtained from collectors of internal revenue and branch offices.

CHORUS GIRLS WORKING HARD

LOCAL YOUNG WOMEN LEARN STEPS

Rehearsal of "Land of Happiness" Draws Crowd of Curious Boys To Roof of American Legion Building—Dances Have Real Merit

Dozens of flashing toes twinkling in unison to the latest song and dance music may be watched at the American Legion building these evenings by the favored few who are permitted to attend rehearsals of "Land of Happiness," which Percy A. Stevens Post of the American Legion is getting ready for two performances next week.

Some others have found a way to get a glimpse of the fascinating steps which R. W. Hillem, formerly of the Winter Garden, New York, is teaching to the first sure enough chorus girls Bend has ever boasted; for yesterday the top windows of the gymnasium were crowded with the faces of boys who climbed up through the front of the building to get a view of the rehearsal.

Whereupon Legion men were assured that their big show will be an undoubted success, for if the boys will go that far to watch the dancers practicing, everyone in Bend will want to see the actual performances next Wednesday and Thursday nights.

GIRLS MUST WORK HARD

The chorus girls, all popular local young ladies, are having a strenuous time of it, for already, with four days' practice, they have learned half a dozen dances which accompany the choruses of as many popular musical numbers. Nor is Hillem satisfied with the mere "kicking" which characterizes many musical comedies; he is a master of ballet dancing, and every one of the numbers, which he originated, has artistic merit.

Work on the solo features and the dramatic story of the comedy begins tonight.

FILES FAIL TO WIN FREEDOM

TOOLS PASSED TO PRISONERS IN COUNTY JAIL FOUND BY THE SHERIFF—BARS RESIST ATTEMPT TO CUT.

Finding of files and saws which prisoners in the county jail had concealed in their pillow, and with which they had cut partly through one of the bars of the cell, was responsible for the stockade surrounding three sides of the jail, construction of which has just been completed. The jailbreaking tools discovered by Sheriff Roberts in one of the regular inspections of prisoners' effects, are believed to have been passed in through the jail windows by friends of the inmates. Because of the composition of the bars, the attempted jail delivery stopped almost before it started, the tools in the possession of the prisoners failing to cut through the alternate layers of soft and hard metal.

GUEST TO HAVE SPECIAL TRAIN

JAPANESE MAKE ELABORATE PREPARATIONS FOR RECEPTION TO BE GIVEN PRINCE OF WALES THIS SPRING.

(By Clarence Dubose United Press Staff Correspondent.)

TOKIO, Feb. 6.—A special railroad train, which cost about 400,000 yen, or \$200,000, has just been completed for the use of the Prince of Wales in Japan.

The heir to the British throne is expected to land at Yokohama April 15, to return the visit made to England by Crown Prince Hirohito.

Hirohito, now Regent and acting emperor, will meet the Prince of Wales personally. Hirohito's personal admiration of the Prince of Wales has been made very clear in various ways.

Hundreds of thousands of British flags have been distributed throughout Japan, in preparation of the visit of the Prince of Wales. In every school the children have been taught to sing "God Save the King." They will line the railroad tracks and streets to hail the distinguished guest everywhere he goes.

An elaborate variety of entertainments and court functions have been arranged under the direction of the Imperial Household department. Among other things a picked company of the most famous actors in the empire—a sort of all star cast de-luxe—will present for the Prince of Wales a special performance of "The Forty-seven Ronin." This is the most popular classic of the Japanese stage—the exciting story of the adventures of forty-seven feudal fighters. It ends rather gloomily. The forty-seven commit hara-kiri, or suicide, but possibly that detail will be omitted.

The Prince of Wales will live, while here, at the Akasaka Palace, the Japanese Crown Prince's special palace and one of the finest in Japan.

NATIONS TO CARRY ON

President Invites Powers To Future Conferences To Further Cause of World Peace—Naval Holiday Will Not End Move.

(United Press Staff Correspondent.)

WASHINGTON, Feb. 6.—Five treaties, the memorable product of the Washington arms conference, were signed today with typical American simplicity. Delegations filed to the central table and carefully affixed signatures to such treaties as concerned them, to which they had become signatories through the deliberations and decisions of the conference, then filed back to their places.

President Harding, following the signing ceremonies, addressed the gathering, bidding the delegates God-speed and adding his benedictions to the noble work done. Following Harding's address, the conference adjourned sine die.

Suggests More Conferences

President Harding's closing address to the arms conference was taken as an invitation to future conferences of nations to carry on the work started by the present conference. It was generally accepted as an invitation to nations attending the present conference to become partners in an association of nations for the preservation of world peace.

The address followed the signing of the treaties. The president predicted that the work started here will not end with the expiration of the naval holiday. The "torches of understanding which have been lighted at this conference, should glow and encircle the globe," he concluded.

SISTERS MAN SHOOTS SELF

CHRISTIAN HANSON, AGED 80, PLACES SHOTGUN TO BREAST AND PULLS TRIGGER—SUICIDE VERDICT GIVEN.

Christian Hanson, aged 80 years, resident on the Metolius river 14 miles from Sisters, placed the muzzle of a shotgun to his chest late yesterday afternoon and pulled the trigger with a string attached to his foot. Death was instantaneous. A verdict of suicide was returned by a jury drawn by Acting Coroner C. N. Sorenson.

No note to indicate the reasons prompting Hanson's act, was found. The old man had been in rather poor health and had been out of his mind at intervals recently, according to reports.

The suicide occurred at the home of Hanson's daughter, Mrs. Martin Hanson, where the father had been making his home.
