**SCENES IN "THE DECEIVER" TAKEN IN AND NEAR BEND**

Scenes taken in and near Bend will be seen in "The Deceiver," which comes to the Liberty theater Friday and Saturday nights. Local people took some of the minor parts, among them Frank R. Prince and Bob Blackwell.

"The Deceiver" is the story of one Ivan Barnett, an ambitious man who is willing to sacrifice everything, including honor, in order to further his own interests. He is employed by a lumber company in the great north-woods and conceives the idea of instigating a strike among the men, which he proposes to turn to his own benefit. When the men are ready

to strike he goes to the heads of the company and tells them if they will give him power and money he will prevent the strike. They accede to his demands and he is successful in preventing the strike, telling the men he has taken the position in order to help them. He soon shows his true colors by double crossing them and seeks to install himself still further in the good graces of his employers. He deserts his sweet-heart as not being good enough to share his new station in life and seeks to win the hand of his employer's daughter. How his desires are frustrated and how he is shorn of his power and made to realize the truth of the fact that no man can build success on the grave of his own honor forms the basis of a remarkable photoplay.

**LEGION BOWLERS WIN FROM PLANT**

Bowlers representing Percy A. Stevens Post No. 4, American Legion, won last night from the Brooks-Scanlon plant team on the Legion alleys. Bushong of Brooks-Scanlon made a score of 534 for three games, and 194 for a single game.

**HIGH RATE ON MAIL OPPOSED**

**FOREIGNERS IN JAPAN HARD HIT BY DOUBLING OF CHARGE — EXPORTERS AND IMPORTERS PROTEST.**

By Clarence Dubose  
(United Press Staff Correspondent.)

TOKIO, Feb. 9.—Foreigners in Japan are holding grinchfaces over the stiff boost in outgoing mail rates which recently became effective.

Postage was doubled on all foreign mail leaving Japan after January 1. Exports and importers have filed formal protests and some of the trade journals have complained that Japan's already languishing foreign trade will get another jolt because of these new rates.

They contend that the sending of trade catalogues, samples of materials and trade stimulation literature and letters will be discouraged because of the steep postage "overhead."

The minimum regular-letter postage to the United States or other foreign countries is now twenty sen, or ten cents. This is twice the rate from the United States to Japan.

The postal authorities point to the authorization or agreement of the Madrid international postal convention last year for the postage increase. They express the utmost regret for any unfavorable foreign trade reaction that may result—but vigorously deny that such an outcome is probable.
