

SEND BIG HAY TONNAGE FROM COUNTY FARMS

ASSOCIATION'S PRICE IS \$12
ONLY SURPLUS GOES

Plenty Left in County For Stockmen—Deschutes County Product Brings Highest Price in Portland Market, Reported.

Showing the benefit derived by Deschutes county farmers from the county organization perfected by the Oregon Hay Growers association, no less than 1800 tons of hay have been contracted at a price of \$12 on cars, it was learned this afternoon from D. L. Jamison, county agriculturist, in Bend today on his weekly visit from headquarters at Redmond. Of the total contracted, 600 tons has already been shipped, he said.

Of the \$12 price, not to exceed one dollar goes for association charges. As a matter of fact, according to E. E. Butler, of the Grange hall district, county organizer, the average cost has been between 70 and 80 cents a ton.

Deschutes Hay Favored
A sufficient amount of hay is being retained in the county to take care of the needs of cattle and sheepmen who are having to feed during the winter, the shipments being made representing only a part of the county's surplus. At that, members of the association cannot help contrasting the prices they are now receiving with the \$5 to \$7 a ton which was the best many expected early in the fall.

The association has been placing large orders of Deschutes county hay in the Portland market recently at an f. o. b. cars price of \$12, regardless of the fact that Yakima hay with a favorable freight differential of \$2 per ton is being offered at \$8 and \$9 on the same basis, while Herten-ton hay is going at \$10.50.

Throughout the afternoon, beginning at 1:30 o'clock, streams of confident appearing ex-service men went filing into the examination room at the Pilot Butte Inn, where Captain H. C. Dadds conducted a medical examination such as few newly enlisted men ever faced in the early days of the war.

Prisoners Well Guarded
Next the candidate was fitted with a "P. G." sign, meaning "prisonnier de guerre," and loaded with some 15 comrades in the miniature boxcar, bound on a precarious journey to the American Legion building, closely guarded by M. Connolly and Roy Van Vleet.

They were marched into the building, from which came intermittently the sound of heavy artillery, machine gun and small arms fire, and other warlike noises. Further than this, the mysteries of the order were carefully guarded from the public.

Each member, on finishing the initiation, donned the gray-blue uniform cap of the order and the medal and American Legion button attachment. After that, he helped initiate those who came next.

GOOD SHOOTING GIVES VICTORY

GAME OF CLOSE GUARDING WON BY BEND HIGH QUINTET—ORRELL AND JOHNSON CLEVER IN SCORING BASKETS.

Phenomenal shooting on the part of Orrell and Johnson of the Bend high school quintet, which triumphed over the close guarding of the Prineville team, was responsible for the 24 to 19 victory gained last night by the local school. That the game was exceedingly close was shown in the score at the end of the first half, 12 to 10 for Bend. At no time, however, did Prineville have the lead.

The guarding on both sides was so fast that for over five minutes after the game began, neither team scored. Finally Orrell shot a basket from somewhere near the center ring, and a minute later repeated the trick. Johnson converted a foul and Orrell scored his third basket before Smith, Prineville's reputed star forward, was able to get his lone basket of the game.

Johnson threw another foul and he and Orrell each secured another long distance score, while Roberts and Almaek of Prineville each got two of the same description toward the end of the first half.

Norcott took the first basket in the second half, and Jacobs of Prineville the next. Then after a period of hard "wrestling," the Bend team managed to get its collective eye in the basket and the score was boosted to 22, Orrell and Kohfeld each getting a basket and Johnson two. Roberts of Prineville scored twice more, and Norcott of Bend took the final basket.

The teams: Bend—forwards, Orrell (10), Johnson (8); center, Norcott (4); guards, Claypool, Kohfeld (2); Prineville—forwards, Smith (2), Almaek (4); center, Roberts (8); guards, Jacobs (2), Wright, Referee, L. Coyner.

JEALOUS RIVAL CAUSED DEATH IS NOW THEORY

MANY WILD CLUES IN TAYLOR MURDER
POLICE ARE BLOCKED

Hope For Immediate Arrest Goes Glimmering—Witnesses Unreliable, And Evidence Is Vanishing, Operatives Report.

(By United Press to The Bend Bulletin.)
LOS ANGELES, Feb. 11.—The following points in the Taylor murder mystery are now directing the efforts of the district attorney's office: The slayer is now believed to be the mysterious figure seen leaving the dead director's home on the night of the murder; the instigator is believed to be a wealthy jealous rival of Taylor's, now under constant surveillance; the motive, thought at first to be blackmail, is now considered as more probably jealousy.

Many wild clues continue to be given the police, all of which are being investigated painstakingly.

Search Warrants Taken
Hope of an immediate arrest in the Taylor murder mystery was apparently shattered today upon receipt of a telephone report from field operatives to the district attorney's office that steps toward arresting the main suspect will be impractical now, due to unreliable witnesses and vanishing evidence.

Detectives left this morning with search warrants, their destination a secret.

HOOD RIVER GIRL SINGER IN COMEDY

Miss Dorothy Rand Coming As Lead In "The Land of Happiness"—40 et 8 To Be Entertained.

Miss Dorothy Rand of Hood River, a cousin of Miss Laura Rand, music teacher in the Bend public schools, will play the leading part in "The Land of Happiness," which appears at the American Legion building next Wednesday and Thursday. Miss Rand has played the part previously, and adds a pleasing stage personality to a singing voice which is equal to the heavy musical numbers which she is required to handle during the comedy. She is studying music under Tagleir of Portland. She will arrive in Bend Tuesday morning.

Members of "The Land of Happiness" cast will be the chief entertainers tonight at the 40 et 8 banquet and dance at the Pilot Butte Inn. A number of the dances and songs as well as some of the comedy situations will be enacted for the benefit of the members of the boxcar order and their friends.

Last night's rehearsal revealed that the members of the company are reaching a perfection in their parts equal to any professional troupe. Large posters advertising the affair were distributed today. The ticket sale is such as to forecast capacity audiences at both performances, the managers say.

HOSPITAL HERE IS FAVORED BY STATE SOCIETY

TUBERCULOSIS MEET HELD
SITE HERE PROPOSED

Number of Patients Coming Now Carries Weight—Early Construction Is Predicted—Mrs. A. H. Oliver Praised For Work.

Deschutes county was distinctly favored as the site of a proposed state tuberculosis hospital to be built within a few years, at the meeting of the state tuberculosis association at Portland this week, reports Rev. J. Edgar Purdy, who returned this morning after attending the meeting as a delegate from the Deschutes county public health association. The Salem hospital will be insufficient for the number of patients in a short time, and new facilities will undoubtedly be provided.

The number of patients now coming to Deschutes county was given much weight in the discussion of the proposed new hospital. While the decision on the location of the hospital will rest with the legislature and the state health department, the tuberculosis association's recommendation in the matter will carry much weight. Sentiment was strong for a location at Bend, said Rev. Purdy.

Seal Sale Praised
Deschutes county's seal sale was the most successful in the state, it was brought out, and Mrs. A. H. Oliver, chairman of the committee in charge, was given much credit for her work in organizing the sale.

There are now between 8,000 and 10,000 developed cases of tuberculosis in Oregon, it was shown, and over half are in Portland, according to the report.
