

You Set Your Own Price In The Final Clean-Up of Our Used Car Sale!

This Is The Fairest Proposition Ever Offered In The Automobile Business!

The only question that remains to be answered is "DO YOU WANT A CAR?" If you do the road is clear.

All we ask is that you be as fair with us as we are with you.

Only because of the tremendous success of this sale is it possible for us to make you an offer like this. The wonderful results of this sale has meant a volume of business to us, both in new and used cars, far in excess of our wildest anticipations. It is not our business policy to make a profit on used cars. Our profit comes through the volume of sales of new cars. We only handle used cars as an accommodation to our patrons. In other words, we act as the middleman between the buyer and seller of used cars, without exacting a commission for our services.

When we started this sale we said we would sell every used car we had on our floor at that time—and we meant it. We have sold all of them but three touring cars and two trucks, and these we will sell before the sale closes Monday night. Namely, the cars are:

One BUICK SIX, newly painted and overhauled; in A-1 condition; bumper, spotlight, five good cord tires, etc.; this car was first priced at..... **\$1090**

One HAYNES SIX; in perfect mechanical condition; started at **\$1300**

One OLDSMOBILE EIGHT, first class condition, that started at **\$840**

One WILLYS UTILITY TRUCK; it was first priced at **\$390**

One OVERLAND TRUCK; price was first started at **\$240**

Every one of these cars are worth these prices, but if they won't move at these prices we will sell them at a price that will move them. Now, if any of these cars fit your needs, and you really want to deal, call and make us an offer. We will accept anything in reason.

Sunday and Monday Only!

As we said before, we have sold a number of new cars the past two weeks and have taken in several more used cars. These cars we are going to price so low

For These Two Days Only

that you just can't resist the temptation. They are as follows:

One FIVE PASSENGER VELIE; priced for Sunday and Monday only at..... **\$500**
